

SPORTS

BILLIARD PLAYERS INVITED TO WATCH MASTER PERFORM

Those interested in learning the game of billiards should not fail to visit the Brown's Billiard parlor at 8:00 p.m. on January 24 when Allen Hall of Chicago appears there in connection with the national "better billiards" program which is being sponsored by the National Billiard association of America. Local billiard fans will have an opportunity at that time to receive expert instruction free of charge. This invitation is also extended to feminine billiard players.

In the last world's tournament Hall finished as runner-up to Johnny Layton for the title and has since challenged the champion. This match has been sanctioned by the National Billiard association and will be played some time during the winter. Hall was born in St. Louis in 1906. He attended grammar and high school in that city and is a graduate of Westminster college of Fulton, Missouri. He lays his entrance into the billiard game to a billiard table which he received for Christmas when he was 11 years old. He became interested in the game and a few years later was taken in hand by Charles C. Peterson of St. Louis and later became a protégé of Johnny Layton, his present opponent for the world's title.

In 1924 "Muckles," as he is known in and around his home town, won the western amateur three-cushion championship during which time he established a high run of 16 and a best game record of 44 innings for amateur play. In the same year, he was substituted for the great Maupome when the national league was running.

Hall is an all-around athlete having played basketball, football, and baseball with a two year record as shortstop on a Missouri semi-pro baseball team. He has competed in the last five world's tournaments and should prove a stubborn opponent when he meets Layton in his challenge match later in the season.

OREGON DEFEATED AGAIN BY COUGARS

PULLMAN, Wash., Jan. 23.—(AP)—The Washington State college five, downtrodden with five straight defeats at the start of the northern division race, were worthy foes for any team today after taking their second straight win from the University of Oregon last night, 37 to 33.

The win, earned largely through the sharpshooting of Ralph Rogers, veteran guard, who counted 15 points, gave the Cougars an even split for the season with the Webfoots. On the previous night, Rogers had counted 12 points.

The Cougars piled up to 20-to-11 lead at the half.

BAER HAILED AS BOXING REVIVER

LOS ANGELES, Cal., Jan. 23.—(AP)—Tom McCarey, veteran sports promoter, announced today he was willing to make Max Baer an offer to meet Steve Harnes and Art Lasky in an open-air fight program here next summer.

"Max Baer's suggestion that he fight two men in the same evening is far from laughable," said McCarey. "If he wishes to take that chance it means one of the most attractive ring features ever presented. What interest is left in boxing, Baer has made possible."

ROBIN REED TOSSES CHAIRS AT REFEREE

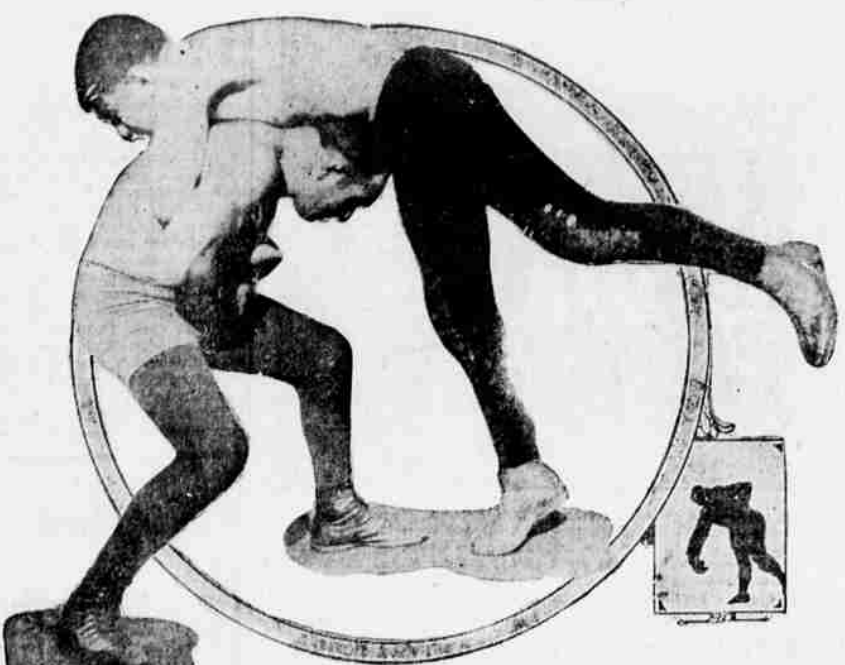

SALEM, Jan. 23.—(AP)—In a rough and tumble wrestling match here last night that saw the loser, Robin Reed, tossing chairs at Referee Pug Ryan as the bout ended, Harry Elliott, Eugene, tossed the Reedsport editor two out of three falls.

Del Kunkel, Salt Lake City, took the first and third falls to win from Art Perkins, Detroit, and Tex Watkins of Texas took two straight falls from Sammy George, Louisville, Ky., in the curtain raiser.

ENDEAVOR BASKETEERS PLAY JUNIORS FRIDAY

The Christian Endeavor team of the First Christian church will meet Ray Henderson's Junior B1 quintet on the latter's floor Friday at 8 p.m.

Karasick Boasts New Wrestling Trick

What "Gentleman" Al Karasick of Russia likes to do to wrestling opponents is shown above, where the midjet forefinger is pictured twisting a grappler nearly twice his size over his back in a devastating type of body slam. If Karasick is able to do it to this opponent it is feared that Sad Sam Lethers, his foe in Thursday night's main event, may have difficulties despite the advantage of his "rubber" legs. Harry Kent, giant ex-Oregon State athlete, will meet Tony Catalano in the semi-final.

PRACTICE PLEASES GLEEMENS LEADER

Last night 40 of Medford's lusty-lunged male vocalists assembled at the courthouse auditorium in one of the final rehearsals of the Gleemen. When the evening was ended, after a strenuous two and a half hour's work-out, the generally serious features of Director Jim Stevens were wreathed in smiles and he appeared well pleased with the progress being made. All sections of the chorus were well filled and the men showed more pep and enthusiasm than has been apparent for some weeks.

Probably the proximity of the concert date which is next Monday brought a realization that they were "on the spot," but whatever the cause, there was a strong indication that the forthcoming appearance of the Gleemen will be the most successful and finished, from a musical standpoint, of any of their performances.

ELKS WILL ENJOY ANOTHER SMOKER

Members of Medford Elks' lodge will again be given an opportunity of seeing some of the best CCC boxing talent in the district in action when the second of a series of five cards is held Thursday night at the temple.

The entertainment, for Elks only will also include a free feed, beer and music by the Elks' band, features which were greatly enjoyed on the program last Thursday night.

The fights staged in the last card ended after close battles in nearly every case and are expected to be even better this week, with the championship under way toward the championship of the district. Many of the fighters appeared in boxing cards before entering the civilian conservation corps and all are experienced with their mitts.

First Lieutenant Alfred H. Hopkins of Camp Oregon Caves is in charge of match making, in co-operation with Captain Ryan of district headquarters. The fighters will be weighed and paired off tomorrow morning.

ROOKS EVEN COUNT WITH EON CAGEMEN

LA GRANDE, Ore., Jan. 23.—(AP)—The Oregon State Rooks, captained last night by Howard ("Little Mose") Lyman of La Grande, evened up its two-game series with Eastern Oregon normal basketball team by losing out a 30-29 win, scoring the two winning field goals in the last two minutes of play.

The game was featured by close checking that kept the halftime score down to: Rooks, 12; Mountaineers, 8. Nellie Vanell, Rook forward, and Fleming, E. O. N. center, were high scorers with 11 each.

Monday night the Rooks lost to the Normal school at Baker, 38-35.

SEATTLE PUCKSTERS LOSE TO EDMONTON

EDMONTON, Alta., Jan. 23.—(AP)—Below 7 to 1 in a gas played in 20 below zero weather, the league-leading Seattle Seahawks invaded Calgary today for a game tonight with the tall-end Calgary Canucks of the Northwest Hockey league. It was Seattle's third loss in 18 games.

No Wise Cracks For Bill Terry Coming Season

LITTLE ROCK, Ark., Jan. 23.—(AP)—Manager Bill Terry of the New York Giants predicts his club will be greater this year than the world championship team of 1933—but he's keeping his mouth shut in the future.

"In baseball, the best thing you can do is keep your mouth shut," Terry told a Little Rock club yesterday after admitting it was "foolish" of him to say last year: "Is Brooklyn still in the league?"

BOWLING

The Active Club Seniors and Eagles split even in points in their City Bowling league match at the Smoke House last night, the teams being forced to roll four games because of a dead heat in the second game.

The Active Club Juniors salvaged one point out of the wreckage in their tilt with The Mail Tribune outfit, the types taking two games and total pins.

QUARTERBACK CROONS WHEN SEASON ENDED

BOULDER, Colo.—(AP)—When the football season is over, Bill (Kaye) Lam, Colorado university quarterback, devotes his time to wrestling and crooning.

Crooning? Sure. "Kaye" stings with telling effect through a megaphone and helps pay his way through school by conducting a dance band. "Kaye" was met champion of the Rocky Mountain conference in the 115-pound division last year and is regarded as the mainstay of the university grappling team.

ROSS AND KLICK READY FOR FRAY

MIAMI, Fla., Jan. 23.—(AP)—Trained to a fine edge for their tilt tomorrow night Barney Ross, Chicago's champion of lightweights, and Frankie Klick, the San Francisco lad who wants to be champion, took things easy today.

The two main attractions on the "card of champions" weighed about 137 each yesterday. The fight is for 10 rounds at 140 pounds.

Meanwhile, the boys in the office repeated their predictions that the fight will be "quite a sight."

LADY ELKS PROVE ADEPT AT BOWLING

The Lady Elks are making good progress in their bowling at the club. Tuesday afternoon they turned in some scores that might make the men a bit envious.

Rolling for the first time, Mrs. Al Pichs showed good form, and Mrs. Milestone, another beginner, showed great promise.

HOWELL'S HEAVES WIN FOR S. O. N. S.

PORTLAND, Jan. 23.—(AP)—With victories over Portland's best in their credit, the Southern Oregon Normal basketball players returned today to Astland.

Last night Coach Howard Hobson's SONS wound up a three-game invasion here with a breath-taking 33 to 30 win over Union O. The night before the SONS defeated Union O. 35 to 20, and Saturday night they topped the Multnomah club.

Ward Howell, six-foot center, broke a 30 to 30 tie with a field goal and a free throw, just before the game ended.

The win was the 12th straight for the giant SONS and the 14th victory in 15 games this season.

The problem of providing food and shelter for the army of laborers is puzzling authorities. The workers consume 263,000 pounds of rice daily and grain prices have gone sky high.

Oregon Weather. Cloudy tonight and Thursday; probably occasional rains west portion and snows in the high mountains; moderate during the summer months; winds of the coast, increasing Thursday.

STAR SKI JUMPERS WILL LURE THROG TO SHASTA EVENT

Winter sports fans of Southern Oregon are showing much interest in the West Coast professional ski jumping championship, to be held at Snowman's hill, near Mount Shasta, this week-end. The preliminary jumping will be Saturday, with finals on Sunday.

Among famous professional jumpers who will compete will be Sigurd Ulund, who took first place New Year's day at Salt Lake City, with a jump of 235 feet, as well as Alf Engen, present world's champion professional, with a recent unofficial jump of 294 feet to his credit. During 1932-33, Engen was successful in breaking the world's record on three separate occasions, with jumps of 247, 257 and 287 feet, the record prior to that time being 236 feet. Lars Hagen, seven times United States champion, will also compete, as will several other well known professionals of the United States and Europe.

Sigurd Ulund is now in Mount Shasta enlarging the professional jumping hill so that jumps of upwards of 250 feet will be possible under favorable snow conditions. The snow depth at Snowman's hill to date is well over five feet, assuring adequate snow for the entire winter sports season.

During the professional tournament many amateurs of note will assist with exhibition jumps from the class A and class B take-off. The boys' and girls' jumps in class C will, as usual, provide many thrills and spills, as these clever youngsters demonstrate their surprising ability. Some excellent talent is being developed among the youthful ski artists in northern California and southern Oregon.

Parking facilities for automobiles have been enlarged and as the road to the skiing grounds is a paved state highway, kept free of snow at all times, first-class traveling conditions and adequate parking is assured.

Several parties of local winter sports devotees are planning to attend the Snowmen's tournament, as it will afford an opportunity to see some of the world's best ski jumpers in action.

INCREASE IN FREIGHT AND PASSENGERS DUE SAYS RAILROAD CHIEF

ST. LOUIS (UP)—Increased carloadings and advances in passenger traffic on railroads during 1935 were predicted by Frank E. Strouse, Pennsylvania railroad official, at a meeting of St. Louis business men.

"The increased traffic will go a long way toward insuring prosperity for the railroads," Strouse said. "Since the public is finding out that Main Street, and not Wall Street, owns the railroads, there has been a much better understanding of what rail service means to the nation."

"Nearly one-half of the taxes paid by railroads in the country goes to public schools. They educate between 1,000,000 and 2,000,000 pupils each year, at an average cost of \$90 a year for each student."

"The railroad companies and their workers are liberal spenders," according to Strouse. "Last year the railroads obtained millions of dollars from the PWA, all of which will be used to pay wages and buy materials and supplies."

"At present, \$2,000,000,000 worth of securities is owned by 40,000,000 people who compose the life insurance companies of this country. More than \$1,000,000,000 of the saving bank funds is invested in the railroad securities."

Strouse added that the increase in revenue car-loadings in November and December, 1934, was decidedly greater than that of the same months in 1933 and that last year was the first year since 1923 that passenger traffic showed an increase.

BIG CHINESE PROJECT ROCKETS RICE PRICES

HANKING—(AP)—The biggest conservation work attempted in China is going forward in northern Kiangsi where 165,000 coolies are digging a new outlet for the Hual river. The work will last until 1936.

The new channel, 238 miles long, would carry flood waters of the Hual to the Yellow Sea. In addition the canal is designed to irrigate thousands of acres in central China.

The problem of providing food and shelter for the army of laborers is puzzling authorities. The workers consume 263,000 pounds of rice daily and grain prices have gone sky high.

Cloudy tonight and Thursday; probably occasional rains west portion and snows in the high mountains; moderate during the summer months; winds of the coast, increasing Thursday.

UP AND OVER THE MOUNTAIN

This striking Associated Press photo shows Hans Grage of Seattle shooting away from the camera while skiing on Mt. Rainier. He appears to be lumina over the snowclad mountain.

DUCK ARMISTICE LEFT UNSETTLED AT GAME CONFAB

By BOB CAVAGNARO (Associated Press Sports Writer.) NEW YORK, Jan. 23.—(AP)—The question of whether hunters are to be permitted to shoot ducks in 1935—a topic that has electrified the 21st American game conference, which closes today—probably will be left unsettled by the 600 delegates from the United States and Canada.

From an authoritative source it was learned that the resolution, introduced by John Baker, executive director of the National Society of Audubon societies, recommending a year's moratorium beginning next September, has been withdrawn by the Audubon societies.

Word of this development, which considerably weakened the cause of the proponents for a ban on duck shooting, in an effort to give the birds an opportunity to repopulate, spread like wildfire through the conference halls after the meeting of the resolutions committee, which weighed the testimony submitted yesterday in a four-hour migratory waterfowl symposium.

The Audubon societies, it is understood, withdrew the resolution, which also proposed federal enforcement of duck shooting, in exchange for assurance that the committee would leave the decision on a definite recommendation up to the United States biological survey.

Under the supervision of J. N. (Ding) Darling, the survey is making a study of the duck population in this country. It will be several weeks before a report of its findings can be determined.

WASHINGTON, Jan. 23.—(AP)—The war department announced today allotment of \$20,000 for completion of repairs to The Dalles-Celilo canal in Oregon, near 10-mile lock.

Believed a record price, \$100 was paid for a single apple at Grand Coulee Dam site, Washington. The sum was expended by a contracting firm during a Parent-Teacher association drive for school supplies money.

PROFESSOR'S BIBLE IS 450 YEARS OLD

DETROIT—(UP)—Considered as possession of one of the best Bible collections in the country, Rev. Father Paul D. Sullivan, S.J., of the University of Detroit, boasts ownership of a Bible more than 450 years old and weighing 80 pounds.

The huge book, printed in 1479-1481 by Adolph Ruch, at Strassburg, Germany, bears the commentaries of Walafrid Strabo. It carries its years lightly, except for a yellowing of the parchment through the passage of time.

Included in Fr. Sullivan's collection is a first edition of the Rheims Testament of 1582, the noted Bible of William Fulke, brought out in 1599, as well as a third edition of the Fulke Bible, printed in England by John Bill in 1617.

PENDLETON, Ore., Jan. 23.—(AP)—A distinguished service key for activity in local civic work was awarded last night to Morris Temple by the Pendleton junior chamber of commerce at an anniversary banquet. Temple has been active in promoting the outdoor winter sports program.

PENDLETON, Ore., Jan. 23.—(AP)—A warm west wind brought a decided advance in temperature here and last night's minimum was only 39 degrees. During the night there was .06 of an inch of rain.

TINY WIFE SUBDUES 225-POUND OFFICER

WATERLOO, Ia.—(AP)—The formula for attaining the age of 100, according to James R. Kays, Waterloo's centenarian, is moderate living and early bedtimes.

In addition, Kays advises keeping abreast of the world and its events as a mental stimulant—something he still does although he can no longer read of current affairs.

He says he has voted on every presidential ticket in the history of the republican party.

When it comes to radios, remember "Pruitt's can do it." Phone 22

TINY WIFE SUBDUES 225-POUND OFFICER

WASHINGTON—(UP)—Jesse Moore, 225-pound policeman, testified in District of Columbia Supreme Court here that he was NO match for his 115-pound wife in a rough-and-tumble fight.

He further asserted, through his lawyer in the divorce trial, that his wife "had NOT hesitated to throw dishes, milk bottles, brass bookends and similar objects at him."

Despite this treatment, Moore asked the court to deny his wife's request for a divorce.

MODERATION KEYNOTE CENTENARIANS ADVICE

WATERLOO, Ia.—(AP)—The formula for attaining the age of 100, according to James R. Kays, Waterloo's centenarian, is moderate living and early bedtimes.

In addition, Kays advises keeping abreast of the world and its events as a mental stimulant—something he still does although he can no longer read of current affairs.

He says he has voted on every presidential ticket in the history of the republican party.
