Rialto Friday

The Case of the Howling Dog... latest and most baffling mystery murder drama, opens at the Rialto theater tomorrow with Warren William and Mary Astor in the stellar roles.
Not only is the picture, based on Eric Stanley Gardner's story, one of the strangest mystery plays screened, but it is climaxed by a sensational murder trial in which a beautiful society woman faces the hangman's noose, charged with the killing of her husband.
The spectacular trial also uncovers a series of other murders. The police never actually solve the crimes, although the spectator is given a peep behind the scenes.

Opening Today

Helen Twelvrees and Donald Woods are featured in "She Was a Lady," opening at the Rialto today.
"The Perils of Pauline," bigger and better and more perilous than ever, is again coming to the screen at the Rialto Saturday.
Each chapter will be complete in itself, and that a constant change of background and a constant flow of new thrills will make this version even more popular than the original.

Claudette Colbert at Craterian

Adding comedy touches to relieve what is sometimes stark drama, Ned Sparks has one of the principal supporting roles with Claudette Colbert in "Imitation of Life," starting today at the Craterian theater. Others include Warren William, Rochelle Hudson and Henry Armetta.
In this picture of Fannie Hurst's best-seller of last year, Claudette Colbert is shown as "Bea" Pullman, the intensely modern heroine, struggling with the problems of life and love to provide a livelihood for herself and daughter, and gaining only a love-starved existence, an imitation of life.
It is when the daughter, now grown into a beautiful young woman, falls in love with the same man with whom her mother is about to marry that a situation arises that culminates in a vivid climax to what is said to be one of the best movie stories yet brought to the screen.

WASH OUT 15 MILES OF KIDNEY TUBES
Win Back Pep... Vigor... Vitality
Medical authorities agree that your kidneys contain 15 MILES of tiny tubes or filters which help to purify the blood and keep you healthy.
If you have trouble with too frequent bladder passages with strong urine, burning and discomfort, the 15 MILES of kidney tubes need washing out. This danger signal may be the beginning of backache, leg pains, loss of pep and vitality, getting up at night, lumbago, swollen feet and ankles, rheumatic pains and dizziness. If kidneys don't empty 3 times every day and get rid of 4 pounds of waste matter, your body will take up these poisons causing serious trouble. It may knock you out and lay you up for many months. Don't wait. Ask your druggist for DOAN'S PILLS... a doctor's prescription... which has been used successfully by millions of kidney sufferers for over 40 years. They give quick relief and will help to wash out the 15 MILES of kidney tubes.
But don't take chances with strong drugs or so-called "kidney cures" that claim to fix you up in 15 minutes for they may seriously injure and irritate delicate tissues. Invest in DOAN'S PILLS... the old reliable relief that contains no "dope" or habit-forming drugs. Be sure you get DOAN'S PILLS at your druggist. © 1934, Foster-McMillan Co.
