

Local and Personal

Grabs Big Fish—Pete Toskon, local shoe shining artist, yesterday landed a 25-pound salmon at Savage Rapids dam.

Klein Arrives—H. W. Klein, general freight agent for Southern Pacific lines, with headquarters at Portland, was attending to official business in Medford Tuesday.

On Business—R. E. Mullany of San Francisco, representative of the transcontinental freight bureau, was in Medford attending to business yesterday.

To Revise Constitution—Members of the First Baptist church will vote on a revision of the constitution at the close of the service on Sunday morning, April 14.

On Drunk Charges—W. G. Pennington was arrested yesterday by city police charged with being drunk in a public place. He was fined \$10 on that charge in city court today.

Brady Visits—John Brady of Portland, chief electrician for Southern Pacific lines, was in Medford Wednesday on business relative to the installation of new offices at the freight depot on South Front.

Visits Grants Pass—Mr. and Mrs. Charles Howard and son, Charles Jr., spent Wednesday in Grants Pass visiting relatives and friends. The Howards, former residents of this city, now reside in Medford—Grants Pass Courier.

From Carberry Creek—B. J. Parker, project superintendent of Carberry Creek CCC camp, was in this city yesterday on business.

On Drunk Charge—C. L. Roden, arrested in a charge of being drunk in a public place, was yesterday fined \$10 in city court upon his plea of guilty.

Auto Wreck—According to a report on file at the city police station, the car driven by Alva Warner at noon yesterday collided with the machine being driven by Dick Isaacs, on South Central street.

Books is Topic—The topic for talks at the S.E.R.A. public speaking class which meets tonight at Senior high school is, "My Favorite Book." Part of the class period will be devoted to parliamentary law, with attention given also to speech defects and ambiguous construction of sentences. The classes are free and the general public is invited to attend.

Return from south—Mr. and Mrs. C. C. Furnas returned yesterday from a vacation in southern California, accompanied by Mrs. Furnas' mother, Mrs. I. L. Acker of this city, who had been visiting in San Gabriel and Temple City, Cal., for the past two months. Mr. and Mrs. Furnas, who spent 10 days in Los Angeles and other southern California points, report that the weather encountered was very bad, and told of seeing great damage done by high water.

OPTIMISTIC OUTLOOK FOUND IN CALIFORNIA DURING ALLEN'S TRIP

W. W. Allen, head of Pierce-Allen Motor company, Dodge and Plymouth dealers, returned this week from a visit of several days in San Francisco and Los Angeles. While in the south, Mr. Allen visited the Los Angeles assembly plant where Plymouth cars and Dodge commercial units are prepared for the western states. In the southern California metropolis Dodge drivers are regularly getting from 19 to 22 miles per gallon of gasoline, indicating the fact that Dodge economy is recognized by motorists of southern California, as well as by Dodge owners of the northwest.

An optimistic outlook on general business conditions, and especially in the automotive field was voiced by C. S. Bash, regional manager for Dodge Brothers, with headquarters in San Francisco, in his interview with Mr. Allen last week. According to the Dodge executive, plants are now at peak production with an output of 1000 cars daily. The demand for new Dodge Brothers models far exceeds this output, in spite of its amazing volume, Mr. Bash informed the Medford automobile dealer. With the

steadily mounting sales of new motor cars throughout the United States, indications point to a record tourist season this summer. With adverse weather conditions in various sections of the United States, the northwest, with its countless scenic attractions and delightful climate should play host to many of these tourists from all parts of the country, Mr. Allen said.

WARNING OF NERVE BREAKDOWN GIVEN

WASHINGTON—(UP)—Some persons have a "buzzer" system which warns them of an approaching nervous breakdown, said Dr. Walter Freeman, professor of anatomy at George Washington university.

Dr. Freeman defined a nervous breakdown as "discomfort in its widest sense without underlying organic cause, leading to a degree of disability in the patient."

When it happens to a person of 40 or thereabouts, he said, it may be advantageous since it will cause the person to "slow down," and thus may forestall a "fatal circulatory system breakdown" two decades later.

ONE VOTE SAVES U. OF O. MILITARY

EUGENE, April 11—(AP)—Compulsory military training for freshmen and sophomores at University of Oregon was saved Wednesday when at the faculty meeting Dr. C. V. Boyer, president, voted "no" on a motion that would have recommended to the state board of education that the training be made elective.

Dr. Boyer's vote was the deciding ballot, the vote standing 42 to 42 on the motion made by Charles G. Howard, professor of law.

HIGHWAY PROGRAM MUST AWAIT WORD ON FEDERAL FUND

Commission Defers Action for Information On Oregon's Share — Many Delegations Press Needs

By CLAYTON V. BERNHARD Associated Press Staff Writer PORTLAND, April 11—(AP)—Insufficient information on Oregon's share of the federal highway appropriations deferred action on the new program today by the state highway commission, but did not discourage appearance of delegations urging expenditures of the reported \$11,423,000 upon specific projects.

Henry F. Cabell, recently appointed chairman of the commission, presided at his first session which was featured, in addition to requests for funds, by the opening of bids upon the smallest amount of work to be let in more than two years. Contracts will be let later today amounting to approximately \$71,000.

Fund Details Lacking Neither the members of the highway commission nor W. H. Lynch of the bureau of public roads had received details of the large federal appropriation for road work, and until the exact amount has been determined, and the regulations received can any allocation be made.

In opening the session Cabell declared he was glad to welcome the delegations, learn what the problems were in various sections of the state in order that he might intelligently make his decisions. He declared he would "try to do the best we can for all sections of the state."

Delegations at the morning session appeared from Roseburg, Lake county, Sherman county, Morrow and Umatilla counties, and from Forest Grove. Roseburg Plea Made

W. C. Harding of Roseburg again presented the plea for improvement of the Pacific highway in the Tumalo Hill and Oakland area. Cabell informed him all requests would be given serious consideration in the allocation of funds.

Judge Fred Reynolds of Lake county headed a delegation urging work on the Fremont highway. A 147 mile road. Improvements would amount to \$1,000,000 for the entire stretch.

The largest job for which bids were opened today was the 1.38 mile grade and surfacing of the Yamhill line-Stratton ranch section of the Salem-Dayton secondary highway. Joplin and Eldon of Portland was low bidder at \$36,110.

INCREASED WAGES FOR COAST SAILORS GIVEN BY MEDIATION BOARD

SAN FRANCISCO, April 11—(AP)—Awards by an arbitration board of increased wages to seamen involved in last summer's coastwise marine strike found controversy still raging today on the month-long tanker strike as a mediation board stood by to assist in any negotiations that may be started.

Announcement of the award last night was coincident with new charges hurled by employers that the attitude of unions involved in the coastwise tanker strike "echoes the formula of gangsterland."

From the strikers' side came the announcement of the San Francisco counsel of marine crafts, representing some 15,000 workers including longshoremen, that it had voted support of the striking tanker sailors. The agreement reached by the board of arbitration appointed following last summer's strike provides wage increases for 9000 seamen of Pacific coastwise and ocean going passenger vessels and reductions in hours. It does not involve seamen now striking on the tankers.

Rialto's Stars

"The Best Man Wins," a spectacular, rollicking film starring Edmund Lowe and Jack Holt, will head the program at the Rialto theater for tomorrow and Saturday. It tells the exciting tale of two deep-sea divers and their adventurous careers on opposite sides of the law. One becomes a diver for a smuggling ring, the other an officer of the waterfront police. Their meeting under water in the final sequence is said to be one of the most breath-taking scenes in recent pictures.

In Roxy Cast

Jean Muir is starred with George Brent and Vera Teasdale in "Deceivable," at the Roxy theater for today and Friday, a modern story of a love triangle between mother and daughter for the same man.

VALLEY SCHOOL GIVES FANCIFUL OPERETTA ON FRIDAY MORNING

A fanciful and lovely operetta will be presented by the students of the Valley school Friday morning at 11:15 o'clock, under the direction of Miss Mary Foster, who is drama, art and dancing coach at the school.

The operetta, entitled "At the End of the Rainbow," gives students at the school ample chance to demonstrate the art, drama and dancing they have learned in the extra-curricular course. The story depicts the struggle between the frost people and the flower friends.

All friends and patrons of the school are invited. The cast of characters is: Dream Fairy, Susan Vilas; Nurse Nature, Nancy Day; Bow Wow, John Spadling; Rainbow Wives, Bob Butler, Harriet Hart, Mary Lou Lyman, Charlotte Wing; Jack Frost, Spencer Bromley; Snow Flakes, Nina Tuttle, Susan Vilas; Robin Redbreast, Jean Schuler; Raven, Jean Wing; Brown Bear, Charles Braley, Donny Brown; King Frost, Julie Carpenter; White Bear, Harlow Carpenter; Gilbert Tummy, Sunbeams, Charles Braley, Donny Brown, Harlow Carpenter; Flowers, Anne Durno, Nancy Newbury, Rycken Paddock.

Works for Hershey's—Richard Sleight, graduate of Medford high school and now of San Francisco, submitted art work to Hershey Chocolate Co. that was accepted, according to a telephone message last night to his parents, Mr. and Mrs. E. R. Sleight of 40 North Peach street. One drawing alone netted \$250, and it was understood that the company would accept more work. Sleight has been employed by F. W. Woolworth Co. for the past year and a half and is now artist for the San Francisco store. He is widely known in Medford for his art work, which he has followed since a student in the Medford grade schools.

MAN DIES BELIEVING THAT EARTH IS FLAT

LONDON—(UP)—There are still people, apparently, who believe that the earth is flat.

William Edgell, who died recently, was one of them. He spent his life advocating the flat earth theory. He even wrote a book, "Does the Earth Rotate," in which he tried to prove that the earth is flat, and that it is at the center of the system. His arguments, based on the Polestar, were fantastically ingenious.

Edgell did not explain why outward-bound ships gradually disappear below the horizon, or why it is possible to circumnavigate the globe, or why, at a lunar eclipse, the shadow of the earth, as it encroaches on the moon, is seen to be round.

Grangers Invited Roxy Ann Dance

Grangers and their friends from all over the valley are invited to attend the spring dance to be held tomorrow night in the Roxy Ann Orange hall on Spring street.

A new floor has recently been finished and is said to be excellent for dancing. Music will start at 9 o'clock, furnished by "Dixie" Murphy and his four-piece orchestra.

WASHINGTON STATE'S AAA HELD INVALID

OLYMPIA, Wash., April 11—(AP)—The state agricultural adjustment act, as passed by the 1933 legislature, was declared to be unconstitutional today by the state supreme court.

EXTRACTION OF TEETH UNDER HYPNOTIC SPELL IS EASY FOR PATIENT

CLEVELAND—(UP)—Go to the dentist, have your boy friend hypnotize you, out comes the tooth, and it's all over, sweetly and painlessly.

This is what happened when a couple came to Dr. William C. Beutner at the dental clinic of Western University School of Dentistry.

"The young woman came in to have two upper incisors extracted," said Dr. Beutner. "Her 'Boy Friend' was along. I was prepared to give her the usual novocaine injection when the young fellow insisted upon putting his girl to sleep by hypnosis."

"From textbooks, I had learned that hypnosis was a common form of anesthesia 200 years ago and so I was skeptical about using it now. But the patient agreed to be hypnotized."

"The young man told the girl she would feel no pain and that she should awaken after he had counted five."

CAMPUS PACIFISTS RED TOOLS, CLAIM

MADISON, Wis., April 11—(AP)—A charge that the National Students' League's campaign for peace was a disguise to make the United States "easy prey to internal disorders" was contained today in testimony of a student witness before a state senate committee investigating alleged radical activities at Wisconsin educational institutions.

Robert Edgar, 21, Beloit, Wis., a University of Michigan student who attended the university here two years, said Cyril Gerber, whom he identified as the league's traveling secretary, was "stirring up trouble" on the campuses of both schools.

He said he had witnessed pacifist activities of the league, and was convinced by statements in "The Daily Worker" radical newspaper, that the organization was communist.

TOO LATE TO CLASSIFY

WANTED—One or two passengers to Stockton, Calif. Phone 4-8-A.
