Sparkling Dance Team Adds Zest to Craterian Music Hit

Fred Astaire and Ginger Rogers, whose sparkling dance rhythms were the highlights in "Flying Down to Rio" and in "The Gay Divorcee," have many new steps to offer in "Roberta" the de-luxe musical opening a four-day run at the Craterian theater today. Irene Dunne is also starred. The intricate steps shown above are part of the routine for the "Smoke Gets In Your Eyes" number, one of the several routines which this popular team offer in Jerome Kern's hit.

Crash Injury Fatal—**PORTLAND, March 20.**—(AP)—Mrs. Glen Holt, 48, died last night from injuries suffered November 4 when she was struck by an automobile as she was crossing a street. The accident report said the car was driven by Dr. J. D. Kindschl who, police said, was not at fault.

American Legion Auxiliary rummage sale, 22nd and 23rd, Campbell Clothing Co. Bldg.

Lost Lady

"A Lost Lady," with Barbara Stanwyck in the stellar role, opens at the Roxy theater today.

The picture is filled with thrills and excitement in addition to its tense dramatic moments.

Miss Stanwyck, as a wealthy society girl, is gorgeously arrayed in the very latest of fashionable costumes.

Three Stars Head Cast Rialto Film

"Living On Velvet," which opened at the Rialto theater yesterday for the first time locally, is a smashing drama with a unique twist on the eternal love triangle.

An unusual angle in the romance lies in the fact that two men, friends, each tries to give up the girl they both love, in order that the other may be happy with her. Kay Francis, in the stellar role, gives one of the finest characteriza-

tions of her career as the beautiful society girl torn between her affection for one man and her mad infatuation for the other.

Miss Francis is always beautiful and stunning on the screen, but her part in this picture calls for exceptional talent in dramatic and emotional acting. She portrays her role with such intense feeling and sincerity that she won the complete sympathy of the audience.

The star has two leading men in the production, Warren William and George Brent, the former a veritable Craterian of stability, and the other a likable, though daredevil aviator, who has lost all sense of proportion through a terrific airplane crash in which everyone is killed except himself.
