

SALMON SELLING PERMISSIBLE IF LAW IS OBSERVED

Must Be Taken on Hook and Line — Properly Tagged — No Fishing Permitted During Night Hours, Law

Acting upon senate bill 399, recently passed by the state legislature and signed by Governor Martin, the state police here recently held a meeting to clarify the details of the bill, and the findings are hereby presented to the public. The bill provides that those persons who have legally taken salmon from the Rogue river by hook and line, be permitted to sell those fish as hereinafter provided.

"A bill for an act to allow any person who has first procured an angling license to sell or offer for sale, if properly tagged salmon lawfully caught or taken from the waters of the Rogue river between April 1, 1935, and March 1, 1937, and declaring an emergency.

"Section 1. It shall be lawful for any person who has procured an angling license, as provided by law, to sell or offer for sale salmon lawfully caught or taken by said person from the waters of the Rogue river between April 1, 1935, and March 1, 1937; provided, however, that no more than the limit of salmon for one day now allowed by law to be caught or taken shall be sold or offered for sale in any one day by said person, except that this limitation shall not be deemed to apply to any person or persons, firm or corporation engaged in the business of buying, selling, canning, packing, preserving, peddling or otherwise dealing in fish, who have been issued a license under the provisions of chapter V, title XL, Oregon Code 1930, as heretofore amended or repealed.

"Sec. 2. Before said salmon so caught or taken or sold or offered for sale, as herein provided, they shall be properly tagged for the purpose of identification in accordance with the regulations of the state game commission. For the purpose of this act, the definition of the word 'salmon,' as used and defined in section 40-204, Oregon Code 1930, shall be deemed to apply.

"Sec. 3. It is hereby adjudged and declared that existing conditions are such that this act is necessary for the immediate preservation of the public peace, health and safety; and an emergency hereby is declared to exist, and this act shall take effect and be in full force from and after its passage.

Apparently there is some misunderstanding relative to night fishing. The bill proposed in the last legislature to permit fishing for cat fish at night was never passed. It is unlawful to fish for anything between the hours one hour after sunset and one hour before sunrise.

CHEVROLET DEALER HOLDS OPEN HOUSE

Local service station and independent garage operators and many others interested in the new Chevrolet were entertained at an "open house" at the Rogue River Chevrolet Inc. showroom Tuesday night. The get acquainted meeting was in charge of C. M. Hurd, manager of that company, who welcomed the guests and introduced H. D. Byington of Rogue River Chevrolet, Inc.; Larry Westeweller, district sales manager for the Chevrolet company; D. O. Dryer, manager of parts and accessories for the Chevrolet company at Portland and E. M. Gregg, district parts and accessories manager from Portland, who gave short talks.

Interesting talking pictures were presented by Mr. Westeweller showing the painstaking tests, the construction and operation of the new 1935 Chevrolets. A Dutch lunch and beer was served following the moving picture program.

THREE MORE PLACED ON AGE PENSION LIST

The county court, acting as the old age pension board, at its regular monthly meeting yesterday granted three new pensions, bringing the total for the county to 207. One pension application was reconsidered without action. Three applications for pensions were deferred.

The county court at the present time is somewhat handicapped by doubt as to what the last session of the legislature did in regard to changes in the old age pension law and plans to "go slow" until definite information is received.

More than 6,000,000 bottles are estimated to have been placed in the catacombs of Paris.

CITY TO COLLECT LICENSE FEE FOR MARBLE MACHINES

(Continued from page one) ten application for a license and file it with the city recorder. The application should state the name, address and place of business of the applicant, and a description of the machine, by serial number, if possible, and a statement that the machine is not in violation of the state law with reference to slot machines. Only Games of Skill.

The ordinance will effect only those machines that require some element of skill in operation, and not vendors of merchandise strictly as such. It was pointed out. The "marble games" will be effected chiefly, there being as many as half a dozen of these devices in some places of business.

Robert Burns, proprietor of the Domino restaurant, and Emerson Merrick of Merrick's camp ground appeared at the council meeting to request that an ordinance be passed allowing public dances in Medford to progress until 2 a. m. Sundays. Reason in making this request was the belief that young people attending the Saturday night dances in Medford leave the city at midnight, and attend various roadhouses or dance halls outside the city limits, driving recklessly over the country roads.

It was declared that allowing dances to remain open until 2 Saturday nights would tend to keep the young people within the city, where there is less chance for accidents and a better chance for surveillance by the police force. It is already permissible to hold dances later than 12 o'clock on week nights. This matter was referred to the license committee, on which H. S. Deuel will replace C. C. Furnas, who is out of the city.

Jewelers Protest

Representing the jewelry business in Medford, Leland Brophy, John W. Johnson and Mr. and Mrs. John F. Lawrence addressed the council from the floor in regard to paying the license fee for electrical merchandise because of the handling only of electric clocks. They declared that an exception should be made for jewelers, in that electric clocks were not electrical appliances and came into general use since the electrical merchandise ordinance was passed. They held that they would either be forced into the electrical appliance business or be forced to discontinue sale of electric clocks.

Frank Rogers, city inspector, stated during the lengthy discussion that a bill was passed during the recent session of the state legislature requiring that if no city ordinance is effective, a fee of \$25 must be paid the state for handling electrical merchandise. Rogers pointed out that purpose of the ordinance was to prevent sale of faulty merchandise. The matter was referred to the license committee with Larry Schade in place of Furnas.

Wine Permit Asked

An application submitted by Frank Feise of the Brass Rail, 1120 South Riverside, for a restaurant license to permit sale of wine, was approved pending payment of a fee of \$5 to the city. A fee of \$75 is required by the state liquor control commission.

The council passed an ordinance declaring the assessment on the property benefited, for the cost of improving East Main street from Riverside avenue to the West approach of Main street bridge.

Other business at the meeting included routine reports, among which a streets and roads committee report included the planting of 112 locust trees during March along Bear creek between Main and Jackson streets. The trees were donated by Professor F. C. Reimer of the Southern Oregon Experiment station.

RAIN DELAYING WORK ON NORTH RIVERSIDE

Rain today delayed the resurfacing on North Riverside avenue which, according to Resident Highway Engineer V. L. Goodnight, is between 35 and 40 per cent completed.

Work on the resurfacing and widening of the Pacific highway through Gold Hill is also progressing favorably, and will be completed "well ahead of the time limit," according to Engineer Goodnight.

Rain and wet weather has also caused a delay on road work in the lower Applegate.

FORMER ALIEN WILL GIVE LIFE STORY AT NAZARENE THURSDAY

P. G. Jurich, a native Jugo-Slavian will give his life story at the local church of the Nazarene, Thursday at 7:30 p. m.

Mr. Jurich came to this country at the age of 18. Leaving his poverty-stricken country and a humble log

P. G. Jurich

cabin, he tied his scant belongings in a bundle and set out for the mystic land of opportunity and wealth.

Having the address of a fellow countryman, on landing in America, he was tagged by an official and sent to the address.

Entering the American schools at the age of 23, he was placed in the third grade. Despite the humiliating eagles of his little classmates, over his blundering attempts to speak English, he stayed with it. In two years he completed the eighth grade, graduating from high school in three years more. During the next seven years, he completed his theological and college courses.

In the spring of 1922, he was ordained a minister, naturalized a citizen and graduated from college.

His life story is like the thrill of romantic fiction. It is packed with humor and pathos.

The public is cordially invited.

2501 DOGS LICENSED IN JACKSON COUNTY

Licensed dog population of Jackson county passed the 2500 mark this morning with the issuance by the county clerk of the 2501st license. This is the largest number in the history of the county.

Majority of the licenses being issued at present, according to the clerk's office records, are for country dogs, one being procured yesterday for a Provolt dog near the Josephine county line.

The dog licenses cost \$1 for male and \$1.50 for female dogs, plus the penalty of \$1 affixed by county court order after March 15.

FILE ANSWER IN SUIT OVER SISKIYOU GOLD

A reply to the answer of W. E. (Jud) Hittson in the suit of George M. Roberts, Edwin P. Hughes and George Barison against him involving the "Lucky 13" mine claim in Siskiyou county, California, was filed in circuit court yesterday. The plaintiffs ask an accounting of \$16,500 in gold assertedly taken from the claim last December and January.

Four grounds of answer are set forth in the reply, holding that Hittson has no right to abate the suit as asked, and reviewing various California court actions dealing with ownership and property rights.
