

FABRICK SPEAKER AT DINNER MEET OF ACTIVE CLUB

Glen Fabrick, district governor of Active Club International, who was in charge of a district convention held over the week-end at Eugene, was the speaker at the regular dinner meeting of the club last night.

Telling of a "very enjoyable" time, Mr. Fabrick said the convention was started by a banquet Saturday evening, followed by a dance at the Eugene hotel. Sunday morning a business meeting was held, attended by approximately 50 Active Club members from Portland, Salem, Eugene, Medford and Ashland, the speaker said.

George Simons of Aberdeen, Wash., president of Active International, was present, Mr. Fabrick said, and spoke on "Budgets of Local Clubs." Other speakers at the convention were Rolla Reedy of Ashland, whose subject was "Problems of the New Club," and Roger Kimberling of Eugene, whose subject was "Building Up Strong Membership." Short talks were given by Kenneth G. Denman, president of the Medford club; W. W. McKinney of Salem and Don Hood, international trustee, of Portland.

Mr. Fabrick said Ed Johnson of Eugene, past president of Active Club International, spoke on "Expansion," and that Wm. McAllister of this city, who is on the international board of trustees, spoke on obtaining the 1936 convention in this city. He urged the support of all clubs in this district.

Sunday morning the delegates were entertained at breakfast by the wives of the Eugene Active Club. Following the business meeting, a golf tournament was held at Laurelhurst Golf club, in which a number of the Medford members participated.

It was announced that the date of the convention of the Active International convention for 1935 will be July 17 and 18, at Aberdeen.

New members installed at the meeting last night were Foster Cone, Emil Mohr and Ray Frisbie.

Guests were Richard Payne, Charles Ferguson and Harvey Robertson, all former members of the Medford club. Mr. Ferguson, of Sperry Flour Co., was recently transferred back from the Cook Bay district. Paul Troch, representative of the Columbia Paper Mills, was also a guest.

Another announcement was that Leslie VanDeen, a member of the Medford club, has moved to Marysville, Cal., where he has accepted a position with the Diamond Match Co. The club expressed wishes for his success in his new position.

Harold Larsen, scoutmaster for Active club's troop 16, announced that the troop will participate in the three planting program to be held at Boy Scout headquarters Saturday morning at 10 o'clock. He said games and stunts will follow the ceremony and at noon refreshments will be served.

Masonic Lodge Dinner and Dance Planned Thursday

The covered dish dinner, dance and card party to be held at the Masonic hall Thursday evening, March 14, promises to be one of the largest social events of the week. The Masonic lodge, Reames chapter of Eastern Star and chapter of Royal Arch Masons will jointly be sponsors for the party.

Dinner will be served promptly at 6:30 o'clock and will be followed by a program, dancing and cards. All Masons, members of Eastern Star and their invited guests are cordially invited to be present. Dancing and cards will be complimentary.

Those desiring to attend and who have not been designated to bring the principal dishes, will please bring either a fruit salad, vegetable salad or a hot vegetable dish. For further information call 988-7.

Ward Croft's orchestra will furnish the music for dancing and the committee is making plans for an interesting program.

Members of the committee in charge are Mesdames L. L. Sanders, chairman, Lillian Gray, Walter Olmscheid, Paul B. Rynning and Miss Beth Watson for the Eastern Star chapter, and C. M. Houston, chairman, E. L. Lenox, R. L. Barton, R. R. Eble, A. G. Bishop, L. C. Stewart and Eric M. Gray for Masonic lodge and Royal Arch Masonic chapter.

Business and Program Scheduled for W. C. T. U.

Members of the W. C. T. U. will meet at the auditorium of the courthouse Thursday at 2:30 o'clock for a regular business meeting to be followed by an interesting program. Mrs. S. C. Godlove has charge of the devotional service.

Each member is asked to respond to roll call with a striking sentence from the Union Signal. After the business session, the entertainment program will be opened with a reading, "My Mother's Daughter," by Mrs. Eva McNary. Mrs. C. A. Meeker will give a vocal solo. The next number will be a play entitled "Get Acquainted With the Union Signal." Betha Rachale Palmer's "Syllabus on Alcohol Education" will be reviewed by Mrs. McCrookey.

All those who are interested are extended an invitation.

Mrs. Vera Johnson Hostess at Surprise

Mrs. Vera Johnson, 40 Park Place, was hostess at her home, February 22, at a pleasant surprise given in honor of Mrs. Emma Boggs, who observed her 67th birthday. Refreshments were served from 2 to 4 o'clock.

WIVES WOULD ADD TO FISHWAY FUND

PORTLAND, March 12.—(AP)—A special dispatch to the Journal from Washington, D. C., said Secretary Ickes has announced the department of public works will recommend a total of \$3,250,000 for fishways at Bonneville dam. This is \$700,000 more than Ickes decided upon several weeks ago, but \$400,000 under the sum Oregon and Washington fish and game commissions have declared is necessary.

M. T. Hoy, master fish warden for Oregon, said the additional \$700,000 "undoubtedly will help considerably," but that with the Columbia river salmon fishing industry at stake, an even more generous appropriation is needed.

Comment on the Day's News

By FRANK JENKINS

PLANS are under discussion, all over the country, for RESTRICTION of potato production, with the hoped-for result of higher prices.

Better go slow. The result of higher prices, especially if they go sharply higher, will be LOWERED CONSUMPTION, which in turn will mean curtailed markets.

Growers can't be prosperous if they can't move their crops.

THERE'S a lot of talk of limitation these days.

This humble writer, whose opinion is merely his own, believes that no nation ever yet became prosperous by working less, producing less and having less.

THERE'S also a lot of talk about sharing wealth.

Remember this: You can't share what ISN'T PRODUCED.

A REVOLUTION starts in Greece—the results so far being uncertain, because of censorship.

But because of the disturbance in Greece, Turkey mobilizes troops on the border, and because of what Turkey does Bulgaria calls back to the colors all officers and soldiers on furlough.

When the flames of war start ANYWHERE in the Balkans, you never can tell how far they'll spread.

WE DO a lot of foolish things in this country—many of them so foolish as to be beyond understanding—but at least we don't grab a gun and get ready to go to war every time Canada or Mexico makes a move.

SIR MALCOLM CAMPBELL, after reaching a speed of 276.81 miles per hour the other day in his weird-looking car, announces that within the next ten days he will make another try for a 300-mile record.

Three hundred miles an hour is five miles a minute. That is SPEED!

WHAT is automobile speed of five miles a minute good for?

Well, it's mighty good for breaking necks if anything goes wrong. But five miles a minute DOES bring out any weaknesses in engine construction, and weaknesses must be found before they can be cured.

Curing weaknesses discovered by five miles a minute speed makes it possible to build safer cars for speeds of one mile a minute.

NEGRO LYNCHING WILL BE PROBED

SLAYDEN, Miss., March 13.—(AP)—Prosecuting Attorney E. C. Wright promised a "thorough investigation" today into the hanging near here late yesterday of A. B. Young, a young negro tenant farmer who had been hunted since Saturday for the shooting of a white man.

Young was wanted by authorities in connection with the death of Hardy Mackie, 45 year old highway employe, said to have been shot by Young when he remonstrated with the negro for promiscuous firing of a pistol.

Young was seized near Rossville, Tenn., across the Mississippi line, yesterday afternoon and rushed to a spot two miles from Slayden by 80 men.

Permitted to sing a hymn and utter a prayer, Young was placed atop an automobile with a noose around his neck. One end of the rope was tied to a tree. Young's captors then drove the car from under him.

CAMERA CLUB PLANS INTERESTING MEETING

The Camera club has a very interesting program for the March open meeting. E. Raymond Driver, whose bird pictures were so much enjoyed at a former meeting, will show many new motion pictures in color. How photography is used in color illustration, with color prints in the succeeding stages of printing, will be explained by Johnnie King. A. H. Miller will demonstrate how films are developed. This meeting, Thursday evening, in the courthouse auditorium, is open to all interested.

Back of 40 million depositors there is over 20 billion dollars on deposit in the United States—a tremendous reserve for the future.

...and back of Chesterfield there is more than 85 million dollars invested in mild ripe tobacco... for milder better taste

Because you cannot make a good cigarette from just one year's crop there are today 4½ miles of warehouses filled with cigarette tobaccos from the crops of 1931-32-33-34—most of it for Chesterfield cigarettes.

Just as money accumulates interest, two and a half years of ageing makes these tobaccos milder and naturally sweeter.

Think what this means—an eighty-five million dollar reason why men and women who smoke Chesterfields will always enjoy a milder, better-tasting cigarette.
