Invitation for Bids
Butte Falls Water System.
Butte Falls, Oregon.

Sealed bids will be received at the office of Neff & Frohnmayer, Cooley-Theatre Building, Medford, Oregon, until 9:30 o'clock a. m., on the 19th day of December, 1934, for the furnishing of labor and materials for constructing improvemets to the water system at the Town of Butte Falls, Oregon, and will be publicly opened and read at said hour, date and place. Separate proposals are required, as indicated by the proposal sheets furnished by the Town, for (a) furnishing of the material, and (b) the installation of the material.

The project is to be paid for in whole or in part out of funds furnished by the United States Government, and all work and material must be performed and-or furnished in accordance with the rules prescribed by the President and the policies adopted by the Government to carry out the purposes which control the administration of the National Industrial Recovery Act.

No bid will be considered unless accompanied by the bidder's Certificate of Compliance, U. S. Government Form PWA 61, Revised March, 1934, to the effect that the bidder is complying with, and will continue to comply with, each applicable code of fair competition, or, in the absence of such code or codes, with the President's Reemployment Agreement. Copies of this certificate will be included with the instructions to Bidders.

Attention is called to the fact that not less than the minimum rates prescribed by the Federal Emergency Administration of Public Works must be paid on this project. These rates must be net after all authorized or permissible deductions provided for in Oregon Workmen's Compensation Law have been made.

The United States Reemployment Director has designated an agency at Medford, Oregon, to furnish employment lists for this work.

Plans, Specifications, Instructions to Bidders, Federal Construction Regulations, General Provisions, Special Provisions, and other contract documents are on file for examination at the office of the Recorder of the Town of Butte Falls, Oregon. Copies of these documents may be obtained upon application to, and by the deposit of the sum of Five ($5.00) per set with said D. T. McDonough, Engineer, City Hall, Medford, Oregon. The deposit will be refunded upon return in good condition of the said documents.

Bidder's proposal must be accompanied by a certified check or a bidder's bond in an amount equal to 5% of the total amount of the proposal as a guarantee of the execution of the contract and the furnishing of the required bonds in case the contract is awarded to the bidder.

Acceptance of the proposal or proposals and the awarding of the contract or contracts are conditional upon satisfactory assurance that the Town of Butte Falls will be able to secure from the Federal Emergency Administration of Public Works the money necessary to finance the project.

The right is reserved to reject any and-or all proposals or to accept such proposals as are to the best interests of the Town.

TOWN OF BUTTE FALLS, OREGON
By O. M. GOSS, Mayor.
By J. S. SMITH, Recorder.

PROCLAMATION

WHEREAS, by Ordinance of the City Council of the City of Medford, Oregon, there was duly submitted to the legal voters of said City at the special city election duly held in and for said City on the 4th day of December, 1934, a charter amendment amending the Charter of the City of Medford, by adding thereto a new section to be known as Section 72-J, said amendment being as follows, to-wit:

SECTION 72-J.

Sec. 1. The City of Medford hereby is authorized and empowered to construct, build, equip, own, acquire, within or without the corporate limits of the City of Medford, Oregon, in whole or in part, a sewage treatment and disposal plant, and the facilities thereof, and to provide a sanitary means of disposing of the sewage of said City, with all appurtenances necessary, useful, or convenient for the treatment and disposal of sewage for the use and benefit of the inhabitants of said City and to acquire rights of way, easements, personal property and real property within and without the said boundaries for the purposes, necessities, uses and convience of said City in securing an adequate and sufficient sewage disposal plant to be owned, operated and maintained by said City for the purpose of sewage disposal and treatment of sewage of said City and its inhabitants, and for the purpose of providing funds therefor, the Council of said City is hereby authorized and empowered to issue and sell bonds of said City in the sum not to exceed One Hundred Thousand ($100,000.00) Dollars, notwithstanding any debt limitation or restriction now contained or provided in or by the Charter of the said City or any amendment thereof. The debt limitations or restrictions contained in or provided by the Charter of said City or any amendment thereof limiting or restricting the total indebtedness of the said City may incur or any provision of said Charter or amendment of said Charter regulating the issuance or sale of bonds shall not apply to the bonds hereby authorized or the indebtedness created by the issuance of such bonds.

Sec. 2. The bonds hereinbefore authorized shall be known as "Sewage Disposal Bonds." The Council may determine the maturities, form and tenor of said bonds, provided, however, that such bonds shall be serial in character in accordance with any provisions of law or the Charter of the City of Medford now, or which may hereafter be in effect, and shall be payable in not to exceed thirty (30) years from the date of issuance thereof. Said bonds shall be sold at a price to net not less than the par value thereof with accrued interest and shall bear interest at not to exceed 4% per annum payable semi-annually. Such bonds shall provide for the payment of principal and interest thereon from service charges to be imposed by the Council for the services to be extended through the employment and use of said sewage treatment and disposal plant facilities.

Sec. 3. The Council shall have, and hereby is granted power and authority to establish just and equitable rates or charges to be paid for the use of such sewage disposal plant facilities, by each person, firm or corporation whose premises are served thereby, or upon subsequent services thereto and said rates or charges shall at all times be sufficient to service any bonds issued hereunder and to create a reasonable reserve. The Council may provide for the collection of such charges or rates by charges against each water user from the water system of the City of Medford having sewage connections, a monthly charge or rate in addition to the charges for the sale or use of water from said water system. Such monthly charges shall be collected from and paid by each water user having sewer connection to the water from said water system. Such monthly charges shall be collected from and paid by each water user having sewer connection to the water commission of the City of Medford, with the rates or charges fixed by it for the use of water and paid over by said commission to the City Treasurer. In lieu of, or in addition to the manner of collecting such charges as hereinbefore provided, the Council may adopt any other manner or method of collecting the same, and make all necessary rules and regulations for the use of said sewage disposal facilities and for the collection of the rates or charges for the use thereof. Such portion of the revenue from such service charges or rates as the Council shall deem sufficient, shall be set aside as a sinking fund for the payment of the interest on said sewage disposal bonds, and the principal thereof at maturity, and the Council may provide by contract with the holder of such bonds, that the surplus earnings, if any, be used to retire such bonds in inverse order of maturity. The sum so determined to be set aside as a sinking fund shall constitute a first charge upon the gross revenues received superior to all other charges including the cost of maintenance and operation. The Council shall have power and hereby is authorized to provide by ordinance for the enforcement of collection of charges or rates for the use of such sewage disposal facilities in the manner and as provided by Ch. 289 Oregon Laws 1933, or in such other manner as may be permitted by the Charter of the City of Medford or laws of the State of Oregon.

Sec. 4. In addition to the powers and authority hereinbefore and hereinafter granted, the City of Medford is hereby granted authority to carry into effect this amendment and charter provision, and to operate and maintain such sewage treatment and disposal plant and is hereby vested with the powers granted by the Act of the Legislative Assembly of the State of Oregon known as Chapter 289 Oregon Laws 1933. The Council of said City of Medford is hereby authorized to do any and all things necessary, proper and convenient to effect the purposes hereof, and the City of Medford shall have authority to acquire by gift, grant, purchase or condemnation, necessary lands and rights of way for the erection, construction and operation of said sewage disposal plant either within or without the corporate limits of the City of Medford and for the purpose of acquiring property for the uses herein mentioned, the City of Medford may invoke and shall have all rights, powers and privileges granted to public corporations under the provisions of existing or future laws pertaining to this subject.

Sec. 5. The proceeds from the sale of such bonds shall be placed by the City Treasurer in a special fund to be known as the "Medford Sewage Disposal Construction Fund" and shall be used for no other purpose than constructing and providing for said City a sewage plant and facilities for the disposal and treatment of sewage and to acquire easements, rights of way, real and personal property and equipment therefor, and for legal and engineering expense in connection therewith.

Sec. 6. The City of Medford may pay monthly into the said sinking fund such amount as the Council shall determine reasonable in compensation for services and facilities afforded and benefits received by said City from said sewage disposal plant for municipal uses and purposes.

Sec. 7. The Council is hereby authorized to adopt plans and specification for such sewage disposal plant and to estimate the cost of such plant and to enter into such contracts as shall be necessary and proper to construct such plant and to do any and all acts and things necessary or requisite to be done to that end and to order the cost and expenses thereof to be paid from the said construction fund.

Sec. 8. The Council is hereby empowered to have and exercise all of the powers and authority hereby vested in it by this Charter Amendment, and any additional power and authority granted to it by Chapter 289 Oregon Laws 1933 as amended by Chapter 18 Oregon Laws 1933 (Second Special Session) and said Council is further authorized and empowered on behalf of said City to apply for and obtain such Federal aid, grants, funds, and-or loan to finance the cost of said plant or to facilitate the sale or disposition of said bonds as may be available or obtainable for the purposes specified in this Charter Amendment, or said Act of the Legislature, in accordance with an act of Congress of the United States, passed June 13, 1933, entitled:

"An Act to encourage National Industrial Recovery, to foster fair competition, and to provide for the construction of certain useful public works and for other purposes."

or any other act or acts of Congress providing for any such aid, grants, funds, or loans, heretofore or hereafter enacted, and to enter into such agreements on behalf of the City of Medford with any such governmental agency as may be required to secure such aid, grant, funds or loan.

AND WHEREAS, the Council of said City has in my presence, on the 5th day of December, 1934, duly canvassed the returns of said election and it has been determined thereby that the total number of votes cast at said election was 1016; that the total number of votes cast in favor of said charter amendment above referred to was 797 and that the total number of votes cast against the same was 219.

And it further appearing that the above charter amendment received an affirmative majority of all the votes cast in said election.

NOW, THEREFORE, by virtue of the power and authority in me as Mayor of the City of Medford, Oregon, I, Geo. W. Porter, do hereby issue this Proclamation to the people of said City and do hereby declare that the votes cast in favor of and against said amendment was as above set forth, and that said measure received an affirmative majority of all the votes cast at said election, and I do hereby declare the above charter amendment to be in full force and effect in said City from and after the publication of this proclamation as required by law.

GEO. W. PORTER, Mayor.

Dated at Medford, Oregon, this 6th day of December, 1934.
Attest: M. L. ALFORD, Recorder.

Provolt

PROVOLT, Dec. 10.—(Spl.)—Provolt Community club met Nov. 30, at the community hall. Plans for the Christmas party to be held Christmas eve at the hall were discussed. A school program under direction of Mrs. Doris Cooper will be given and there will be a Christmas tree with gifts and candy. Preparations are being made for 64 children.

A bazaar was held at the hall in connection with the meeting of the club last Friday night. Proceeds will be used to furnish candy for the Christmas party. The following program was given: Guitar music, Terry Roberts; readings, Venus Letteken, Louise Bowden, Mrs. Elrey Stone; mandolin solo, Carol Richardson, vocal duet, Marian Roberts and Mazine Hill.

Mrs. Lou Hansen was named secretary and treasurer to fill the place of Lester Hill who resigned. Tentative plans were made for the annual "turkey shoot" to be held at Provolt the Sunday preceding Christmas. Lou Hansen, president of the club, will be in charge of arrangements.

Provolt Stitch and Chatter club met Dec. 6, with Mrs. Fayette Bristol. Seventeen attended. Including two guests from the Williams Ladies' club, Mrs. James Pinninger and Mrs. George Cougle. Members of the club will meet at the hall Dec 13, to decorate for the bazaar and candy sale to be held the following night. Mrs. L. B. Holbrook, who recently moved to the community, was made a member.

Mr. and Mrs. Charles Marin of Portland were guests at the lime plant last Sunday. Mr. Marin is the salesman for the Portland area.

Mrs. Cora Williams of Murphy is visiting her son, Roy Williams, and Mrs. Williams. She was called by the serious illness of the Williams' seven-months-old daughter, Mildred. Her condition is much improved at this time.

Four groups of the Shippey family arrived by motor from Oklahoma this week and are living at the Oscar A. Johnson place. They expect to locate in this section.

STREAMLINE TOYS FILL SANTA'S BAG THIS CHRISTMAS

NEW YORK—(UP)—Santa Claus, 1934 style, is still a roly-poly old gentleman, but his pack is bulging with streamlined toys. It's the biggest pack since the depression. Advance orders forecast a $200,000,000 year in retail toy sales, a 10 per cent increase over last year. Prices are low because American manufacturers have absorbed most of the increased costs under NRA. There is a 50 per cent increase in new toy designs, stimulated by the design protection guarantee under the toy code.

The revival of industry is forecast by a record crop of industrial toys, featuring every trade from cement mixing to weaving. Everything from baby walkers and doll carriages to trains are streamlined.

The new streamlined wheel toys are setting up new speed records too. The toy autos zoom around the playroom floor covering 100 feet a minute. The new streamline trains cover 200 miles an hour, to scale, of course.

The 1934 toy world is the brightest on record, too. Many of the wheel toys have floodlights. Doll houses have electric door bells. There are electric stoves, electric irons, and even an electric eye for playroom use.

Santa Claus is catering to business men this year. There is a new toy loom that exactly reproduces the action of grownup models. Carpentry sets have been simplified for tiny hands. Sponge rubber, felt and lithograph sets and midget sewing machines produce useful articles for home consumption.

PARALYZED BOY LEARNS TO TALK

OMAHA, Neb.—(UP)—Voluntary instruction by two Omaha speech-education teachers has enabled Billy Coleman, nine-year-old paralytic, to speak for the first time.

Stricken with infantile paralysis when he was 11 months old, Billy was unable to get about by himself and his handicap was made greater by his inability to speak.

Although he received the finest treatment at the municipal hospital, his vocal sense did not respond to treatment until he was placed in the care of Miss Alice Lilpegren, speech education supervisor of the Omaha public schools, and Miss Ebba Jackson of the speech education department.

When Billy first came to the attention of the teachers he was unable to move his tongue, lower his jaw or close his lips. He was deficient in 37 of the 40 sounds used in normal speech.

Billy's first lesson was to learn to say "ah," according to Miss Lilpegren. She let Billy touch her throat, face and mouth as she enunciated the simple syllable. Since his hearing was normal she also instructed him in the position of the tongue in making the sound.

Through his grim determination to learn to speak and a power of concentration which Miss Lilpegren said was unequalled, Billy now speaks almost normally.

COLORED PEOPLE PLAN HOSPITAL

CLEVELAND.—(UP)—A plan for hospitalization of the Negro race in America is being launched here by the Rev. Amos H. Carnegie, New York, who proposes to raise $150,000,000 in the course of twenty years through private taxation of colored people.

The program would call for a hospital here to take care of Cleveland's 90,000 Negroes and offer facilities for training nurses, internes and promoting of social work. The Rev. Carnegie is highly pleased with his visit here, in which he sounded out public sentiment on the plan among both whites and colored.

Under the plan, which will be launched nation-wide next October, Ohio would get six hospitals, Columbus, Cincinnati and Cleveland having teaching units. Seven Ohio medical schools have indicated their willingness to cooperate.

Funds to launch the program are to be collected through the various colored churches at the rate of one cent per week per person, in locked deposit boxes furnished by the banks holding the deposits. Hospitals are planned for every city in the United States having 10,000 or more Negroes.
