

FISHING GEAR BILL CAUSE OF HEATED DEBATE IN HOUSE

(Continued from page one)
attains the constabulary from taking any part in the suppression of strike disorders.
Meanwhile the battle for votes rages between the labor lobby and the governor and his friends.
"There is no reason why the state police should not be utilized to maintain the peace during strike disorders just as they are at any other time," Governor Martin said today.

Will Maintain Law, Order
"Law and order is going to be maintained in this state as long as I am governor. If they deny me the use of the state police I will call out the militia if necessary to preserve order."

"I recognize the right of labor to organize; I recognize its right of collective bargaining and its right to strike and to peaceful picketing. But I do not recognize its exemption from the obligation to observe the laws."
Yesterday's roll call on the bill showed:

Yes—Bull, Carter, Duerst, Engdahl, Erwin, Falkland, Fulmer, Gouley, Graham, Hill of Lane, Hill of Hood River, Hockett, Honeyman, Hughes, Johnson of Multnomah, Knight, Krier, La Tourette, Lynch, McCloskey, Merriam, Munyan, Norton, Osborne, Rennie, Riddle, Rodman, Snider, Staples, Taylor, Wallace and Cooter.

No—Angell, Alber, Barnes, Bolvin, Caulfield, Dickson, Eckelsley, Frazer, Haight, Hamilton, Harrison, Hoeh, Hyde, Johnson of Josephine, Jones of Marion, Kirkpatrick, Leach, Magruder, Martin of Marion, Nelson, Northlad, Olsen, Rankin, Ross, Scott, Semon, Smurthwaite and Thomas.

Deft Seen Sure
House leaders today were of the opinion that any attempt to secure reconsideration of the bill would only result in its more decisive defeat because of the openly expressed attitude of the governor.

A motion to suspend the rules and reconsider the vote by which Senate Bill 35, giving the highway commission authority to enter into contract with the state of Washington to establish free ferry service across the Columbia river from Astoria to Megler, Wash., gained the necessary two-thirds majority, and Senator Francis-covich immediately moved to refer the bill to the roads and highways committee for amendment. The motion carried.

Pass Jacksonville Bill
Senate bills passed today included: Authorizing the city of Jacksonville to borrow money from the federal government for construction of a waterworks system; authorizing first class school districts to employ summer playground supervisors, and authorizing sheriffs to require an indemnity bond of \$5000 from a plaintiff or judgment creditor in cases where sale or retention of personal property was involved.
Major matters in addition to the fish bill scheduled for consideration by the house for the afternoon included a bill regulating cosmetic therapy and house bills dealing with common user privileges of public utility facilities to municipalities; providing additional revenue for firemen's relief and pension fund and providing for collective bargaining by public employes.

Wall St. Report

NEW YORK, Feb. 20.—(AP)—The stock market went into a moderate slump in the afternoon trading today after selective buying chalked up gains in several specialties. Active selling around the end of the fourth hour depressed many leading issues 1 to 2 points but pressure was lifted toward the close and losses were partially recovered. The final tone was heavy. Transfers approximated \$40,000 shares.

Today's closing prices for 32 selected stocks follow:

KEEPS FEET DRY—CHILDREN TO SCHOOL IN BOATS

The little bulldog at the left found the top of a fire hydrant in Long Beach, Cal., a good place to stand when heavy rains flooded parts of the city. The downpour made it necessary to take children to and from school in boats. A boatload of the youngsters shown at right. (Associated Press Photo)

IT'S TOUGH ON MANY A BACK SEAT DRIVER

When fast-melting snows combined with heavy rains to flood Snohomish valley in Western Washington, motorboats replaced automobiles as means of travel. Here's one driver "pulling off the road" to get some gas. (Associated Press Photo)

FILM STARS SEE APARTMENT BURN

HOLLYWOOD, Calif., Feb. 20.—(AP)—One fireman met death at a spectacular fire which raged for more than an hour today in one of the fashionable apartment structures in the foothills of the movie capital. He was E. W. Woods, who fell from the roof of the burning structure.
The flames attracted a thousand spectators to the scene, including movie notables. Damage was estimated to exceed \$100,000.
Leo Tracy, whose movie roles have included those of a newspaper reporter, lives nearby. He went to the fire and then to a nearby drugstore to telephone to a newspaper.
Ain Hale, actor, living next door to the scene of the fire, opened his home to reporters. His wife reported having heard an explosion in the apartment house, which was said to have cost \$1,000,000.

TO PORTLAND BY DAY

One way **\$659** Roundtrip **\$1065**

Next time you go to Portland, try the train. Ride in a big, comfortable coach on the Shasta—a daylight trip—arriving Portland at 7:55 p.m.

OR OVERNIGHT

... or leave here at night on No. 330, arriving Portland at 7:55 next morning. For only a few dollars more, you can sleep as you ride in a roomy standard Pullman berth. Similar service returning.

USES LESS GASOLINE ON COLD STARTS

Calculates Super-SHELL saves him about 1/2 cup fuel on each of 10 daily cold starts. End of winter should see him over 28 gallons ahead

If a gasoline saving is worthwhile to you, try Super-SHELL today.

Thermalized Super-SHELL can save you gasoline in any winter weather—and as much as a cupful every real cold start.

It's the only winter gasoline that is Thermalized. Made to meet winter temperature in this locality.

HILT CCC FLASH COMING TO FIGHT IN ELKS SMOKER

Al Moreno, 133 pound flash from Camp Hill, will make his second appearance on the Elks-CCC smoker Thursday night when he meets Vern Van Alst, 124, of Bradford. Moreno defeated Buddy Jack of Applegate in his first appearance here and will be pitted against the formidable Van Alst in the last of the elimination matches. Van Alst has won eight fights in the Roseburg area.
William Fox, 120, Indian Creek, has been paired against Marvin Rickett, 118, of Bradford, in another of the five CCC bouts. Neither of these little boys has had long experience in the ring but they have made such good impressions in their camp appearances at Captain William C. Ryan, district athletic officer, has decided to put them together for the show.
The card will be staged as the last of the elimination series under the sponsorship of the Elks. Fighters from every one of the five districts zones have been brought here to compete for the right to show on the final championship card.
Lieut. Henry Phelan, Yreka matchmaker, will bring up several boys from the northern California camps, while Lieut. Gerald Bettman, athletic officer for the Marshfield area, is bringing in men from the coast.
Lieut. Edward H. LaSalle, in charge of the I-C athletic program at Roseburg, is to bring several boys here including "Chief" Thomas, sensational scrapper.

Sea Lions Kill Huge Shark In Tillamook Cove

ASTORIA, Ore., Feb. 20.—(AP)—A battle to the death between a 20-foot shark and six sea lions in a cove at Tillamook Head, near Seaside, in which the powerful slim-bodied shark was the victim, was described here today by Bert Guinn and Wayne Hensala, who witnessed the spectacle late yesterday.
The shark, they said, first was attacked by one sea lion, but five others soon joined the fray. Many times, they said, the shark either leaped or was hurled out of the water while the sea lions burged on ferociously and hit huge chunks from its body. The shark, they said, was literally torn to pieces during the course of the battle.

received," Dr. Dyer continued, "4,000,000 persons over 60 years would retire from their jobs, giving their work to 4,000,000 younger persons. It is estimated that 8,000,000 other persons would be given work through the plan."

'CRACK-DOWN' JOHNSON SEES OWN VINDICATION
NEW YORK, Feb. 20.—(AP)—General Hugh S. Johnson, former head of the NRA, today termed President Roosevelt's NRA message to congress a vindication of his own ideas.
"I've said all those things," said General Johnson.

TOWNSEND EXPONENT PAINTS ROSY FUTURE IN PORTLAND SPEECH

PORTLAND, Ore., Feb. 20.—(AP)—Every seat in the civic auditorium was occupied last night, and more than 1,500 men and women tried vainly to gain admittance to hear an exponent of the Townsend old age pension plan urge enactment of that proposal.
About 5,000 persons heard Dr. Frank Dyer of Santa Monica, plead for adoption of the Townsend plan. He is an executive officer of the Townsend association.
"Every man and woman who received part of the \$24,000,000,000 under the plan would be an agent of the government," Dr. Dyer said. "In circulating the nation's wealth."
"At the end of the year they would not have a dime. It would be in the pockets of the people of the United States, in every line of business."
"On the first day that checks were

THE THROAT-EASE CIGARETTE

EVEN A HUSBAND

—Could Cook with A New ELECTRIC RANGE

You don't have to be an expert cook to get expert results with an Electric Range. Even the most difficult foods are easy to prepare with an Electric Range—a range that can be counted on for accuracy and dependability. Cooking this new way is so much easier—because of modern time and temperature controls your range continues to cook things just as you wish and for as long as you wish, even though you're spending the afternoon away from home. Watching and waiting are minimized. Electric cookery costs no more and probably less than other methods. And there are other savings, too. Electricity does not blacken utensils or get kitchen walls and furnishings grimy—so you're saved the expense and energy of cleaning. But perhaps the most important thing of all about electric cookery is that everything tastes better. Let us demonstrate a modern, up-to-the-minute Electric Range and automatic water heater to you—you'll be convinced.
