Wall St. Report

NEW YORK, Jan. 15.—(AP)—A slump in European gold currencies and domestic mining equities touched off an already nervous stock market today and quoted values fell 1 to more than 4 points. Homestake Mining was off about 50. The trading volume expanded sharply and transactions approximated 1,450,000 shares. The close was weak.
Grains followed stocks with reactions of 1 to 4 cents and cotton dropped more than \$1 a bale. Secondary bonds were heavy while U. S. government securities advanced. Foreign exchanges suffered their worst collapse in more than a year. Today's downfall of the market was attributed largely to a revival of fears that the supreme court would rule against the government in the gold clause controversy.

ROSEBURG RECALL MOVEMENT FAILS

ROSEBURG, Ore., Jan. 15.—(AP)—A recall movement started last October against County Commissioner Britt S. Nichols, was today believed to have failed, due to an insufficient number of names on petitions filed with County Clerk Roy Agee. The 30-day period for circulating the petitions, upon which preliminary declaration was made October 16, expired last night, and the petitions filed, according to Mr. Agee, contain only 1168 signatures, while 1227 names were necessary to secure a recall election.
The petitions charge that Nichols failed to discharge his duties with regard to the care and welfare of county indigents.

ROTARIANS GIVEN MENTALITY TEST

A test to determine the average "comprehension" of a group of business men, was conducted at today's meeting of the Medford Rotary club, at the Hotel Medford, by Miss Louise Basford, elementary supervisor of the schools. This novel and interesting test was one of the features of today's program, taking the place of a scheduled talk by Ira Schuler. Due to illness, Mr. Schuler was not able to take part in today's entertainment.
An enjoyable feature of the meeting was a talk concerning the Saar Basin, given by Lee Bishop. Bishop told the Rotarians of the many problems which will arise as a result of the plebiscite conducted in Europe last Sunday. He also gave a verbal sketch of G. O. Knox, distinguished Englishman who has headed the governing commission of the Saar, called the "hot spot" of Europe since 1932.
