

### 283 TRANSIENTS GIVEN CARE HERE IN THREE MONTHS

A report released today from the local federal transient service revealed that during the first quarter of 1935, or the months of January, February and March, a total of 70 federal, or inter-state, and four state transient families were taken care of in Medford. The work is carried on by the federal service and deals only with transient families.

Of these cases, which included 283 individuals, 146 were male and 137 female, numbers which in comparison with statistics compiled last year show that the migration of transient families is being controlled throughout the coast, according to officials. The transients were given what little assistance was needed to tide them over a few days, and sent back to the places of their legal residence.

### FIVE YEAR PLAN OF C-C TOLD LIONS CLUB BY ARTHUR BANWELL

A. H. Banwell, manager of the Jackson County Chamber of Commerce, spoke at the regular luncheon meeting of Medford Lions club yesterday noon on the work that is progressing in Jackson county under the five-year development plan recently inaugurated.

He described in a complete and interesting talk the various phases of work that are being carried on, stressing the importance of the agricultural projects especially. Besides agriculture, the plan covers extensive development programs in mining, industry, federal agencies and other fields, Banwell said.

### BOY CRAFTSMEN BANQUET FRIDAY

The Future Craftsmen will hold their annual banquet tomorrow night at the senior high school building at 6:30. A program and initiation attended by local students, advisors and co-ordinators, as well as many out-of-town guests, will be held in the auditorium immediately after the banquet.

Among the guests will be O. D. Adams, state director of vocational education; W. W. Morse and W. C. Wymer, co-ordinator at Grants Pass, respectively. W. E. Weidman, local director of education work for CCC, will give a short talk on the value of vocational education. E. H. Hedrick, superintendent of Medford schools,

### 19-Year-Old Girl Turning to Stone In Rare Sickness

TACOMA, Wash., April 11.—(AP)—Miss Noma Cloyes, 19-year-old high school graduate, has come to the Tacoma general hospital from her home at Roy to be treated for calcinosis, which turns the body to stone.

No less than 24 physicians have examined her here, it was learned today, in an effort to find a way to combat the disease. Miss Cloyes appears to be in excellent health but the disease has made steady progress. She is on a strict diet and is given special medical treatment and special exercises.

It is said that there are only 28 cases like hers known to the medical world.

### SCHOOL CARNIVAL IS FRIDAY EVENING

Features of interest to both parents and children will be part of the annual school carnival at Washington school Friday night, sponsored by the Washington school P. T. A. Dinner will be served from 5:30 until 7:00 o'clock, at a reasonable price, after which the entertainment will begin.

Parents are urged to dress their children in costume so that they may take part in the parade which is to be held, and also have a chance to win the prize that is to be offered for the best costume.

Noise makers and favors will be sold to add to the carnival spirit that is expected to prevail. Bean-bag, fish-pond, a fortune-telling booth, the popular bean-booth and a "putting" game that promises to attract the men, will be part of the celebration. Hot dogs, candy, coffee and cake, sandwiches and cold drinks will be sold.

In the sideshows, one of the features will be a program presented by Boy Scout troop 8, which will derive a certain percentage of the funds to help send a member to the national jamboree in Washington.

### OREGON TO INQUIRE SITUATION ON RELIEF

SALEM, Ore., April 11.—(AP) Telegrams were to be dispatched to Washington, D. C., today to ascertain the status of Oregon's unemployment relief allocation, how much would be received and how the money would be administered, it was learned from authentic sources.

Governor Martin was silent upon the relief situation but it was understood he would send one of the telegrams, while Guy Lintner of Portland, head of the unemployment work in the state, would send another. Lintner would request the funds in Oregon be expended through the employment agencies set up under federal and state statutes rather than through the relief committee.

### NO EASTER BUNNIES UNDER 6 WEEKS OLD

Regular monthly business and social meeting of the California-Oregon Rabbit and Fur Breeders' association was held at the home of Mr. and Mrs. S. S. Davenport in Ashland April 17. Among other business it was voted that, from a humanitarian point of view, the association would sell no Easter bunnies under six weeks of age. Next meeting will be held the first Sunday in May at the home of Mr. and Mrs. H. H. Lowe in Talent.

### APPLIGATE EXTENSION UNIT TO STAGE PLAYS ON SATURDAY EVENING

BIG APPLIGATE, April 11.—(Spl.)—"We got out, and we're going to live like we got out," is the keynote of the one-act comedy entitled "Calinosis" which will be presented by the Appligate home extension unit April 13 at the Appligate hall. Mrs. Lee Port, playing the leading role as Mrs. August Grosmeyer, and moved to aristocratic ideas by sudden possession of oil wells, reigns supreme until her downfall in the climax of the play, when the humorous situation is heightened by her payment of "hush money."

Her husband (Lance Offenbacher) herked and squelched, neatly epitomizes the state of affairs in the phrase, "Mamma, if I'm a cabbage, can I say, 'one, two, three—now I'm a rose'?" Mrs. Lance Offenbacher plays the part of the flapper daughter. Other members of the cast include Miss Maude Pool, Charles Myers, Earl Handsaker, and Miss Frances Port. The play is directed by Miss Lucille Reeder.

The Extension Unit also presents on the same evening, "Hogo in a Hurry," a 30-minute comedy portraying, among other things, the ridiculous antics of a simple youth on the eve of his wedding day. Wm. Ludwig plays this role in a most satisfactory manner. Others in the cast are Francis Krause, Miss Flossie Rexford, Miss Bee Howard, Mrs. Francis Krause, and Don Truax. Mrs. A. N. Krause is the director.

In addition to the plays and numerous musical numbers, a Dutch dance in costume will be featured. The little dancers will wear wooden shoes fashioned by a resident of a Dutch settlement in Washington, who provides shoes for workers in the tulip fields there. The program will begin at 8:00 p.m. and will last two hours, a social evening following. There will be a small admission charge.

### NORMAN WHITE BACK FOR FORESTRY DUTY

Norman C. White, assistant supervisor of Rogue River National forest, who has been in Tucson, Ariz., for the past six weeks on sick leave, will resume his position at the forest service offices in the federal building Friday. He returned from the south Monday night, having recovered from illness which forced his retirement. Shortly after White left, Norman J. Penick was transferred from the Portland regional offices to the position of administration assistant here, which he will retain.

### Meteorological Report

April 11, 1935  
Forecasts: Fair tonight and Friday but cloudy and unsettled at times; frost Friday morning.  
Oregon: Fair tonight and Friday, but becoming cloudy and at times unsettled over southwest portion; local frosts in interior Friday.  
Temperature a year ago today: Highest, 82; lowest, 43.

Total monthly precipitation, 0.73 of an inch; total monthly precipitation, 0.73 of an inch; deficiency for the month, 0.28 of an inch. Total precipitation since September 1, 1934, 14.46 inches; deficiency for the season, 0.28 of an inch.

Relative humidity at 5 p. m. yesterday, 33 per cent; 5 a. m. today, 86 per cent.

Sunrise tomorrow, 5:35 a. m.

Sunset tomorrow, 6:48 p. m.

### BETTY JAYNE OF RADIO DIES AFTER OPERATION

BUFFALO, N. Y., April 11.—(AP)—Betty Gottschalk, 21, radio singer known as Betty Jayne, died in a hospital here today after an operation for appendicitis. She had appeared on programs of all broadcasting chains.

### Eyes Insurance Set-Up

SALEM, April 11.—(AP)—John J. Holmes, insurance commissioner of the state of Montana, arrived in Salem today, where he expected to spend two days going over the insurance records of the state. Holmes stated he was interested in the insurance set-up in Oregon.

More than 11,000,000 pounds of mohair are reported in storage in Texas from clips of the last two years.

### P. T. A. COUNTY COUNCIL OUTLINES PROGRAM TO CURB TRAFFIC DEATHS

In 1934 in Oregon, the toll from automobile traffic alone was sufficient to populate the city of Halsey, north of Eugene. The loss was as great as two Morro Castle disasters.

Last year in the United States automobiles killed enough people to populate both Salem and Bend. These startling facts were pointed out by the Oregon State Motor association, which, with the Oregon Congress of Parents and Teachers, is sponsoring a statewide "let's quit killing" traffic safety campaign.

Oregon's motor vehicle death rate per 100,000 population during 1934 was 33, an increase of 5.9 over 1933. The state was 17th from highest in the United States' 1933 death rate roster.

Toward solving this problem, Mrs. W. H. Young, county council president, states that it is the aim of the Parent-Teacher associations of Jackson county to set up a safety program in the schools; get safety definitely recognized in the curriculum, arrange for safety talks, seek more adequate legislation on safety and create other activities aimed at reducing automobile accidents.

### WILL FORECLOSE SIX HOLC LOANS

PORTLAND, April 11.—(AP)—Immediate foreclosure of six mortgages on residence properties has been authorized by the Home Owners Loan corporation, Edward Bailey, state counsel for the HOLC, announced here today.

Four of the homes are in Multnomah county, one in Clackamas and one in Union. The largest loan is \$9000 and the six aggregate \$20,000. The foreclosures will be handled by local attorneys on a fee basis. Bailey said the corporation intends to watch closely those mortgages who default in their payments and will take prompt action where an evident disposition is shown to avoid meeting obligations.

### MORE FUNDS FOR FIGHT AGAINST BANGS DISEASE

WASHINGTON, April 11.—(AP)—Announcement of an additional \$8,000,000 allotment of emergency funds to the bureau of animal industry for carrying on work in Bang's disease eradication was made today by the AAA. The new funds will be used principally to make partial compensation to herd owners who are required to eliminate cattle found to be tubercular.

### Bicycle Rider, 65 Receives Warning To Cut Out Speed

TOWANDA, N. Y., April 11.—(AP)—Albert Mintner, 65-year-old mechanic, had better take it easy next time he rides his bicycle. He may not find the judge so lenient. Mintner was up before Judge Gordon T. Hackett on a charge of speeding—on his bicycle.

The judge was incredulous, but that was the charge nevertheless. "Well, don't let it happen again," he said. "Discharged."

### SHERMAN COUNTY CAN SPARE FUNDS

PORTLAND, April 11.—(AP)—Oregon's smallest county, Sherman, has offered to lend to the state relief committee, without interest, \$3,000 it has saved through economical use of its monthly state liquor fund allotments.

The Sherman county relief committee made the offer when it learned that Oregon work-relief projects must be closed until new federal funds become available. Sherman county has a population of 2,987 and only 20 families are on relief there.

The state committee declined the offer with an expression of thanks, inasmuch as federal money is expected momentarily. S. P. Official Succumbs In Parked Automobile

VISALIA, Calif., April 11.—(AP)—Dillard Spencer Weir, 55, of Bakersfield, assistant superintendent of the Bakersfield-Presno division of the Southern Pacific, died suddenly in a parked automobile at Tulare today. Coroner Roy Brooks ordered a post mortem and an inquest tomorrow.

### Growing Girls!

NO need for girls or women to suffer every month from periodic pains, draining headache or side-ache. In girlhood nothing is so good to build up and sustain as Dr. Pierce's Favorite Prescription. This is what Mrs. Gladys Hooper, of 411 S. 8th St., Yakima, Wash., said: "When I was a growing girl I was frail and delicate. I had very little appetite, felt tired and had no desire to do anything. Mother had me take Dr. Pierce's Favorite Prescription. It was not long before I gained in weight and was in perfect health. All druggists. New size, tablets 50 cts., liquid \$1.00. Large size, tabs. or liquid, \$1.50.

### FOREST SERVICE TO HOLD CLASSES

The annual guard training school conducted by the forest service will be held Monday, Tuesday and Wednesday of next week at South Fork of the Rogue CCC camp. Approximately 80 men are expected to take part, including about 60 regular forest guards, a few CCC members, four district rangers and assistants and the Rogue River national forest staff as instructors and members of the classes.

The work will include brushing up on pre-fire suppression, in preparation for the fire season. The fire season is expected to be later than usual this year, but the training school is being held at this time so as not to interfere with the summer's routine work.
