

LATE SPRING MAY FORCE SOWING OF MORE CORN HERE

Sunshine is needed by farmers of the Rogue river valley, so they can sow grain already delayed—according to County Agent Robert G. Fowler, who states there will be an increased corn acreage, as a result. Several farmers have planted wheat and other grain the past week, but others have been deterred by the inclemency of the weather, and wet fields.

"There is not much time left for grain sowing," the county agent said this morning. "Only about ten days left. They will have to hurry, and may be aided by the late season. Many farmers plan on planting corn to take the place of wheat."

Farmers in many instances were deterred from planting wheat last fall owing to lack of rain, and this spring because of too much of it.

Fruit trees of the valley are rapidly approaching the blossoming stage, according to County Horticulturist Igie P. Wilcox. In most orchards the buds are ready to burst. They have been retarded by cloudy skies and rain. Present weather conditions have retarded spraying in some orchards, Wilcox reports. The ground has dried out considerably, enabling equipment to get into the orchards.

A couple of days of bright sunshine will bring out the blossoms rapidly, according to Frank Isaacs, orchard expert. He thinks if warmer weather should come, the pear and other fruit trees will be in full bloom in another week. He says he has found a few D'Anjou blossoms out, the past couple of days.

Julian Daily, indicted on two counts for burglary not in a dwelling, is scheduled to go on trial before a jury next Monday in circuit court. Daily is specifically charged, with two others, with the burglarizing 18 months ago of DeVoe's and the "What-Not."

In the DeVoe burglary the culprits were surprised by city police, in the store. In the fight that followed, there was an exchange of shots between one of the burglars, and City Policeman William Peck.

Glen Stringer, serving three years in state prison, stands indicted for the same crime. He was sentenced for the burglary of Mann's department store last October.

Attorney Otto Prohmayer was named by the court to defend Daily.

DAILY'S TRIAL SET FOR NEXT MONDAY

"Human Mileage" In New General Tire

The blow-outs wrecked 7,740 motor vehicles in the United States during 1934, resulting in a large proportion of 36,000 deaths and the 954,000 injuries caused by automobile accidents last year, it is shown by an annual safety survey just completed by Travelers of Connecticut, according to P. H. McCurley of the Deaver and McCurley service station located at Jackson and Riverside, near General Tire dealers.

Mr. Deaver said: "Inspections made in 1934 in cities and states which require every car to be inspected disclosed that tires were in only fair or in poor and dangerous condition on 56 per cent of the cars examined by safety officials, the survey showed."

These official figures bear out the recent assertion of W. O'Neil, president of the General Tire and Rubber company, when he said:

"Tires on one out of every three cars now being driven in the country are economically unserviceable and should be replaced."

Blinding caused even greater damage and more loss of life and limb than blow-outs, according to the national survey.

Increasing public acceptance of the new "human mileage" General blow-out proof tire is expected to reduce the 1935 death and accident toll among American motorists, according to Mr. Deaver.

ANNA MILDRED DELANEY DIES DURING VISIT HERE

Anna Mildred Delaney, 24, passed away in a local hospital Sunday evening following a brief illness. Miss Delaney was a nurse in training at Denver, Colo., and was here on a leave of absence.

The body was forwarded by Conger Funeral Parlors to Creston, Ia., where her father resides, for services and interment.

TO DECENTRALIZE ADMINISTRATION OF WORKS RELIEF

(Continued from Page One)

"It should be noted that the long delay in the senate was made necessary by the transfer of many millions of dollars previously allocated to highly useful, permanent projects to immediate emergency relief work. This money came from the recovery act appropriation of 1933.

Abandon Some Projects
"Many of the projects which have been cancelled because of this cannot be continued under the terms of the new law."

The president did not go into detail regarding the projects which have to be abandoned.

The word in administration circles, meanwhile, asserted that state and community officials will have important roles in the program which aims at providing jobs for 3,500,000 persons now on relief. Procedures somewhat similar to that employed in CWA's billion dollar drive against unemployment a year ago was outlined at a conference of regional relief engineers which assembled here yesterday.

After affixing his signature to the works bill yesterday, the president directed that \$125,000,000 of the fund be made available to the relief administration, whose treasury was nearly empty, and that \$30,000,000 be turned over at once to carry on the civilian conservation corps.

Further moves, including appointment of a board to administer the entire fund, were left for announcement after his return to the capital. He planned to leave New York immediately after the funeral of Mr. Robbins today.

In administrative quarters here it was said that the largest single share of the appropriation is destined to go to the relief administration.

MRS. MARTIN PLANNING APPEAL OF KMED SUIT TO TOP COURT OF LAND

Henrietta B. Martin reported today that it is her intention to appeal to the United States circuit court of appeals from the decision rendered Monday by Federal Judge McNary of Portland, dismissing her suit against Blanche Virgin, operator of radio station KMED.

Mrs. Martin also stated she would "carry the case to the United States supreme court, if necessary."

Mrs. Martin filed suit against Mrs. Virgin for \$35,000 alleged damages and \$4000 attorney's fee for Mrs. Virgin's refusal to permit her to make a broadcast last December, after it had allegedly been arranged. Mrs. Martin alleged the cancellation of the engagement by Mrs. Virgin caused her "humiliation."

In the federal court proceedings Monday a defense demurrer was upheld and the court ruled that radio stations may pick their clients. The defense demurrer contended that a radio station does not come under the "communications act of 1934."

The case attracted considerable interest among radio stations of the Pacific coast, particularly in the Portland district.

Attorney Herbert K. Hanna, one of Mrs. Virgin's counsel, said this afternoon that the case could be appealed to the circuit court of appeals but not to the United States supreme court.

rolls will be given. Everyone welcome.

Regular Sunday school April 14 at 10 a. m. A splendid attendance last Sunday of 44 so let everyone come out again this Sunday.

Miss Yetta Olsen entertained the members of the opera cast and of the orchestra at the Oasis Friday evening. A very amusing time was had when the guests were asked to name the originals of the baby pictures displayed. Ice cream and cookies were served.

Cast for the play, "Dumb Dora," is rehearsing. This play is sponsored by the P. T. A. and will be given at the Oasis April 19. Proceeds from the play will be used to help the student body pay for the new tennis court and for general expenses.

Annual church meeting was held at the home of Mr. and Mrs. Carl Each April 4. Reports were given by Rev. Smith, Mr. Each and Mrs. Bertha Young. An invitation was extended to Rev. Smith to occupy the pulpit for the coming year and was accepted. Cake and coffee were served to Mr. and Mrs. E. Ousterhout, Rev. and Mrs. Frances Campbell, Mrs. Edith Weidman, Mrs. Lizzie Peire, Mrs. Bertha Young, Mrs. Rita Myers, Mrs. Mattie Brown, Mr. Adams and Gordon Campbell.

Building Permits

Permit issued yesterday to Ethel Hill Evans, 517 South Grape, to remodel residence at an approximate cost of \$1000.

This is the largest permit granted since March 6, when a permit was made out to Dr. W. W. Howard to remodel a residence into a hospital at a cost of \$2000.

Eagle Point

EAGLE POINT, April 9.—(Sp.)—Regular meeting of the P. T. A. will be held April 12 at the high school. Mrs. Gertrude Stanley, program chairman, has announced the following program: Duet, "Tale of Capri," Grace Holman, violin and Bertrand Stanley, saxophone; piano solo, "Carnival of Venice," Dorothy Young. Reports on sex education will be given by Madamess Lulu Taylor, Grace Walker, Ruby Walton, Florence Throckmorton and Walter Charley. Tea and cookies will be served by Julia Davies and Irma Seaman.

Mayor Davies has announced that April 11 will be cleanup day for the town. If all rubbish is gathered in boxes or sacks and set out it will be collected.

The high school baseball team was defeated at Gold Hill Friday, but will try its luck with talent on the local field Friday of this week.

Radio Study club met with Mrs. Rita Myers April 3, with Mesdames Young, Davies, Staman, Tingles and the hostess in attendance.

Regular meeting of the Civic club in Brown's hall April 11, with a no-hostess luncheon. Final plans will be made for the district federation meeting April 25.

Extension unit meets with Mrs. G. E. Ousterhout April 10 at 10 a. m. Demonstration of plain and fancy

CCC CAMP WIMER BEST IN DISTRICT FOR PAST MONTH

CAMP WIMER, April 9.—(Sp.)—The laurel wreath rested firmly on the heads of Oregon boys when awards were announced by Medford district CCC headquarters for the month of March. Camp Wimer's company 964, all-Oregon junior company, was declared best in the district. The flag awarded by Major Clara H. Armstrong will fly from Wimer's flagpole as soon as it arrives from Camp Cape Sebastian where it spent the last month. Company 964 will be remembered during the summer of 1934 where the members were specially commended for fire fighting.

Officers of the military staff are Captain Guy W. Saunders, commanding; Lt. Andrew J. Hemstreet; Lt. (Doctor) L. D. Hansen, Lt. Kermit M. Johnson and Adviser Donald Mace. The technical staff are Supt. Paul Thompson; foremen, P. D. Coy, Earl Coffman, L. W. Amori, E. C. Beach, W. A. White; operators, John Connie and Clayton Akin; and blacksmith, Wm. Dunbrack. The company is now engaged in making 75 miles of roads and telephone lines connecting Section Mt. King Mt., and Battle Mt. to bring the northern townships of Jackson county under the fire control of State Forester Lynn F. Cronmuller.
