

DOG LICENSE LAW ENFORCING TALKED BY COUNTY COURT

Notices appraising dog owners of Jackson county that dog licenses were now due and payable will be posted shortly by the county clerk. The fee is \$1 for males and \$1.50 for females. The county court is contemplating plans for the more thorough collection of dog licenses. One plan calls for assignment of a deputy sheriff to work of collecting licenses. Last year Jackson county paid out \$63 more for sheep killed by dogs than it took in for dog licenses. The county hopes under the proposed order to at least break even the coming year. Under Oregon law, cities are entitled to 80 per cent of the dog license collections, the county providing the licenses, the tags and the clerical work. The law was intended to spur municipalities to larger collections. There was no noticeable increase, officials report. This year, it is hoped to gain more co-operation.

In 1934 close to 300 sheep were slain by dogs. Shepherds claim the loss was caused by unlicensed dogs and offer as proof dogs killed while slaughtering sheep. They further claim that the dogs run wild in bands and have no homes or masters. They would like to see them exterminated. Most of the sheep killing by dogs has occurred near cities and towns, giving rise to the theory the killers are derelict town dogs. Last year only 16 dog licenses were issued in this county, and it is estimated there are 2500 dogs of all descriptions. Some of the rural residents have as high as ten dogs about the place, it is claimed. County officials say that unless a dog is a child's pet or a hunting dog he seldom bears a license tag.

SHRINE CIRCUS LURES LARGE CROWDS; FINAL SHOW SATURDAY NIGHT

Huge crowds have been enjoying the Shrine circus, which is now playing at the Medford Armory, and those who have so far been unable to attend have only tonight, Friday and Saturday to do so.

The circus acts are pronounced excellent by everyone who has seen them, 15 big acts being presented each night.

With talent selected from each of the big circuses in the country, the Shrine program has met with instantaneous success in Medford, as in other places where it has been shown. Outstanding are the trapeze acts, in which young ladies do thrilling stunts and tight-wire acts. Trained animals add to the enjoyment of the evening, and the Hood skiers, who come direct from Europe, have captivated Medford audiences with their intricate contortion acts.

Dancing is enjoyed each evening after the regular performance, with Harry Schell's famous Royal Commanders furnishing the music.

Saturday afternoon will be kids' day, with the regular circus performance of 15 acts, and added attractions just for the young people's benefit. The doors will open that day at 1 p. m. and the performance will start promptly at 2 o'clock. Admission for children will be nominal.
