

METHODIST EPISCOPAL SCHOOL HAS APPROVAL

SALEM, Dec. 7.—(AP)—Methodist Episcopal church officials here today voted in favor of the construction of the first unit of a church school building to cost \$36,000. Approximately \$16,700 of the amount was said to already have been pledged. The proposed building will cover an area of 50 by 100 feet and would be two stories high.

ST. PAUL, Dec. 7.—(AP)—The physical training of a boxer will be part of the routine for his deputies when Thomas J. (Tommy) Gibbons of St. Paul, former heavyweight fighter, takes office January 7 as Ramsey county sheriff. Three hours a week of physical education will be only one of many new ideas introduced by the man who once fought Jack Dempsey for the heavyweight crown.

GIBBONS WILL TRAIN DEPUTIES USE DUKES

Huns Over Dog—John A. Anderson, 64, of Central Point, reported to city police that his car ran over and killed a dog Thursday on North Riverside.

THREE WORKERS KILLED IN WEEK OF INDUSTRY
SALEM, Dec. 7.—(AP)—Three Oregon workers were killed the past week, the state industrial accident commission reported today. The report listed 434 accidents. The dead were: Henry Brandt, Portland longshoreman; Lionel S. Baker, Willark engineer, and John L. Williams, Portland lineman.

REPORTED TODAY. The report listed 434 accidents. The dead were: Henry Brandt, Portland longshoreman; Lionel S. Baker, Willark engineer, and John L. Williams, Portland lineman.

MILLION DOLLARS FOR FOREST ROAD WORK NEXT YEAR

Continuation of Program Already Started Is Plan—Stuart and Sons Get Two State Highway Jobs

PORTLAND, Dec. 7.—(AP)—Expenditure of nearly \$1,000,000 will be made on forest roads during the next year, it was announced here last night by W. H. Lynch, chief of the bureau of public roads, following the meeting of the state highway commission.

A tentative program for the use of these funds derived from the federal government under regular appropriation will be outlined at the next session of the commission, December 20. Lynch stated, however, that the work will be a continuation of the program already started so the allocation will not be a difficult matter.

Plan Crossings Elimination. The highway commission authorized immediate surveys for grade crossing work for which money will be expended by the national government. If present plans for a large highway safety appropriation are carried out, Oregon's schedule has already been submitted, but additional bids will be secured so no time will be lost when funds are available. Lynch declared that if the next congress makes the money available for grade crossing elimination the work would have to be started within 90 days.

The highway commission awarded contracts for which bids were opened yesterday to the low bidders through-out.

Stuart Get Two Jobs. R. I. Stuart & Sons of Medford was awarded the Mt. Wheeler and Roseburg paving jobs at \$12,150 and \$26,914 respectively. The Douglas county coast project went to Haskin & Brooks Construction Co., of La-Center, Wash., for \$40,384. Averitt & Pollock of Portland was awarded the Polk county bridge at \$21,153.60 and the Newport Construction company was granted the Pendleton-Cold Springs job at \$30,571.

WOMEN ENDURERS IN AIR FOR WEEK

OKLAHOMA CITY, Dec. 7.—(AP)—Jean La Bode and Henrietta Sumner, women endurance fliers, who this afternoon will have passed a week in the air, drifted more than 200 miles south of here overnight, airport officials were informed today.

The refueling plane was sent to Dallas, Tex., in an effort to transfer more gasoline to ship to prevent its being forced down. The cabin of the endurance ship, in which the women have been aloft since 4:42 p.m. (central standard time) November 30, had a hole in the roof, the result of a violent contact with one wheel of the refueling plane last night.

OREGON SET FOR BIG PWA PROGRAM

PORTLAND, Dec. 7.—(AP)—Oregon will be ready for a quick start if and when congress puts through another big public works program. This was the word brought back from Washington, D. C., by C. C. Hockley, Oregon PWA engineer. There are 20 Oregon projects ready for an immediate start, and 30 more are being worked on.

"Our communities should have every possible project ready," Hockley said, "for congress speed will be a factor, I am sure, in getting speedy approval in this new program that all the officials seem to expect."

ALABAMA'S TO TASTE STANFORD FORMATIONS

UNIVERSITY, Ala., Dec. 7.—(AP)—Alabama's Crimson Tide varsity marked time today as a third team and the freshman squad practiced Stanford formations to spring on them next week when "rough" work is started in preparation for Alabama's game against Stanford in the Rose bowl New Year's day.

After today's holiday, the Tidemen will run through third signal drill Saturday. Coach Frank Thomas has warned his team to expect no letup after Sunday until they leave for California December 21.

PARIS.—(UP)—A solution to the problem of the over-production of French wine this year has just been offered by Jean Morrison, of the Charente general council, who proposed that the soldiers' wine rations be doubled.

"An excellent idea," said another member of the council who raises chickens, "but what about doubling the rations of eggs used by the French army?"

No reply was forthcoming, although the government recently adopted a proposal to give soldiers more milk.

Hot Water Facilities Lacking. WASHINGTON.—(UP)—A survey made by the department of commerce shows that 75 per cent of the homes in America have no running hot water facilities.

CROWDS! .. EVIDENCE OF GREAT CHRISTMAS VALUES
