

### CALIFORNIA MAY JOIN NORTHWEST PEAR PUBLICITY

#### Hood River and Yakima Pearlymen Here Next Month On Junket—Reter Lauds Advertising Plans.

At an all-day meeting of the trustees of the Oregon-Washington Pear Bureau held at Portland Friday, Gordon Green of American Fruit Growers and Shelby Tuttle of Southern Oregon Sales were elected trustees to fill vacancies from the Medford district.

It was decided at the meeting to enlarge the advertising program which has been conducted under auspices of the Oregon-Washington Pear Bureau on winter pears the last four years to include California.

A committee of trustees from Yakima and Hood River is to come to Medford the middle of April, according to word received yesterday from Portland, and join Medford members of the committee on a visit to California winter pear producing districts, at the invitation of Howard Anderson, chairman of the winter pear commodity committee of the California tree fruit agreement.

"We feel that our research program has developed to the point now where we can go out and tell the world about our pears," said Raymond Reter, who attended the meeting. "During the past few years, through the work of the Oregon experiment station at Corvallis and the Oregon Medical school at Portland, we have conducted more intensive surveys which have shown us that our winter pears possess health values not found in other fruit. We believe that now is the time to enlarge our program to the extent of doing a real educational and promotional program next year, based on the careful preliminary and preparatory work which has been carried on in the past few seasons."

"We are glad to find that California wants to join us in this program."

Negotiations for the manufacture of the Hartman wrap for the coming season were started due to demand for wider use during the coming season.

A resolution was passed asking that the state liquor boards of the states of Oregon and Washington give preference in their purchases of liquor to products of countries that are importing winter pears from the states of Oregon and Washington, particularly France, which is taking a large quantity of winter pears.

### SENIOR CLASS TO GIVE 'CLARENCE'

Making its first formal dramatic bow on April 26, the class of 1935 of the Medford senior high school will present "Clarence," a sparkling comedy in four acts.

Booth Tarkington, author of many gems of the play world, first sent this play to the New York theater goers in the old Hudson theater some 16 years ago. Among the noted playing leads were Mary Boland, Helen Hayes, and Alfred Lunt. The play was an outstanding hit, putting several stars in the bright lights of Broadway.

"Clarence" was presented by the local high school in 1919 with a talented cast of persons now occupied in various activities.

Rek Robinson is director of the forthcoming play.

The cast of 10 chosen from the graduating class is composed of the following persons: Clarence, Dolph James, Mr. Wheeler, Verne Campbell, Mrs. Wheeler, Pat Young, Mildred Inzary, Coza, Betty Thorndike, Bobby, Lucien, Ann Smith, Mrs. Markey, Betty Vilin, Hubert Stern, Robert Young, Della, Betty Dymun, Dorelinda, Donald Gray.

Robert Murphy, student dramatist, will assist Mr. Robinson in the directing of the play, and Warren O. Light will act as property manager. Mr. Island Mentor, industrial art instructor, will handle the settings of the stage.

Miss Doris Boer and Mrs. Glenn Mac Earl, English instructors, aided in the selection of the cast and will act as an advisory board throughout production preparations.

"A very capable cast, an excellent play, and splendid assistance will no doubt make this play a huge success," stated Mr. Robinson yesterday morning at the local high school first practices were held yesterday with a strict schedule for the week mapped out.

The next meeting will be held at the home of Dr. R. L. Burdick in Ashland. Dr. C. E. Kuntz will be co-host with Dr. Burdick.

Those present at the Thursday meeting were Dr. H. F. J. Johnson, Van Valkenburgh, Kuntz, Lagergren, Inge, Goldsberry, Pease, Saunders, and Elliott.

Lawson—time to get them sharpened and repaired. Call for and delivered. Medford Cycles, 23 N. W. Phone 261.

### MEDFORD FEDERAL LOAN RESOURCES AT \$100,000 MARK

J. H. Fletcher, secretary-manager of the Medford Federal Savings and Loan association, announced that the resources of this association have now reached \$100,000. This is considered a remarkable showing in view of the fact that the association received its federal charter less than six months ago.

The Medford Federal Savings and Loan association is strictly a local institution. Its directorship consists of C. M. Kidd, John C. Mann, W. J. Warner, C. C. Lemmon, H. E. Green, Glenn O. Taylor, and J. H. Fletcher. These are all local business and professional men, most of whom have served for many years prominently in business and civic affairs in this community.

The organization and building of this association to the present size has been accomplished through a minimum of expense by operating as a companion charter to the Jackson County Building and Loan association. The two associations have an operating agreement whereby the operating expense of each is materially reduced because the same officers, employees and space are used to the advantage of both associations, relieving them of the duplication of these expenses.

Since its formation the association has opened many new savings accounts which conform to the particular savings requirements of each investor. Accounts ranging from 50c a month to a lump sum investment of \$5,000 can be opened. These accounts are all fully insured by the Federal Savings and Loan Insurance Corporation.

On December 31, 1934, only three months after its organization, the association paid its first dividend, amounting to 4 per cent per annum on all accounts. In addition to this, a 1 per cent per annum bonus was reserved for those accounts where regular monthly installments are being made. The dividend date in the future will be on June 30th and December 31st of each year, and funds invested by the 10th of each month will receive dividends from the first of that month to the dividend paying date.

Savings of the association are invested in first mortgage loans, which are primarily on residential properties. These loans are all made on property in Medford and immediate vicinity and are all on a direct reduction monthly payment plan ranging from 5 to 20 years. Since its formation the association has made over 40 loans, of which \$15,000 was for repair, improvement or construction.

The continuance of making loans by the association is assured, for the reason that the United States government will invest \$1 for every \$1 furnished locally. In addition to this, a Federal Savings and Loan association may borrow up to 35 per cent of its capital from the Federal Home Loan bank of the district of which it is a member. This source of funds constitutes a reserve on which the association may draw when good loans are available or when applications for repurchase of shares are filed.

Capital, reserves, surplus, income and franchise of Federal Savings and Loan associations are wholly exempt from all federal taxation and are subject to no state, county or local taxation greater than levied on other similar thrift and home finance institutions.

Federal Savings and Loan associations are local, mutual, thrift, home

### SNOW HALTS AUTO TRAVEL IN SOUTH WITH \$500 LIMIT AVAILABLE SOON

Ed Reames, son of Mr. and Mrs. A. E. Reames, arrived from Stanford university early Saturday morning for spring vacation, after a trip through snow in northern California described as the hardest driving he has ever experienced. He was accompanied by Otto Tuscka, his roommate at Stanford, who will spend the vacation with Reames.

After reaching Redding, Calif., the couple encountered a driving snowstorm that had covered the ground to a depth of two feet and made visibility extremely poor. They found nearly a score of automobiles stalled along the highway, many having skidded into heavy drifts. Trucks and cars blocked the road for miles, and it took them hours to thread their way through the snow and the traffic jam, Reames said.

financing institutions chartered by the Federal Home Loan bank board in Washington, D. C., and are operating under strictly defined principles applying to loaning policy, investment safeguards and repurchase privileges.

Audit of each Federal Savings and Loan association must be made at least once each year by a qualified accountant, in addition to examination at least once annually by a member of the Federal Home Loan bank board. The accounting practices of every Federal Savings and Loan association must be approved by the Federal Home Loan bank board, contributing to such association a high degree of uniformity of operation.

In the state of Oregon there are 19 Federal Savings and Loan associations with total assets of approximately \$1,500,000. The report of the Federal Home Loan bank system indicates that there were 630 Federal Savings and Loan associations at the close of the year of 1934. The total assets of the federal associations were \$143,000,000. The striking development of this type of institution has been accomplished almost entirely during the past twelve months.

Practically all money loaned by these institutions is placed in homes and gets to the aid of not only the home owner, but to the building tradesmen and the building industry and incidentally to many other lines of industry by payment of wages to laborers and artisans.

SCOTTISH RITE Stated Chapter meeting 7:30 P. M., March 29th. Lecture by W. A. Gates, L. E. WILLIAMS, Secy. Use Mail Tribune want ads.

CHEAP watch repairing is Expensive! The cheap bargain-store kind of overhauling which simply rinses your watch in benzine... is the most expensive in the end.

As an authorized GREEN WATCH agency we offer a professional service of highly trained and experienced technicians... the kind a good watch deserves... the only kind the manufacturer recommends.

Bring in your watch for free inspection.

By our method, each of the 150 odd pieces is separately cleaned, polished, oiled and adjusted to accuracy.

### SEED LOAN COIN WITH \$500 LIMIT AVAILABLE SOON

SPOKANE Wash., March 23.—(AP)—Pacific northwest farmers who need emergency feed and seed loans will be able to get the money within a week, the farm credit administration for this area revealed today.

The loans would come from the \$60,000,000 fund made available for this purpose by congress, and would go to farmers unable to finance their operations by other means. "Although the maximum loan to an individual farmer has been raised to \$500," said A. C. Adams, general agent of the administration, "no loan will be made for more than the amount actually needed, and borrowers must act in good faith throughout, subject to penalty for misrepresentation or evasion."

An application for a loan of less than \$500 may be made directly to county crop loan committees. If more than \$500 is needed, the applicant must first get a statement from his local production credit association showing his application for a loan of approximately the same amount has been rejected.

Emergency loans will be made only to farmers cooperating directly with the production control program of the agricultural adjustment administration, or who are not proposing to increase their 1935 production in a way detrimental to the success of this program, Adams said.

### Obituary

Harriet J. Taylor, a resident of Jackson county for 24 years and late of Butte Falls, where she had been making her home with her daughter, who is teaching school there, passed away at a local hospital early Saturday morning at the age of 99.

Mrs. Taylor was born at Macon City, Missouri, June 7, 1865. For many years prior to coming here, she resided at Durango, Colo. She leaves two daughters, Hazel Taylor of Butte Falls and Jennie L. Pearson of Meas, Ariz., who was here at her mother's passing.

Funeral services will be held at the Congregational church at 2:30 p. m. Monday with Rev. Smith officiating. Interment will be at Medford.

Some 215 species of fish found in British Columbia waters have been classified by naturalists of the Dominion's museum.

### I. E. FOY RESIGNS AS RUM STORE HEAD

I. E. Foy, for the past year manager of the state liquor store here, yesterday handed in his resignation to the state liquor control commission. Mrs. J. F. Reddy, who has been acting as cashier at the store, was yesterday appointed temporary manager by Otto J. Runtz, state supervisor, who was in Medford in connection with an inventory now being taken at the store.

Foy, in commenting on his resignation, said that press of other business forbid his longer staying at the liquor commission post. He will remain in Medford. He has been manager since the start of the store.

Whitworth Calls—George F. Whitworth, project superintendent at Oregon Caves CCC camp, was a Medford visitor Saturday, and reported that 90 enrollees will leave for the east from Oregon Caves Monday, and will be replaced in a few weeks by men from Illinois.

Mrs. Dyan Recovering—The many friends of Miss Emely Dyan will be pleased to know that she is recovering rapidly from a recent accident in which she fell and broke a bone in her foot. The fall occurred two weeks ago.

### KLAMATH 'GAY 90' ORCHESTRA A HIT

About five hundred people enjoyed one of the best parties that has been held at the Elks club for some time. The most interesting and unique part of the program was the "Gay Nineties" orchestra, which entertained during the dinner hour. This orchestra was composed of members of the Elks lodge of Klamath Falls, and everyone was high in their praise of the program they presented. Members of the orchestra were Director S. F. Scott, Dewey Powell, Doctor William Peak, Fred Houston, Kyle Morgan and Carl Cook.

M'Nary Bill Calls For Columbia Survey WASHINGTON, March 23.—(AP)—A bill introduced today by Senator McNary (R., Ore.) would authorize a preliminary examination and survey of the Columbia river at Harney, Ore., with a view to its improvement.

Buckingham Recovering—Roy (Deke) Buckingham, who underwent an appendicitis operation two weeks ago at the Sacred Heart hospital, was able to return to his home yesterday, at 236 South Central.

### WEATHER EXPERTS INSPECT VALLEY

J. B. Kinzer, chief of the climate and crop division of the U. S. weather bureau, Washington, D. C., and Floyd D. Young, in charge of the weather bureau fruit-fruit service on the Pacific coast, were visitors in Medford on Friday. They made a tour of the valley, visiting several of the fruit packing houses and orchards, escorted by E. W. Carlton of the Fruit Growers league and R. J. Rogers, local frost forecaster. They attended a noon luncheon of the Chamber of Commerce board at the Hotel Medford where short talks were made concerning weather bureau work. Messrs. Kinzer and Young left Friday night for Portland, and other fruit-fruit districts.

Third Riot Victim NEW YORK, March 23.—(AP)—The Harlem riot claimed its third life today when Andrew Lyons, 36, negro, died of internal injuries.

Barbara Salls SOUTHAMPTON, March 23.—(AP)—On her first lap to Reno and a divorce from Prince Alexis Mdivani, Princess Barbara Hutton Mdivani sailed for New York today aboard the S. S. Bremen.
