

HIGHS WILL HEAR SENTENCES LAST OF PRESENT WEEK

Passing of sentence on George High and his brother, Robert N. (Babe) High, of Ashland, found guilty last Friday by a circuit court jury of setting fire to the "model barn" on the Balfour-Guthrie tract near Ashland, January 4, 1933, for the purpose of collecting \$13,000 insurance, is now scheduled for the last of this week. Judge H. D. Norton is holding court in Josephine county now.

State prison terms from three to seven years are the penalties provided under Oregon law. Joe B. Holland, Astoria butcher, father of seven children, chief witness for the state, who entered a plea of guilty to the arson charge, will be sentenced at the same time, the district attorney's office said. Holland gave damaging testimony in the trial. Holland testified that George High promised him half the insurance money if the barn was burned. Later, he enlisted the services of "Babe" High, Holland testified on the claim that George High would pay \$1000 for the barn's destruction. Holland declared himself, "Babe" High and Theron (Red) Martin drove to the barn and Martin set the fire while "Babe" waited in an auto and he (Holland) stood guard at a door. George High was in Astoria at the time of the fire.

The jury deliberated six hours before returning its unanimous verdict of guilty, the district attorney said, the trial lasted five days, was highly involved and created considerable interest in this city and Ashland. The "letter agreement," prepared by Attorney A. W. Norblad of Astoria, former Oregon governor, between George High and Holland, was listed by jurors as vital evidence.

Theron (Red) Martin, named as the "torch" and who, the evidence showed, received \$50 from "Babe" High in payment for the incendiarism, is serving a year in the Multnomah county jail at Portland on a burglary charge. He will not be liberated until next June, when he will be brought here for trial.

A decision as to whether or not the High brothers will file an appeal to the state supreme court will not be made until later this week, Attorney George Roberts said. He said, however, it was "highly probable an appeal would be filed."

CAMERA CLUB EXHIBITS WORK NOTED BRITISH ARTISTS ON THURSDAY

One of the growing cultural institutions for old and young in Medford is the Camera club. This organization, thanks to the public spirited efforts of a small group of artistically inclined citizens, is growing rapidly and materially stimulating interest in art of all kinds, particularly among the younger people of the city.

Meetings are held the third Thursday in each month in the court house auditorium. This coming Thursday the public is invited to see an interesting exhibition of famous English pictures. To make this exhibit even more interesting the Tribune will print each day until then a short sketch of the famous artists whose works will be shown. Today's artist is the famous William Hogarth.

William Hogarth was born in London in 1697. His father was a schoolmaster, a literary hack; and never very prosperous financially. The son was sent to school but it is said his exercises there were more remarkable for the ornaments which adorned them than for the exercise itself, and before long he was apprenticed to a silver-plate engraver. At 23 he set up as engraver on his own account. He trained himself to an unexampled eye memory and tenacity of mind, and he considered more important than drawing from life. He studied some technique at Sir James Thornhill's art school and later mar-

MORAL FIBER IS PROVIDED BY GOD ASSERTS PASTOR

Fred M. Weatherford, pastor evangelist, speaking last night on the topic: "Grasping Essentials to Eternal Life," at the Church of the Nazarene, drew his message from I. Tim. 6:12: "Fight the good fight of Faith, lay hold of Eternal Life, wherunto thou art called."

In part, the speaker said: "The other day when I was returning from Kansas City, where I attended the general board meeting of our denomination, the following bit of life philosophy came to me: 'The thing that makes a man a man is not the stuff that completes his height, or makes him broad; nor yet a certain weight. It is not his face or his race; it's not his education or his school; it's not the thing that makes a man a man in the reconstruction act of God—'Have you been born again, and yet another thing, sanctified—cleansed from inbred sin?'"

"The thing that really makes a man a man is a certain weight of moral fiber built. That something by which he chooses right, when wrong is bidding strong. So the secret of making a man a man is God—His precepts taught. His laws obeyed. God only makes man anew, and fits him for a place above the blue. If to Him you are always true, another thing, you will know the joy of manhood, too."

DAUGHTER OF ALFONSO AND PRINCE TORLONIA ARE MARRIED IN ROME

ROME, Jan. 14.—(AP)—Prince Alessandro Torlonia, son of the former Ziaie Moore of New York, and Infanta Beatriz of Spain, daughter of former King Alfonso, were married today in Rome's magnificent old Church of Jesus.

The wedding was performed by Cardinal Pedro Segura, exiled cardinal primate of Spain. First among the guests in the royal party were King Victor Emmanuel III of Italy, Queen Elena and the princess of the house of Savoy.

Former King Alfonso of Spain headed the princes of the blood of the Bourbon family who gathered to see their young relative wed. Other royal houses represented were those of Bavaria, Orleans, de Graganza, Greece, and the French Bourbon branch, with a sprinkling of Hapsburgs. (The bride's mother, Victoria, former queen of Spain, remained in London at her hotel where she has been living apart from her husband, Alfonso. Rumors, not officially confirmed, have said for some time past that the two were estranged.)

EAGLES PLANNING BAND FORMATION

Seventeen new members were admitted to the Fraternal Order of Eagles at its last meeting, officers said this morning. A concerted effort is being made to obtain a large class of candidates at the time of the visit of Grand Worthy President George Douglas, February 9, and from the results of the first week, it would appear that the Medford Aerie will be successful in its campaign efforts.

The local order is considering very seriously the organization of a band, and a committee has been appointed to work this matter out. In this connection, it is hoped that many new members will be signed up who play instruments, so that at the conclusion of the membership campaign a band can be organized. Anyone playing an instrument, who desires to join the Fraternal Order of Eagles, is asked to contact any member immediately.

Portland, Ore., is planning to replace its street car system with "trackless trolleys."

The average age of the 120 members of the house of the 1935 Oklahoma legislature is 37 years.

The Warner school in East Nashville, Tenn., one had three teachers named Schott, Bang and Battle.

FIND LOVERS IN DEATH EMBRACE

Locked in a loving embrace, the bodies of Rosalind Diahnger (right), 17, and Walter Dean Cameron (left), 16, Rushville, Ind., high school sweethearts, were found in Cameron's automobile. Love letters of the two were found strewn about, but officers said they were puzzled as to the cause of death. (Associated Press Photos)

CREDIT HEAD SEES MARKED BOOST IN BUSINESS FOR '34

PORTLAND, Ore., Jan. 14.—(AP)—The prediction that general business conditions in the United States will show an improvement this year of from 5 to 7 per cent over 1934, was made here today by Henry W. Heilmann, executive manager of the National Association of Credit Men.

Heilmann was here from New York to address the annual meeting of the Portland Credit association. "I look for business to hold up well into May," he said, "with a recession beginning then and lasting until fall. The gain in 1935 over 1934 will approach 7 per cent when all factors have been interpreted."

Hurdles which business must clear this year, Heilmann, said, are: Failure of the heavy goods industry to make an improved showing; the continually growing deficit in the federal budget with inevitable tax increases; the impasse between the government and utilities.

SAN FRANCISCO, Jan. 14.—(AP)—Pacific coast business as measured by the Siraaburger index receded to 75.5 per cent of the 1930 weekly average in the first week of 1935, from 76.5 in the preceding week. In the first 1934 week the index stood at 83.9.

Indexes representing lumber and oil production and refining made good gains, while electric power output, carloadings and bank debits receded.

Not until 1927 was the first Jersey cow brought to Tennessee, now famous as a dairy state.

One soul received the gift of eternal life as the service concluded.

FRAME AND RICE PROMOTIONS ARE ANNOUNCED HERE

Simultaneous with the opening of a district-wide sales drive for the General Petroleum corporation, the promotion of two well-known Medford men in the General organization has been announced by T. M. Higgins, southern Oregon district manager. Robert W. Frame, who has been associated with the General Petroleum corporation for the past three years, has been advanced to the position of manager for the Medford branch, with headquarters in this city. Jack Rice, who has been connected with the company for the past 18 months, has received promotion to supervisor of service stations.

The announcement of the advancement of Frame and Rice will be welcomed by their many friends in this section of Oregon. In commenting today upon the promotions, T. M. Higgins said:

"It gives me considerable satisfaction to announce the advancement of R. W. Frame and Jack Rice to our organization. Both men have shown splendid ability and energy in their former capacities and there is no question that they will successfully handle their new positions and added responsibilities. The many details of a district sales promotion campaign are now being worked out by officials of the General Petroleum corporation following the conference in this city Friday between District Manager Higgins and C. G. Walker, sales manager for Oregon with offices in Portland."

HOME EXTENSION PLANS GATHERING

The county extension committee will entertain Tuesday at the court house auditorium in honor of the chairman of the Home Economics Extension Units of Jackson county. The program will start at 10:30 with games and recreation under direction of Mrs. O. C. Maust, of Phoenix.

Mrs. Bertha Glasgow, chairman of the county committee, will preside at the noon luncheon. Luncheon

WANTED! SECRET SERVICE OPERATORS
Royal Gull, join the U.S. Wear a secret service badge with your own number on it. Get a book of secret codes and instructions. Thrill! Action! Fun! Time out!

LOCAL BROADCASTING SYSTEM

guests will include Miss Claribel Nye, state leader of Home Economics extension; the county court; home demonstration agent; chairman of Home Economics extension units; county extension committee and the alumnae members of the county committee. Miss Nye will be guest speaker at the luncheon.

OVERLOADED TOBOGGAN PUTS ONE IN HOSPITAL

PENDLETON, Ore., Jan. 14.—(AP)—An accident to an overloaded toboggan sent James Neary of Pendleton to a hospital here Sunday for treatment of a broken leg. The mishap occurred during the opening of the winter sports play-

ground in the Blue mountains. The toboggan skidded from the chute and crashed into a stump.

LAND PLASTER EMPIRE — HIGH TEST

Car Will Arrive About Jan. 15
ORDER TODAY

EMPIRE LAND PLASTER or Agricultural Gypsum is the cheapest and most profitable fertilizer for alfalfa, clover and for many purposes. Gypsum gives alfalfa an early boost that helps to choke out the weeds, which means a larger yield and a better grade of hay.

BEWARE of "flare-ups" from UNCONTROLLED COLDS

QUITE often, colds stir up dormant diseases—re-awaken the activity of hostile germs. Indeed, medical authorities state that the common cold paves the way for one-half of all disabling diseases. Fortunately, now, it is possible to help reduce the number, duration and dangers of colds. Just follow Vicks Plan for Better Control of Colds. Vicks Plan has been clinically tested by physicians—and proved in everyday home use by millions.

When Colds THREATEN ... VICKS VA-TRO-NOL
If a Cold STRIKES ... VICKS VAPORUB
At the first sneeze, or nasal irritation, apply Vicks Va-tro-nol—a few drops up each nostril. Its timely use helps to prevent many colds, and to throw off other colds in their early stages.
Don't delay—don't experiment. Apply Vicks Vaporub on throat and chest. Its double direct pulvise-vapor action has been the dependence of two generations to help end a cold sooner.

(Full details of this tested Plan in each Vicks package)

FAMOUS FLIERS SAY
"get a Lift with a Camel!"
SIR CHARLES KINGSFORD, SMITH, famous flier who holds the record from Australia to California—7300 miles in 51 hours—says: "Once you've had a real chance to appreciate the mild, mellow flavor of Camels, no other type of smoke seems to satisfy. I always want a Camel, especially when I'm fatigued. And Camels are my 'supercharger'—they lift up my 'lim'—give me new energy and 'go.'"
SPORTSWOMAN PILOT, Mrs. T. W. Neeson, (champion all women): "After a strenuous flight, a Camel restores my energy. And each Camel renews the enjoyment of the flight!"
WILEY POST, famous flier who holds the "round-the-world" record, says: "Camels are made from more expensive tobaccos. You can certainly tell that in their mildness and good taste."
CAMEL PAYS MILLIONS MORE...
"Camels are made from finer, MORE EXPENSIVE TOBACCOS—Turkish and Domestic—than any other popular brand."
