The park service is clearing the road into the caves, it having been kept free of enow as far as the CCC camp. East says anow lies five or six feet deep at the Chateau.

Gay Comedy

One of the gayest cleverest roman-tic comedies of the year, filled with lifting tunes and dazzling girls. is "Romance in the Rain." which opens

at the Roxy theater today.

The story is as refreshing as the title itself and deals with a little modern Cinos-ella who suddenly comes to life through a popularity contest and finds the gates of Wonderland open to her. It sparkles and brims with youth and laughter.
