UP TO 28% MORE MILEAGE

With Greater Safety

Tested against America's leading tires, Wards New First Quality Riverides give up to twenty eight percent more mileage! Greater traction—longer non-skid protection—greater safety! That's because the thicker, latter tread is built of SUPER VITALIZED rubber . . . because Riverside's center traction, non-skid tread blocks give two way skid protection . . . because the carcass of the tire is doubly insulated against blowouts!

Guaranteed Against Everything . . .

Everything that can happen to a tire in service without any limit as to number of months or miles! And remember we are right here in town to make good this guarantee at all times . . . quickly and cheerfully without any red tape!
