NORTH DIVISION SEES HOT RACE FOR LEADERSHIP

With but two games left apiece, the A and B teams from Eagle Point and Sams Valley, leaders of the northern division secondary high school basketball tournament, are training their big guns toward a county championship tilt with Rogue River, assured champions of the southern division.

Copper Neglected During Gold Boom

PHOENIX, Ariz.—(UP)—Steadily but slowly, gold is replacing copper as the backbone of the mining industry in the "Copper States."
With mines of the red metal working at low schedules and prospects of further cuts, the outlook would be gloomy but for gathering momentum of a "gold boom."

"Bad Boy" Billy Newman

Local "raslin" fans are anticipating a colorful hour of mat work and plenty of variations when "Bad Boy" Billy Newman (above) chokes and chuckle artist from Denver, meets Al Karasick of Russia in the semi-final of next Thursday's card. Billy has no scruples when it comes to wrestling matches, and says it will be just too bad for the Russian Lion. In the main event of the all-meats program, Promoter Lillard has stacked up Pete Belcastro of Sacramento and big, rough Abie Kaplan of New York.

MIRACLE BIRDIE BRINGS McDONALD SMITH COIN

By Paul Zimmerman (Associated Press Sports Writer)
GLENDALE, Cal., Feb. 12.—(AP)—Those who have doubted MacDonald Smith's match play ability in golf, need question no more.

The old master demonstrated he can hold his own or better yesterday when he took the Nassau end of the Oakland open title after winning 72 holes of medal play a week before.
He needed to beat Jimmy Hines and John Revolta in the final round yesterday in order to capture the crown, this veteran Scot from old Cornoustie, and he did just that. The match went to the eighteenth where a par 4 would have given him a tie with Revolta and defeat. Smith carefully surveyed his lie in heavy grass off the green.
Out of his bag came a five iron, hickory shafted. He chipped the ball crisply. He took the green at the right spot with just enough of a delicate cut to follow the necessary arc into the cup 60 feet away.
Smith collected 12 points from his two opponents for that final round to win with 31 out of a possible 48.
Fred for second were Ky Laffoon, Chicago, and Henry Picard, the new Agua Caliente titleholder from Hershey, Pa., with 29 strokes.
Victory for Smith in this hall of the Medal-Nassau championship.

Increased his earnings in the Oakland open event to \$1,150. Laffoon, because of his second place finish in the 72 holes of medal play earned \$725 and Picard drew down \$637.50.
Fourth place and \$487.50 went to Horton Smith, Oak Park, Ill.
Mac Smith, who was playing golf before any of his eight competitors had been born, lost only two matches in the four rounds of play. These he dropped to Horton Smith and Ray Mangrum.

STATERS GET JITTERS BUT MANAGE TO TRIM IDAHO CAGEMEN 25-18

CORVALLIS, Ore., Feb. 12.—(AP)—The Oregon State college basketball team today had a two and a half game lead in the northern division of the coast conference following a nervous 25 to 18 victory over University of Idaho here last night.
When the teams meet here again tonight Idaho, which started its Oregon invasion with pennant hopes, will be fighting shy of sharing the league cellar with Washington State. For last night's result lowered Idaho to fourth place in the standings and eased Oregon into third place.
The "jitters" attack suffered in last night's game by the Beavers was exceeded only by that the Vandals suffered. Once for a seven-minute stretch while Oregon State led 19 to 18 neither team connected with the hoop. Palmberg and Conking finally connected near the end to give Oregon State a safe lead.
"Baron" Mose Lyman, Oregon State's guard who comes through strongest in the pinches, scored 11 points in the first half before he became contaminated with the fight and went scoreless the second half. He was the only Oregon State man to convert a free throw during the game.

BULLDOG JACKSON DEFEATS KUNKLE

PORTLAND, Ore., Feb. 12.—(AP)—Bulldog Jackson is back again, and the fans who like their "raslin" raw thronged to the Labor Temple to see him perpetrate villainous old and new in defeating Del Kunkle on a middle-weight card last night.
Back from an eastern tour, Jackson was pinned with an inverted body slam in eight minutes, but Jackson clamped a hammerlock on his Salt Lake City opponent in five minutes and hurt him so badly that Kunkle fell prey to another hammerlock three minutes after the final session started.
Otis Clingman of Oklahoma City and Barrack Bill Watkins, the tall, tooed terror from Texas, split falls in a 20-minute draw. Tinkit Achui of Eugene gained two straight falls over Cowboy Heinz.

GOLD HILL BOWS TO ROGUE RIVER

Continuing its list of victories in the southern division of the county secondary high school basketball league, Rogue River, won from Gold Hill Friday night, 19 to 11.
The game was purely defensive and slow until the last three minutes when Rogue River rallied. McLaren, Hartman and Hatch swished the net in the closing minutes to put the game on ice, but Simpson and Retter led the scoring for the "Rogues" with five points apiece.
Gold Hill's defense was at its best, holding Rogue River to the lowest scoring this season, but Rogue River's last charging defense held Gold Hill to three field goals.
This game brought Rogue River's standing to eight wins in a row, and undisputed leadership in the southern division.

The Medford Archery club was organized in February, 1931, and has been a going and successful organization since that time.
An invitational was held in 1931, at which shoot there were present participants from Oregon and northern California and the Oregon Archery association championships were decided at Medford in 1933.
Medford archers have acquitted themselves quite well, having taken and held from two to four championship cups since their first participation in 1932.
Archery golf has proved to be a very popular feature and the Medford Archery club is now attempting to find a suitable location for an archery range and golf course.
Copies of archery golf rules and other information are to be had free from the secretary, Scott Davis, 117 Cottage street.

Your Eyes Are Priceless

... guard them against strain with GOOD LIGHT!

Eyes are priceless and eye-strain is dangerous for both young and old. Most people suffer from defective vision long before reaching their prime... caused by eye-strain in former years. Glasses are a wonderful aid to defective vision and at the first sign of eye trouble you should have your eyes examined... but glasses are for DEFECTIVE vision. A single pair of glasses, made necessary from poor lighting, often cost as much as a year's good lighting for the home. Consider good lighting as eye insurance. The difference between good and bad lighting often amounts to only a few cents a day... but those few cents give your eyes the good lighting and protection they need.
