

# CONSERVATION OF FORESTS SOUGHT IN MARTIN PLAN

### Six-Point Program Is Given Legislature to Insure Permanent Asset in Vast Resources — Halt Waste

SALEM, Feb. 1.—(AP)—Removal of obstacles now in the way of sustained yield forest management in an ambitious program of forest conservation was requested of the state legislature today in a special message by Governor Charles H. Martin.

The executive recommended a deferred timber tax plan, formation of sustained yield forest units, state authority for federal acquisition, forest zoning proposal, continuation of agreement similar to CCC camps, and acquisition of county-owned forests.

The governor cited excerpts of a letter he received from President Roosevelt in which the chief executive urged a forest conservation program be included in the lumber code and recommended states enact legislation making possible a closer cooperation between the state and federal governments.

Governor Martin declared that "up until the present time we have treated our forests largely as a mine to be 'high-graded' and wasted instead of a renewable resource which can be made to serve our people for all time. Continuing, the governor declared:

**Permanent Assets, Aim**  
"Sustained yield forest management means permanent commitment. Permanent payrolls and permanent industries; present tendencies are in exactly the opposite direction.

"There is, or presently will be, before you proposed legislation prepared by the co-operating forest agencies of the state and federal government, which should receive your careful consideration. They are summarized as follows:

"1. A deferred timber tax plan which in reality is a provision for federal credit to non-operating timberland owners. Its purpose is to relieve the present pressure to liquidate these properties.

"2. A provision for official state recognition of forest properties managed for sustained yield production. Its purpose is to encourage the formation of sustained yield forest units.

"3. A proposal for state authority for federal acquisition. Its purpose is to authorize the federal government to acquire such forest land as cannot remain in private ownership due to the fact that it will have to be held for so many years before it can produce an income and which will round out the present federal holdings into units that will naturally lend themselves to sustained yield forest management.

"4. A proposal for forest zoning, the purpose of which is to discourage isolated agricultural or attempted agricultural development of lands primarily suited for forest crop production and to reduce expenditures for roads, schools, relief and other public obligations occasioned by such use.

"5. A provision for carrying out the agreement between the president and the governor of Oregon at the time the civilian conservation corps camps were established in Oregon.

"6. Certain proposals which will make possible the acquisition by the state of federal government of county-owned forest lands. The purpose of these bills is to bring all our forest lands into dependable ownership—a prime requisite for sustained yield management.

"Other proposals have to do with amendments of our state forest code designed to increase the insurance against losses caused by fire, insects and disease.

"This may appear to you as a rather ambitious forest program, and it is. We must remove the obstacles in the way of sustained yield forest management if we expect to substantially improve our forest practice.

"I ask you to consider these proposals—not from the standpoint of what happens to suit any individual or group of our people, but rather from the standpoint of what is for the greatest good of all our people for all time, and I pledge you my full cooperation on that issue."

Fifty-three counties in North Carolina are cooperating in a malaria control program conducted by the state board of health.

### Lincoln's Birthday

Planning for this occasion is certainly easy. It may be very, very simple or quite elaborate for the range of Lincoln's experience was so great as to give plenty of opportunity to choose a period or episode to fit any mood.

Let's plan a simple "buffet" supper for the evening's repeat. The items may be prepared and stored in the refrigerator early in the day and cooked just before serving.

Set the table with dishes and silver for all and leave space for the hot dishes, and your supper will be accomplished almost painlessly.

### BUFFET SUPPER

- Ginger Ale Cocktail
- Individual Meat "Logs"
- Casserole of Corn Spiced Peaches
- Toed Gingerbread Cakes
- Coffee Safford Nuts
- Ginger Ale Cocktail

Combine your favorite fruit juices with ginger ale, add crushed ice and serve immediately.

### Individual Meat "Logs"

Form into thin rolls, roll in finely crushed crumbs and fry in deep fat until a golden brown:

- 1 lb. ground beef
- 1 lb. ground pork
- 1 c bread crumbs
- 1 egg, slightly beaten
- 1 c tomato sauce
- Salt and pepper to taste.

### Casserole of Corn

- 2 cans yellow corn (cream)
- 2 eggs, slightly beaten
- 1 green pepper, minced
- 2 T butter
- 1 t salt
- 1/2 t paprika
- 1/2 c grated cheese.

Pour into greased casserole, sprinkling grated cheese on top. Bake at 350 deg. for one-half hour.

### Gingerbread Cakes

- 1/2 c sugar
- 3 T butter
- 1 egg, beaten
- 1 1/2 c flour
- 1/2 t salt
- 1 t ginger
- 1 t soda
- 1/2 t cinnamon
- 1/2 c hot water
- 1/2 c molasses (light).

Bake in muffin tins at 25 deg. for 25 minutes, and ice with:

- 3 c powdered sugar
- 1-2 c melted butter
- 1 orange—gated rind and juice to spreading consistency.

### Map Picture of Hetch Hetch Yosemite National Park, Cal.

—(UP)—One of the nation's greatest engineering projects and one of its most inspiring scenic areas, the Hetch Hetchy water supply system and the Sierra Nevada region from Lake Tahoe to lofty Mount Whitney, are outlined in detail on a huge relief map soon to be placed in the Yosemite Museum.

### OREGON CITY, Feb. 1.—(AP)—Robert Pritchard, nine years old, was in a critical condition in a hospital here today from injuries suffered in an automobile accident Thursday.

He suffered several fractures of the skull when, witnesses said, he ran into or was struck by the side of an automobile driven by King Fields of Portland. Fields was not held.

Mrs. Charles Hutchins of Burnsville, N. C., only woman legislator in that state, once walked 40 miles in seven hours and 38 minutes in an official contest.

E. W. Burnett of Osage, Okla., set a value of \$2,000,000 on a water well at his home, which he changed in a court action had been polluted by oil companies.

## ARTIST EVANGELIST COMING SUNDAY FOR NAZARENE SERVICES

Evangelist Elmer Gandy is the special engaged speaker to launch a special series of evangelistic messages in a revival campaign at the local Church of the Nazarene, beginning Sunday morning, February 3rd, which will continue for two or three weeks, each night at 7:30 excepting Saturday night.

Mr. Gandy is known as the "Artist Evangelist." For seven years he was employed as the Yosemite National park artist. His paintings have had a circulation of wide distribution. In connection with his evangelistic work it is his custom during the preliminaries of each evening to make various sketches.

The coming gospel herald is a very successful soul winner and revivalist. In California he has just concluded a series of meetings. In each instance a splendid class of new members have been received into church fellowship as a result of his evangelistic ministry.

Pastor Fred M. Weatherford and church extend the public a very cordial welcome to attend this series.

### Built Own Cherrywood Casket

CANE HILL, Mo.—(UP)—Uriah A. Bush, 91-year-old cabinet maker, was buried the other day in a beautiful hand-made cherrywood casket. For 20 years he saved every fine piece of cherrywood he came across. When he had enough he built the casket for his own burial. Proud of his handiwork, Bush displayed the casket to all visitors.

2,000,000 Fur Hides Shipped  
MEMPHIS—(UP)—Estimates that nearly 2,000,000 fur hides a year are shipped from this city make Memphis the leading fur market in Dixie, dealers said. Opposum, racoon, otter, wildcat, house cat, badger, mink, skunk, wolf and muskrat, with an occasional beaver, are some of the hides that come into Memphis from New Mexico, Alabama, Louisiana.

Catfish Halted Oil Drillers  
McALLEN, Tex.—(UP)—Drilling on an oil well 23 miles west of McAllen in the Samfordyce pool was temporarily stopped by a catfish. When boiler trouble developed from using salt water from a nearby well, a line was run to the Rio Grande. The pumps sucked up a river catfish and the drilling was halted until the fish was removed.

## CEREAL RELIEVES DAUGHTER SO WHOLE FAMILY USES IT

Kellogg's ALL-BRAN Corrects Constipation\*

An enthusiastic and voluntary letter: "We have a daughter who has been troubled all her life with constipation. About three months ago, we discovered ALL-BRAN. From that day to now we have not given her any form of laxative.

We have become "ALL-BRAN" users, and now it is a part of our daily diet. We have told many of our friends and they, too, are getting results."—Mr. and Mrs. L. F. Pope, 562 Maple Ave., Elmira, N.Y.

\*Constipation due to insufficient "bulk" in meals.

ALL-BRAN provides gentle "bulk" to aid regular habits. It also furnishes vitamin B and iron.

The "bulk" in ALL-BRAN is often more effective than the "bulk" in fruits and vegetables, as it does not break down within the body. Two tablespoonfuls daily are usually sufficient. If not corrected this way, see your doctor.

Isn't this food much pleasanter and safer than risking patent medicines? Get the red-and-green package at your grocer's. Made by Kellogg in Battle Creek.
