ENJOY MORE SUNNY DAYS

Your moods, your actions, your very personality—all are influenced by the state of your health. Avoid common constipation due to insufficient "bulk" in meals. This ailment may cause headaches, loss of appetite and energy. It takes the color out of living.

Kellogg's All-Bran, a natural laxative food, furnishes you with this needed "bulk." Within the body, it absorbs moisture, and forms a soft mass. Gently, this clears out the intestinal wastes.

The "bulk" in All-Bran remains effective with continued use. Two tablespoons daily are usually sufficient. Chronic cases, with each meal. If not relieved this way, see your doctor. Isn't this cereal food better than patent medicines?

All-Bran also provides vitamin B and iron. Serve it as a cereal with milk or cream, or cook into muffins, breads, waffles, etc. It's much more satisfactory than pert-bran products. Get the red-and-green package at your grocer's. Made by Kellogg in Battle Creek.

Keep on the Sunny Side of Life

GRANGES TO SWAP PROGRAM SERIES STARTING FRIDAY

A series of programs, planned by some of the granges, will begin Friday night when Phoenix Grange will take the lecture program to the Central Point Grange.

This program circuit includes seven granges, and once each month a program will be given by one of these granges at another grange, also at each of these programs, each grange in the circuit is to take as many of their members as possible. At the close of the circuit, a cup will be given to the grange that has had the largest per cent of their membership present at all of the meetings.

The cup is being purchased by the Phoenix Grange and will be presented to the Central Point Grange, who in turn will present it to the Talent Grange when they present the program there.

The circuit to be followed is as follows: Phoenix at Central Point, April 5; Central Point to Talent, May 2; Talent to Jacksonville, June 14; Jacksonville to Bellevue, July 2; Bellevue to Rony Ann, August 2; Rony Ann to Eagle Point, September 3; Eagle Point to Phoenix October 8.

The idea originated in the mind of one of the educational committee of the Phoenix Grange, Mrs. V. R. Bonham, and the program will be sponsored by the educational committee of each grange.

A group meeting of the educational committee and the lecturers was held at the Phoenix Grange recently at which time all plans were made.

BELLVIEW WATER MAINS GOING IN

ASHLAND, April 2.—(Spl.) Twenty SERA workers started Monday on the project of laying pipe lines along the Bellview road from the Pacific highway to the city limits, the route to be taken by the new Siskiyou highway.

A second relief project will get under way this week when 24 men start work leveling and grading the Ashland high school football field. They will be employed for a period of four weeks.

The housing campaign canvass by SERA workers was completed early last week, and two others, including the Alda street storm sewers and the water mains on Lincoln street, will be finished this week.

Payroll at the local relief office still averages an approximate \$1200 per week, states Andrew McCallen, in charge of local relief workers.

PRESBYTERIANS END CELEBRATION

The First Presbyterian church of Medford concluded its golden anniversary Sunday, March 31, with the sacrament of the Lord's supper, and admission into membership of 38.

All who attended the reception were delighted with the violin solo by Alice Brill, nine-year-old daughter of Mr. and Mrs. S. E. Brill. The birthday banquet, the 29th, was attended by 250 appreciative members of the congregation who also received much "food for thought" in the excellent addresses given as previously announced. The whistling solo by Catherine Gribble was most excellent.

The dedication of the birthday cake and candle-lighting ceremony was very impressive. It was written by Mrs. R. S. Peterson and recited by the Misses Betty Vilim, Barbara Lemmon, Jeanette Field, Phyllis Phyllan, and Amy Elliott. Mrs. Mattie Vroman Huenegardt played a few numbers on the organ during the intermission before the guests were seated at the tables.

A great deal of credit for the success of each event throughout the week is due to Rev. R. S. Peterson who worked ceaselessly and stood ready to assist in any detail. The committees in charge are highly appreciative of the excellent co-operation given by the telephone girls through all the preparation and week of celebration.
