BLACK BLIZZARDS TAKE HEAVY TOLL IN PLAINS STATE

20,000 Families Forced On Relief by Destruction of Crops — Loss Placed at 30 Millions, Mostly Wheat

(By the Associated Press)
Crop damage estimates exceeding \$30,000,000, a seriously affected area of more than 15,000,000 acres and relief rolls carrying well above 20,000 families were figures which swirled with the dust out of the west and southwest today.

The figures pertained to the brewing zone of the recurring dust storms: western and west central Kansas, southeastern Colorado, all of the Oklahoma Panhandle, the southeastern corner of Wyoming, the northeastern corner of New Mexico and the northern two-thirds of the Texas panhandle. A small part of southwestern Nebraska also is in the territory, but the figures do not apply to it.

Mostly Wheat
The crop damage largely concerned wheat. In the Texas Panhandle, Walter Barlow, Amarillo grain elevator operator, said a conservative estimate of losses ranged between \$18,000,000 and \$20,000,000.

In Kansas, the difference in the value of last year's crop in the dust-ridden parts and the estimated value for this year exceeds \$3,000,000. Figures released by F. K. Reed, federal agricultural statistician, placed the value on winter wheat last year in western and west central Kansas at more than \$11,000,000. The estimated value in that area this year is roughly \$5,800,000.

Harry B. Cordell, president of the Oklahoma board of agriculture, said "the best wheat" in the northwestern Panhandle was "ruined" but it was impossible yet to supply figures.

Wyoming Hard Hit
Losses of uncounted millions are involved in official government crop estimates on April 1 for Wyoming. An estimated crop of only 360,000 bushels for this year contrasted with the 1,003,000 bushels harvested in 1934. Involved in the total, however, was an acreage reduction of 10,000. In 2,500,000 eastern Colorado acres, one of the sectors hardest hit by the dust, farmers have reported that their crop losses will be complete unless rain comes quickly. Colorado State college agronomists said recent dust storms alone in the affected sector have reduced crop possibilities 15 to 25 per cent.

Fred Daniels, New Mexico state college agricultural statistician, reported wheat in Union county of that state is "almost a total loss." He placed the value on last year's 700,000 bushels at more than \$650,000.

Texas Land Damaged
Texas extension service officials said 3,500,000 acres had been damaged seriously in the Lone Star state's Panhandle. In addition 1,500,000 acres was described as having been affected less seriously.

The affected Oklahoma Panhandle area comprises 10,000 square miles or more than 400,000 acres. Wyoming's wheat acreage is 170,000. The New Mexico crops affected are included in an area of more than 20,000,000 acres.

F. L. Disterdieck, United States weather bureau official, said dust has blown over 50,000 square miles in Wyoming. However, other officials reported the dust was largely an annoyance, crop damage being slight.

Worth Honking About.
PALOUSE, Wash.—(UP)—A goose owned by Bruce Maryott has something to honk about. She produced an egg 11 1/2 inches in circumference the long way, weighing 11 ounces.

Bucking Bronco Prize I. G. A. Contest

A horse that bucks like a Pendleton round-up bronco will be won by some lucky boy or girl from the Medford area at the end of a big I. G. A. label contest which starts this week-end, and continues for ten weeks. Similar broncos will be given away to the winners in Grants Pass and Ashland areas.

During the next ten weeks many southern Oregon boys and girls who are trying to get the grand prize will also become the proud owners of coveted roller skates or Booster club sweat shirts. Prizes will be awarded each week for the youngster who returns the largest number from I. G. A. brand merchandise.

The exciting contest is being conducted by members of the Independent Grocers' Alliance throughout southern Oregon. Labels must be turned in not later than 8:00 o'clock p. m. on Saturdays and awards will be made each Monday morning, beginning April 22nd, for the duration of the event, according to T. W. Milner, superintendent of I. G. A. stores.

Displays of roller skates and Booster club sweat shirts will be featured at all I. G. A. stores during the contest and the unique bucking bronco will be shown at different stores during the campaign. Kiddies will be given rides to test their ability as buckeroos.

A clipping of Friday's I. G. A. advertisement in the Mail Tribune will be credited as ten labels, but each boy or girl is entitled to only one ad. S. A. Gibbs, manager of the local Mason Ehrman organization, announced. This offer expires on April 20th.

Labels from I. G. A. coffee count as two labels. They may be collected from neighboring housewives as well as at home, thus providing a wide field for working on the part of the young contestants.

The novel label contest is sponsored by the following I. G. A. stores: Alexander's Grocery, Inc., 203 West Main street, Medford; Inda Humphrey, 543 East Main street, Medford; Tryon's Mercantile, Talent, Ore.; Luman Brothers Super Food Market, Main and Bartlett, Medford; Bungalow Grocery, 409 North Riverside, Medford; Godward Mercantile company, Jacksonville, Ore.; Faber's Cash Market, Central Point, Ore.; Faber's Cash Market, Butte Falls, Ore.; Dougherty's Grocery, 47 North Main street, Ashland, Ore.; Doremus Cash Grocery, 71 North Main street, Ashland, Ore.; Star Seed & Grocery company, 411 G street, Grants Pass, Ore.; Schumacher's Grocery, Cave City, Ore.

Janitors Get Chance.
BOSTON—(UP)—Ambitious janitors and custodians who wish to succeed in their profession now have their chance. The state has established a school to assist the men in preparation for state-wide civil service examinations.

GRADE CROSSING ELIMINATION PLAN WILL BE DRAFTED

Under the chairmanship of Guy Applewhite, the city and county sub-committee, of the five year development committee, met yesterday afternoon at the Jackson County chamber of commerce. Representatives from many communities in Jackson county were in attendance.

Purpose of the meeting was to discuss that part of the public works bill whereby nine hundred million dollars is set aside for elimination of dangerous grade crossings in the United States. It was decided that a brief be prepared by County Engineer Paul Rynning in collaboration with officials of the various Jackson county communities to show the needs of Jackson county as they pertain to the elimination of dangerous crossings.

Those in attendance at the meeting were: Guy Applewhite, Fred Scheffel, Oscar Lewis, representing the sub-committees; President B. E. Harber and Manager A. H. Banwell, representing the Jackson County chamber of commerce; Judge E. B. Day and Paul Rynning, representing the county of Jackson; Ray Schumacher, president of the Talent chamber of commerce; Bert Standliffe, and W. D. Barnes, representing Phoenix; Andre Chomel, representing the city council of Central Point; Mayor H. F. Drake of Gold Hill, and Mayor Thornton Wiley of Ashland.

WAR ON SQUIRRELS ON IN FULL BLAST

Extermination of squirrels is now in full swing in Jackson county, both the government and county participating in the activity. J. H. Heckner of Bronsboro has charge of the destruction of squirrels on federal land. County Agent Robert G. Fowler is leading the war in the farms and orchards. Squirrel poison is being distributed by the county agent and the fifth batch of 500 pounds was prepared today.

According to Fowler, now is the time to spread the poison grain as the squirrels are active and it is the mating season. No particular damage is resulting, according to Fowler, except possibly to freshly sown grain. The squirrels are reported more plentiful than last year, but not as hungry.

The warm days of the past week have brought out the squirrels from winter quarters.

lished a school to assist the men in preparation for state-wide civil service examinations.

This ends the troublesome SOUR MILK problem

Free!

The new edition of the popular **FISHER'S BLEND Sour Milk Recipe Book**

Yours, without cost, if you will mail us your grocer's receipt showing purchase of

2 Handsacks or 1 sack any other size FISHER'S PANCAKE FLOUR

Ask your grocer for a receipt covering your purchase of Fisher's Pancake Flour—mail it to us—and a copy of the new issue of FISHER'S BLEND SOUR MILK RECIPE BOOK will be mailed—absolutely free.

This offer carries a time limit. Therefore, we suggest that you get your copy before the supply of books is exhausted.

FIRST AID CLASS WILL MEET MONDAY NIGHTS

It was decided at the initial meeting of the first aid class last Monday evening that meetings will be held regularly every Monday, at 7:00 p. m. for two hours. The meetings will continue next Monday night, and all are to be held in the Red Cross rooms at the court house.

It was urged by Miss Marjorie Kelly, who is in charge, that all interested in reviewing the first aid register for the classes by calling the Red Cross offices and leaving their names.

Takes grand slam at "Coffee-Floating"

BUD AND SALLY SELLERS
closed the door on the last of their departing guests. "I'm so sorry I misled you in my bidding," Sally turned to Bud. "But I did want to try that new system."

Their last guests were departing

"It's all over now," Bud said, "forget it. But let it be a lesson. Why in the dickens do you keep floating around from one system to another? Get the one you like best—and stick to it."

"It's the same thing I was telling you about

"Let's get back to Hills Bros."

your coffee. You know Hills Bros. is the best you ever tasted. But you try to save a penny or so—and neither of us likes the coffees you buy. So you float around from one to another, and we never know where we stand. Keep it up long enough, and you'll spoil our taste for good coffee. Let's have a new deal, and get back to Hills Bros."
