

# GIRL SCOUT CHIEF WILL HOLD LOCAL TRAINING CLASSES

Mrs. Mary Jane Littlefield, representative of the Girl Scout national staff on the Pacific coast, will be in Medford December 6, 7 and 8. She will meet with the local Girl Scout

Mary Jane Littlefield.

council Thursday morning at 10:30 at the scout headquarters. All members of the council are urged to attend the special meeting.

Mrs. Littlefield will conduct two evening training classes for all scout captains, lieutenant and adults interested in scouting. The meetings are scheduled for December 6, at 7:30, in the scout headquarters, 509 East Main street, and December 7, at 7:30, at the courthouse auditorium. Every scout leader is urged to take advantage of these training classes.

Mrs. Littlefield began her career in scouting as director of the local work in Montclair, N. J., where she also directed the Girl Scout camp for some years. In 1933 she joined the staff of national headquarters, New York, and was assigned to the "Big Tree region," which includes California, Washington, Oregon and Nevada.

A naturalist and specialist on farms, Mrs. Littlefield has done much to enrich the Girl Scout nature program both locally and nationally. Her training as a leader was secured at the national leaders' camp, Briercliff Manor, N. Y., and also at Foxlease, the Girl Scout training school, Hampshire, England.

The instinct for outdoor life which everyone knows at some time is as natural as thirst and hunger, and as easily satisfied, if one knows how, according to Mrs. Littlefield.

"Nature seems a miser," said she. "To those who don't know her, but actually a prodigal to those who do, and the easiest way to know her is to camp."

At least two weeks' camping in summer and a half dozen whole-day hikes during the year is the minimum of outdoor living which the Girl Scouts would like every member of the organization to get, Mrs. Littlefield explained. And she claimed that there was no season of the year and no phenomenon of any season for which a real Girl Scout was unprepared.

# HEAR ARGUMENTS IN DAMAGE CASE

Closing arguments were underway this morning in circuit court, in the damage suit of Mrs. Nettie Barnburg against Jonas T. Davis, for \$10,000 for injuries allegedly received in an auto accident at the intersection of Sixth street and Central avenue, 18 months ago.

Negligence was charged to Davis in driving his auto, resulting in the plaintiff, accompanied by her husband, the late John Barnburg, being knocked to the pavement, while crossing the street.

A considerable portion of the testimony yesterday was given by medical witnesses.

Davis holds that he was driving his auto in traffic on Central avenue, at a slow pace, and that he first saw the plaintiff when but seven or eight feet away, and stopped at once. He further claimed his vision was partially obscured by lights of other autos, traffic, the rain, and the fact that plaintiff was carrying an umbrella.

# FOOT SPECIALIST COMING THURSDAY

Representing Dr. Scholl, famous foot specialist of Chicago, Dr. W. Hershberger will be at the shoe department in the M. M. store all day Thursday, December 6, offering free consultation with southern Oregon people who are suffering from foot ailments. During this special event Dr. Hershberger will give advice as to the size and style of shoe for each individual to wear in order to get the utmost comfort and appearance.

The visiting foot expert will make free pedo-graph prints of afflicted feet to indicate the various troubles where symptoms appear on the sole of the foot. Dr. Scholl's pedo-graph is used in scientific shoe fitting methods, simplifying the selection of proper style, size and width footwear.

In the past a great deal of interest has been shown in Dr. Scholl's clinics, and it is anticipated that a large number of persons will again take advantage of the service this year, according to C. A. Meeker.

Today is free balloon day for all kiddies who visit the M. M. Department store, accompanied by their parents. Double S. & H. green trading stamps are also being given with all purchases made today at the M. M.

# STRINGER TAKEN TO STATE PENITENTIARY

Glenn Stringer, local youth sentenced to serve three and one-half years in state prison, upon his guilty plea to burglarizing Mann's Department store last October, was taken to Salem yesterday by the sheriff's office. Stringer's three admitted companions in the crime were granted suspended sentences by the court.

Stringer served two previous sentences in state prison and was granted paroles in each case. He was warned that a fourth conviction of a felony would list him under the habitual criminal act with life imprisonment as a mandatory penalty.

Redskins Best Potato Diggers, PORT FAIRFIELD, Me. — (UP) — The white race can't begin to compete with the Indian when it comes to potato-digging, many an Aroostook county farmer believes. The Nightingale Seed company, local potato farm, employs only Redskins, who consider potato-digging more of a contest than a daily grind.

# City's Merchants Are Grateful For Opening Turnout

W. F. Isaacs, chairman, retail trade committee, Jackson County Chamber of Commerce, made the following statement this morning:

"The merchants of the city certainly appreciate the splendid turnout at the Christmas opening Monday night. I believe there was more people on the streets at this opening than we have seen for a number of years.

"With such a crowd it was quite a task for those in charge to control it, but I feel sure our citizens enjoyed themselves, especially the youngsters. The merchants are very grateful for the fine turnout which welcomed our 1934 Christmas opening."

# CANDLE LIGHT SALE BY HUMANE SOCIETY ON FRIDAY, SATURDAY

The Jackson County Humane society will hold another candle-light sale on Friday and Saturday, December 7 and 8, in the Hotel Holland building at the corner of Fir and Sixth streets.

A call for clothing, costume jewelry, household articles, china and any other pieces suitable for sale, was issued today by those in charge.

The co-operation of all residents of Medford and the valley is needed by the society, as funds from state, county or city have not been obtained for four years, making it imperative that the society finance its own work, members of the organization pointed out.

The benefits of the candle-light sale each year are two-fold, in that the money obtained goes to a good cause, and the garments offered at greatly reduced prices often aid people in making up their fall wardrobes who otherwise would be forced to seek them through relief channels. They ought to know -

MANY men of the South have been "in tobacco" for years—growing tobacco and curing it—buying it and selling it—until they know tobacco from A to Izzard.

Now folks who have been in tobacco all their lives, folks who grow it, know there is no substitute for mild ripe tobacco.

And down in the South where they grow tobacco and where they ought to know something about it—in most places Chesterfield is the largest-selling cigarette.

Harvesting tobacco and packing it in the barn for curing—and (below) a scene at a Southern tobacco auction.
