NATURAL LAXATIVE

FOOD WINS NATION

Kellogg's ALL-BRAN Helps Millions to Regular Habits

Kellogg's ALL-BRAN is one of the most popular laxative foods in the country today. Millions have found it thoroughly satisfactory for correcting constipation due to insufficient "bulk" in meals.

In addition to its popular approval, ALL-BRAN has been accepted by science. Research shows it offers mild "bulk" to aid elimination. Also vitamin B and iron.

The American Medical Association Committee on Foods has granted Kellogg's ALL-BRAN its Seal of Acceptance. This delicious cereal is also approved by Good Housekeeping Institute.

Within the body, ALL-BRAN forms a soft mass which gently clears out the intestinal wastes. More effective than the "bulk" in fruits and vegetables, as it does not break down in the body.

Isn't this food better than patent medicines? Unlike cathartics, it remains effective with continued use. Two tablespoonfuls daily are usually sufficient. Chronic cases, with each meal. If not relieved this way, see your doctor.

Get the red-and-green package at your grocer's. ALL-BRAN is much more satisfactory than part-bran products. Made by Kellogg in Battle Creek.

Washington Study Group Meets Tomorrow

The Washington Study group will meet Wednesday at 2 p.m. at the Washington school. The subject for discussion at this meeting will be "How Children Differ."

Miss Alice Sowers, psychologist and specialist in parent education, will arrive in Medford Thursday morning, February 21, to meet jointly with the Parent-Teacher associations of Jackson and Josephine counties at the Jackson county courthouse. An all-day session will be held. All clubs and individuals interested in parent education are invited to attend.

The morning session will open at 10 o'clock in the county courthouse auditorium. A very interesting program will be held at which Miss

Dr. R. W. Clancy, local physician, has recently had installed in his offices a Rose short-wave diathermy for therapy treatments. In contrast to old methods of electro therapy, the new diathermy does not employ direct contact of the electrodes with the flesh, but works like a short wave radio broadcasting unit, the electrodes being held on both sides of the part to be treated, and the heat passing through without contact.

Thus are eliminated many of the objections to the old treatment, all danger of arc burns being eliminated, and interference with radio reception within a large area adjacent to that in which the machine is in operation is now done away with.

With the new machine it is possible to produce heat at a definite focal point inside the body, and this is said to be beneficial in the treatment of nerve and muscular inflammations. Clothing does not need to be removed in the new method, the short wave rays passing through clothing, surgical dressings, and even plaster casts.

The new machine is the result of years of research in therapy by doctors and electricians, and the one now at Dr. Clancy's office is the latest model available.

Oregon Weather

Cloudy east and unsettled with occasional rain west portion tonight and Wednesday; snow over mountains; moderate temperature; strong southeast and southwest winds off the coast.

Young has taken a position on the Matson Line as clerk in charge of incoming and outgoing laundry. Fowler will be on the same ship with Young but will act as a deck hand.

JEFFREY TO TALK ON AGE PENSION

On Wednesday evening, February 20, at the Medford Armory, citizens of Medford and the Rogue River valley will be given an opportunity to hear Hon. John A. Jeffrey of Portland, personally known by many

residents of this vicinity, present the Townsend old age pension plan, from the standpoint of the business and professional man.

Judge Jeffrey was at one time prosecuting attorney here and, as he has a keen analytical mind and is a very able speaker, the occasion will afford an excellent opportunity for the supporter and the skeptic to hear this much mooted question discussed by one of the old-time residents here.

Judge Jeffrey will have a message of special import for a Medford audience.

The meeting will be held under auspices of the Medford Townsend club and will begin at 7:45 p.m.

Gates further stated for purpose of emphasis if accidents increased much in proportion in the next few years as they have since 1931 there will be no one left in the United States—everyone will have been killed in car accidents.

During 1930 there were 835,250 accidents resulting in death or injuries in the United States and 27,223 of that number took place in Oregon. Gates read from statistics on the "Let's Quik Killing" campaign, showed that while accidents had increased in the nation to 920,000, accidents in Oregon during the past year had decreased to 22,393.

One of the best ways of correcting this accident and killing problem is to enforce to the fullest extent traffic laws and carry out the penalty sentences those who are fined for reckless driving and negligence, Gates said.

Regarding tolls on the coast highway bridges, Gates said he was not in favor of the people of Oregon paying the huge expense bit by bit as they crossed the bridges. Gates said that the Pacific highway will always be the commercial arterial route of Oregon and so much money invested on the coast would not benefit southern Oregon.

The naming of advising and planning counselor, Wood (Sears-Roebuck as relief adviser is generally interpreted as reflecting Commerce Secretary Rogers' recently enlarged influence at the White House.

The White House is keeping mum about it as yet, but Mr. Roosevelt plans to go fishing aboard the Nourmahal down south in a few weeks, probably leaving here around March 23.

'POP' GATES URGES STRICT PENALTY TO CURB TRAFFIC TOLL

GRANTS PASS, Feb. 19.—(Sp. 1)—Automobile accidents causing death are criminal not only in this state but in every state in the union, said C. E. (Pop) Gates, of Medford, speaker at the chamber of commerce forum luncheon Monday at the Redwood hotel.

Gates further stated for purpose of emphasis if accidents increased much in proportion in the next few years as they have since 1931 there will be no one left in the United States—everyone will have been killed in car accidents.

TICKETS GO ON SALE FOR HIGH OPERETTA; NO SEATS RESERVED

A week from tonight an operetta, "The Chimes of Normandy" will open for a two day engagement, under auspices of the combined girls clubs of the Medford Senior high school.

Paul A. Menegat, principal of the high school, announced yesterday that ticket sales were officially open to the play-going public. These advanced ticket sales will be open until curtain time next Tuesday.

Some 2500 tickets have been prepared for sale, stated Menegat. The auditorium, one of the most modern on the coast, has a seating capacity of 1900, when both the main floor and the balcony are filled. To permit everyone to see the production, a second showing will be necessary Wednesday, Jan. 27 will be the final evening performance. A special matinee has been prepared for the grammar students of the city.

Profits derived from this operetta will go to the "auditorium" fund. This fund is one which pays for the auditorium and the upkeep. Experience and recognition is the only reward of the student participants.

Districting of the business section is being used in reaching the buyers. A meeting of the associated students was held yesterday to acquaint them with facts concerning the operetta and the prices.

There will be no reserved seats. Home portraits of family groups and children at Special Prices. Shauple Studio, Phone 1308.

News Behind The News

(Continued from Page One)

Some hallyhooded code provisions have never been put into effect while others have been so altered as to change their meaning entirely.

This situation, plus law enforcement, makes Mr. Roosevelt's proposed reorganization essential.

The White House is still having trouble with too many spokesmen who do not seem to agree. One such spokesman recently told a state legislator that Mr. Roosevelt was not behind the child labor amendment.

The naming of advising and planning counselor, Wood (Sears-Roebuck as relief adviser is generally interpreted as reflecting Commerce Secretary Rogers' recently enlarged influence at the White House.

When you need an excuse to stay a little longer...

I'm your best friend
I am your Lucky Strike

I give you the mildest smoke, the best-tasting smoke. You wonder what makes me different. I'll tell you. It's center leaves. I spurn the little, sticky, top leaves . . . so bitter to the taste. I scorn the coarse bottom leaves, so harsh and unappetizing. I am careful of your friendship, for I am made only of the mild, fragrant, expensive center leaves.
