 WASHINGTON, April 6.—As apendricks, the new dealers are proving to be something of a disappointment to themselves. They have succeeded in encouraging a rather general impression that they are a good-time Charlie with the money bags. Yet somehow or other they always wind up their fiscal years by spending a couple of cool billions more than they expected to.

President Roosevelt promised last year to run the treasury \$7,300,000,000 into the hole. Congress authorized him to do it. At the end of the year he had succeeded in driving it in only to the extent of \$4,900,000,000. That was \$2,400,000,000 short of his goal.

You can get a good line now on how he is coming out this year by checking the figures for the first three quarters of the fiscal year ending April 1.

He had then dished out about \$7,000,000,000, and his program for the entire year calls for \$8,500,000,000.

This indicates his hoped-for deficit of \$4,800,000,000 will turn out to be \$2,800,000,000, which is about \$2,000,000,000 short.

This failure is due entirely to the deficiency in spending. His income is running true to the line he marked out. The three-quarter figures show receipts of \$2,800,000,000, which will make the whole year's receipts come out at around \$3,700,000,000, as estimated.

But to carry out his spending program he would have to double the existing rate of expenditures for the remaining three months of the year. Even Harry Hopkins, biggest spender who ever hit this town, cannot do that, unless he starts throwing away dollar bills from the top of the Capitol dome.

The spending rate this year has been about \$500,000,000 (not billions) a month, and this rate probably will be maintained for the remaining three months of the fiscal year.

If Mr. Roosevelt wants to punish anyone for letting money go unspent, he can start with Jesse Jones. The RFC was supposed to touch the treasury till for \$400,000,000 this year. Instead, Jones has given the treasury \$137,000,000. Therefore, his spending calculations are off more than half a billion dollars.

The AAA-ers hoped to run \$600,000,000 behind the processing tax receipts, but have succeeded in running only \$167,500,000 behind. Mr. Ickes fell half a billion short of his estimates. Mr. Farley's deficit is nearly \$20,000,000 less than he anticipated, even though he has touched the public debt to \$300,000,000 below estimates.

The only money-thruster who can hold his head up is Hopkins. He figured he would get rid of \$1,700,000,000, and he has disbursed \$1,200,000,000. You can trust him to get rid of the rest before the end of the year.

## F.D.R. BLAMED FOR RECOVERY DELAYS, FAILURE OF N.R.A.

**Direct Attack On President By Iowa Senator Holds 'Brain Trust' Not Cause—Spending And Theories Deplored.**

ROANOKE, Va., April 6.—(AP)—A direct attack upon President Roosevelt was made tonight by a Republican leader, Senator L. Dickinson of Iowa, with a declaration that the "shortcomings of the 'new deal' recovery plans can no longer be charged to the 'brain trust.'"

His direct arraignment of the president, delivered in his southern state that described the Democratic ranks for failing to Herbert Hoover in 1928, marked one of the few times that foes of the new deal swung from attack upon that title to place responsibility for what they term its failure upon Mr. Roosevelt.

Dickinson has been mentioned as a prospective Republican candidate for president in 1936 and his address tonight was regarded as particularly significant in view of known efforts by Republican campaign strategists to have Mr. Roosevelt personally bear the brunt of party attack, as did his predecessor, Herbert Hoover.

Senator Dickinson tonight opened with an assertion that under Democratic administration "the sky is growing darker and no man knows what the weather will be tomorrow."

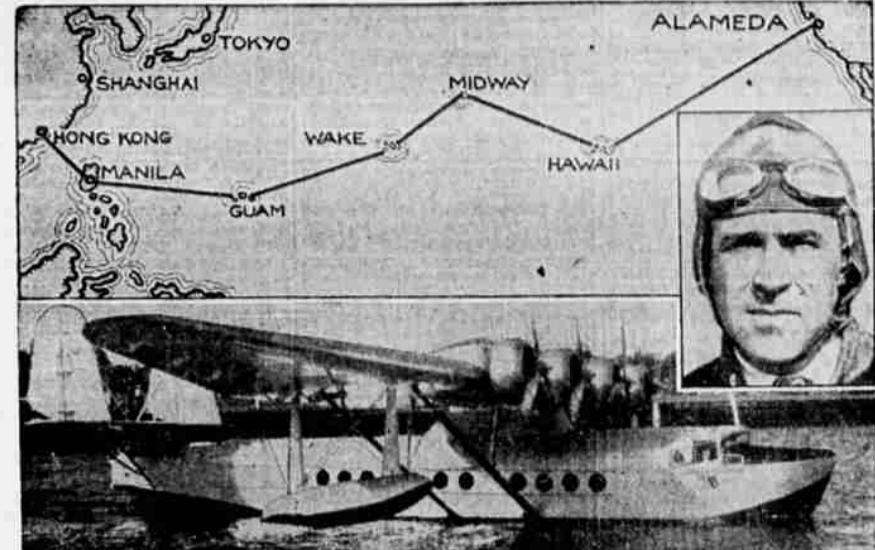

Repeatedly he cited Roosevelt's campaign statements to support the contention they are far different from present administration policies.

"Verily," Dickinson said, "Candidate Roosevelt is a total stranger to President Roosevelt."

The silver-haired senator told a Virginia conference of Republicans that there was only one place to put the blame for administration errors "and that was on the doorstep of the White House."

"It cannot be denied," he continued, "that every detail of our social and business position in this country is worse than it was in the beginning of 1933."

## READY FOR TRAIL-BLAZING FLIGHT OVER PACIFIC

A word from one great trail-blazer, Col. Charles A. Lindbergh, will start another, Captain Edwin L. Musick (inset, right), veteran chief pilot of Pan American, on a flight of 8,500 miles over the Pacific, flying a commercial airplane from Alameda, California, to China. He will carry a crew of six men. The map above shows the route of the flight and below is the huge Pan American clipper after a test flight. (Associated Press Photos)

## REAMES PRESENTS COPCO CLAIMS IN HIGH COURT PLEA

**Protests Dynamiting Of River Bed At Gold Hill And State Water Code, In Cement Plant Suit.**

WASHINGTON, April 6.—(AP)—The California Oregon Power company of San Francisco protested in the supreme court Friday through its counsel, A. E. Reames of Medford, against the decision of the ninth district court of appeals sustaining the Beaver-Portland Cement company of Portland and the city of Gold Hill, Ore., in their diversion of water from the Rogue river.

The California Oregon Power company, located on the opposite side of the river to the joint use of the bed of the stream, has protested vigorously to dynamiting of the bed of the stream by the cement company, asserting it was for the purpose of diverting the stream to its side of the river during most of the year.

Reames asserted his company had riparian rights in common with the cement company located on the opposite side of the river to the joint use of the bed of the stream. He protested vigorously to dynamiting of the bed of the stream by the cement company, asserting it was for the purpose of diverting the stream to its side of the river during most of the year.

Reames will conclude his argument Monday and will be followed by counsel for the cement company and the city.

## BANK INSURANCE BRINGS 3 BILLION DEPOSIT UPSWING

**Washington, April 6.—(AP)—** A three billion dollar increase in bank deposits in the last six months of 1934 was disclosed today by officials of the Federal Deposit Insurance Corporation.

The corporation gave no explanation of the increase in deposits but persons familiar with banking and business trends contended it was due largely to heavy government expenditures for emergency purposes.

Total bank deposits in the United States on December 31 were put at slightly less than \$50,000,000,000. The corporation reported insured deposits of \$38,994,284,000 on that date in the 14,135 insured banks. Mortimer J. Fox, chief statistician of the corporation, estimated deposits of the non-insured banks at \$11,005,716,000.

Both parties in the house are divided over the bill; the Republicans over what attitude to take toward it, the Democrats over whether to ask for a gag rule to stave off amendments which might alter the program still further.

The talk of sending the work bill to Florida for the president's signature subsided today. He will make it law on his return next week from his fishing trip and leaders said today that plans had already been drafted for administration and expenditure of the funds depended upon to virtually put an end to the direct deal.

WASHINGTON, April 6.—(AP)—With final congressional action today on the \$3,800,000,000 work relief bill, leaders turned to other long delayed measures which promise to end strife for weeks and months to come.

WASHINGTON, April 6.—(AP)—The ways and means committee submitted its formal report on the bill today.

## PRIEST'S EARTHSHAKING NEW EVIDENCE TO DAMN HAUPTMANN

**Bruno Lurked Near Lindbergh Home For Months Before Child Stolen—Alibi Witnesses Also Hit.**

MILWAUKEE, April 6.—(AP)—The Milwaukee Sentinel said tonight that a Milwaukee priest yesterday came into the Lindbergh kidnaping case with evidence which shatters the testimony of Bruno Richard Hauptmann and some of his principal alibi witnesses.

The Sentinel said the priest, the Rev. Michael J. Kallock, pastor of St. Joseph's church in Cudahy, a suburb of Milwaukee, told a story which indicated, the Sentinel said, "that the plot against the Lindbergh family was fostered many months before the kidnaping and that Bruno Hauptmann knew every inch of the grounds surrounding the Lindbergh estate."

The information is now in the hands of the department of justice, who have relayed it to New Jersey authorities for further investigation, the Sentinel said.

The Sentinel said that for five years prior to taking up his pastorate here, Father Kallock was pastor of St. Michael's Catholic church on the outskirts of Trenton, N.J.

The high spots in Father Kallock's story, the Sentinel said, were the following:

That Bruno Hauptmann frequented a riding stable and road side rendezvous within several miles of the Lindbergh estate for many months prior to the kidnaping.

That Hauptmann often rode alone in the woodlands about the riding stable and within a couple of miles of the Lindbergh home, and at one time was seen coming from that section of the woods where, many months later, the infant's body was found.

That Hauptmann studied a set of plans of the Lindbergh estate in the office of an architect who had been bidding for the work on the Sourland mountain estate of the aviator.

## An Austrian Count New Love Interest Of 5 and 10c Heiress

LONDON, April 6.—(AP)—A dispatch to the Sunday Express from its Vienna correspondent today quoted Countess Adelaide Haugwitz as saying: "I cannot deny that my brother, Count Kurt Haugwitz, might marry Barbara Hilton Mottram."

The Express story said Countess Haugwitz declined to give further details, saying "It is family business." She and her mother are living at the Palatial Villa Voelckau near Vienna.

## OUTLAW HAMILTON CAUGHT, TO KEEP DEATH CELL DATE

**Southwest Killer Escape To Die Within Month—Last Of The Barrow Gang—Mother Love Unshaken.**

HUNTSVILLE, Tex., April 6.—(AP)—Dapper Raymond Hamilton, last of the Clyde Barrow outlaw gang, came back today to keep a date with death in the state's electric chair.

Shackled and surrounded by the heaviest guard ever assigned for a Texas prison transfer, the elusive bank robber and convicted slayer was brought here from the Dallas county jail and placed in a death cell.

Nine months ago he fled the prison's death row in a daring break with smuggled guns. Last night he was recaptured in a Fort Worth railroad yard after many crimes throughout the south and southwest.

The night, 22-year old former lieutenant of killer Clyde Barrow and his cigar-puffing gun moll, Bonnie Parker—both now dead of police bullets—probably will die within 30 days, authorities said.

U. S. District Attorney Clyde O. Aastus announced that at least 40 persons will be indicted for conspiring to harbor the fugitive killer while he was at large.

Max Rogers, Walker county district attorney who gained the death sentence against Hamilton for the slaying of Major Crosson, a Texas prison farm guard, during a break in January, 1934, said he would seek execution of Hamilton and Joe Palmer on the same date.

## FRANCE, ETHIOPIA RUSH TROOPS TO DEFEND BORDERS

**Italy, Irked By Britain, Doubtful Of French Waits Parley—Paris Guards Against German Invasion.**

PARIS, April 6.—(AP)—France, taking no chances of a surprise invasion of her eastern frontier, will man her concrete and steel defenses fortifications, called to 60,000 soldiers who today were ordered held under arms for three months beyond the normal period of service.

As part of the steadily-growing program to bring the great fortress barrier against Germany up to full strength, trained men are to be kept in the ranks while their younger brothers, called to the colors under the new army program, will get preliminary training to fit them to take over full duties as soldiers.

Today's decision, which will keep the active army stationed in France up to a strength of 350,000 trained men for the next three months, was reached at a meeting of the ministerial council. It came on the heels of announcements yesterday that the army is proceeding with occupation of the defense system, with troops being moved up from southern France into the eastern danger area.

ROME, April 6.—(AP)—High Italian quarters tonight expressed irritation in connection with tri-power conference at Stresa which opens next Thursday.

At Stresa, foreign ministers of the three nations will consider Germany's rearmament, European problems arising in its wake and the old problem of security against war. Italy's attitude can be summed up thus:

1. Annoyance with England because England apparently believes in a conciliatory attitude toward Germany, wants a general European accord and does not want an alliance.

2. Doubt of France because France, believed here to be under England's influence, is seemingly moving toward the idea of a general accord.

3. Belief that some definite stand, such as an alliance, must be taken by the three western powers without regard to any general pact.

## HIGH WIND, HAIL HIT DIXIE CROPS

NEW ORLEANS, April 6.—(AP)—Tornado winds and electrical storms bursting with sporadic fury last night and today through the Gulf coast states left six persons dead and many thousands of dollars of property and crop damage.

Lightning accounted for two of the deaths and hail fell in deposits almost like snow in spots accounted for a goodly portion of the loss.

Trees were uprooted and blown against houses, oil derricks were smashed and windows were blown out. Texas, Louisiana, Mississippi and Alabama felt the storm.

## FEDERAL FINANCE HELD SOLE HOPE OREGON SHEEPMEN

ONTARIO, Ore., April 6.—(AP)—Protests against the liquidation of the Regional Agricultural Credit association and pleas that the government agencies liberalize credit for aiding the range livestock industry were made here today by about 100 Oregon and Idaho sheepmen.

The sheepmen unanimously agreed to incorporate into an organization, with another meeting scheduled for April 13.

Speakers declared that unless relief is granted many stockmen face ruin. Sheepmen better discontinue operations at once unless adequate financing is made available to permit replacement of losses, it was averred.

Perred liquidation of many of the large holdings at this time would further depress the sheep and wool market and jeopardize many of the solvent stockmasters, it was pointed out.

## FARLEY EXPECTED TO QUIT CABINET

WASHINGTON, April 6.—(AP)—A belief that Postmaster General James A. Farley will resign from the cabinet to devote all his attention to President Roosevelt's reelection campaign in 1936 was expressed today by some of Farley's intimates.

When the resignation would take place was not disclosed. The postmaster general's friends said it would be sent in at a time considered proper but not while Senator Huey P. Long continues to attack Farley.

The informants said Farley had been given to understand that President Roosevelt wishes him to handle the campaign for renomination and reelection because of his knowledge of the democratic national setup and his skill as organizer.

WASHINGTON, April 6.—(AP)—The body of an auburn-haired young woman who police said had been beaten, stabbed and strangled was found in a hotel room here today and search was started for a man with whom she registered several hours earlier.

## DEMOCRAT LAUDS SEN. NYE CRACKS WORK OF HOOVER

BOSTON, Mass., April 6.—(AP)—James M. Curley, "original Roosevelt man" in Massachusetts, today told a meeting of automobile men that Herbert Hoover had laid groundwork upon which some of the success of President Roosevelt's administration in bringing about recovery had been built.

"Hoover," the governor said, "laid the groundwork for some of the success that has been attained in the administration's recovery program. I think he paved the way for some of the things President Roosevelt has done."

PHILADELPHIA, April 6.—(AP)—U. S. Senator Gerald P. Nye said today that if Herbert Hoover "or some other old standpater is Republican nominee for president, Roosevelt will know the Republican party under a worse deluge of ballots than in 1932."

## BOY FAIRLY WELL FOLLOWING GRAVE STOMACH SURGERY

PALL RIVER, Mass., April 6.—(AP)—A difficult and comparatively rare operation was performed today at the Truistade hospital on Jimmy Nelson, 13-year-old San Jose, Cal., victim of a ruptured diaphragm, and the hospital tonight said that although "somewhat uncomfortable" his condition was "otherwise satisfactory."

A 9 P.M. bulletin said "Temperature 102, pulse 120, respiration 28, somewhat uncomfortable but condition otherwise satisfactory."

Several of his organs were transferred from his left chest cavity to their proper positions and a tear in his diaphragm—the muscular partition separating the chest from the stomach cavity—was closed.

PHILADELPHIA, April 6.—(AP)—The Pacific coast reported substantial gains in building and construction contracts with a pickup in employment. Wholesale trade was active but retail business lagged. Banks reported business gaining slowly. Agricultural products moved in fair volume.

## FOUND PORTLAND JUST 84 YRS. AGO

PORTLAND, Ore., April 6.—(AP)—Portland was 84 years old today. It was on April 8, 1851 that the charter creating the city became effective. The city was founded in 1845.

VERMONT FIGURE PHASES  
 ST. ALBANS, Vt., April 6.—(AP)—Edward Curtis Smith, 81, former Vermont governor and publisher of the St. Albans Messenger, died today.

England's got a gun, France has got a gun, Italy's got a gun, Germany wants a gun, Austria wants a gun.
