

SUBSTANTIAL GAIN UP RECOVERY HILL MADE BY BRITAIN

(Continued from Page One)

\$1,182,000,000—during the coming year, an increase of 14,000,000 pounds over last year's figures which showed a healthy return despite the reduction of 4 per cent to the pound of income last year.

Without giving details, Chamberlain announced a resolution would be introduced to "correct the anomaly in the sugar duty" and that a duty would be levied on rice in the husk, and a new duty of unspecified amount would be levied against beans.

He said the duty on heavy oils for vehicles would be raised to 6 pence a gallon next August, bringing \$800,000 of additional revenue.

In opening his speech, Chamberlain said the past year "has been characterized by a substantial advance toward recovery."

"The improvement in trade," said the Chancellor, "has reached right down to the purchasing power of the people. I have been able to find only one direction where a new low record was established for trade and that was in the time lost for trade disputes."

As he began his speech, Chamberlain was roundly applauded and cheered, as was Prime Minister Ramsay MacDonald who entered the house shortly after his return by airplane from the Stresa conference.

Chamberlain placed the increase in industrial output during the last year at about 12 per cent and said British manufacturing production had set a new record with exports increasing about 30,000,000 pounds—about \$150,000,000.

"The cost of living," he declared, "remained throughout the year substantially below the level of when this government came in (August 1931). There is no diminution on the thrift of the people."

TAX COLLECTIONS BEST FOR YEARS

Turnover of current taxes collected to date by the tax department of the sheriff's office, to the county treasurer, since January 1, total \$404,313.31, according to the records of the treasurer's office. This indicates that approximately 28 per cent of the current taxes have been paid. The total 1935 tax on the rolls for collection is \$1,395,738.87. This is \$3,254.29 less than in 1934.

The collections do not include delinquent tax payments. The current tax payments are the heaviest since 1930.

Additional turnovers to the treasurer of taxes collected up to March 15—the final date for tax payments, without interest penalty, are made daily and when completed will lift the percentage of payments higher.

RAIN DELAYING WORK OF RIVERSIDE REPAIR

Rain today delayed work of resurfacing North Riverside avenue which, according to Resident State Highway Engineer V. L. Goodnight, will be completed in two days, weather permitting.

The Gold Hill Pacific highway widening and surfacing project will be completed by the first week in May. When completed the highway will be 40 feet wide. The Gold Hill chamber of commerce and citizens plan a "pavement dance" to celebrate completion of the work.

Birthday Ball Leaders Credit Nation's Newspapers With Success of Campaign to Aid Paralysis Victims

New York.—To America's editors and publishers goes the lion's share of credit for the success of the 1935 Birthday Ball for the President.

While a small army of accountants continued at the herculean task of compiling returns from the parties this year, Col. Henry L. Doherty, chairman of the national committee, paid tribute to the nation's newspaper editors, publishers and national advertisers for their role in the campaign which ended on Jan. 30 with more than 7,600 celebrations throughout the country.

The proceeds go to the nationwide war on infantile paralysis. With the editors and newspaper publishers forming the backbone of what has been called the greatest mass promotion campaign since the World War and with business leaders contributing liberally of their newspaper advertising space, their time on the air, and even their merchandise, the

1935 Birthday Ball, Col. Doherty said, has broken all records for peace-time concentration of America's resources on a single objective.

In 4,000 cities and towns, editors of daily and weekly papers alike kept the pot boiling merrily. The two great telegraph companies conducted a unique campaign in which they collected quarters from persons wishing to send birthday messages to President Roosevelt and turned the entire proceeds, expected to total \$50,000, over to the Birthday Ball treasury. An automobile manufacturer contributed a President model to the Birthday Ball for the President and saw it auctioned off to Laurence Mayer, Manhattan business man, for \$1,600, the sum going to the Birthday Ball Commission for Infantile Paralysis Research. Grover Whalen, nationally known New York business leader, organized a Committee of American Busi-

ness, members of which staged a \$1,000-a-plate birthday dinner in New York for the fund.

The photos show (upper left) Doherty addressing business men who aided the campaign. (Upper right) Elise Ford, who posed for the Howard Chandler Christy Birthday Ball poster and took a leading part in a national radio hook-up contributed to publicize the celebrations. (Lower left) Joseph P. Day (right), famous auctioneer, selling the car at the ball at the Waldorf-Astoria to Mr. Mayer. (Lower right) Col. Doherty addressing business men who aided the campaign. Left to right: Col. Carl Eyrer, national general director of the Birthday Ball who organized the nation for the celebrations; Col. Doherty; Grover Whalen; and John S. Burke and Percy S. Straus, both presidents of New York department stores.

\$75,000,000 SPUR FOR GOLD MINING PLAN IN CONGRESS

(Continued from Page One)

and developing mineral resources essential to modern industry.

The plan would aim to aid production from ledges and placers in the west and the southern Appalachians. Spragham said this would provide work for ten or twenty thousand men in localities where the local relief burden is heavy.

One or more of these methods would be used under guidance of the bureau of mines:

Open Placer Areas
Construction of debris dams to permit impounding tailings as required by state law. This, it was said, would open additional placer mining areas to be worked by the bureau or by private interests under contract to reimburse the government.

Provision of sampling transportation and milling facilities to permit working of hundreds of small gold lodes.

Direct government development, equipment and operation of low grade deposits on the public domain or private lands by agreeing with the owners.

The portion of the program dealing with setting up reserves of deficiency minerals would follow two courses.

Under the first, there would be exploration and blocking out of proved reserves and systematic exploration to reveal any resources now hidden.

The second would contemplate building up stocks above ground as a public reserve to be held for possible emergency.

Women Will Face Larceny Charges

Charges of larceny in a store will be filed against Alma Boggs and Viola Winters of Arcola, Ore. Arrested in this city last Saturday by the city police, District Attorney George A. Coddling said this action would be taken and the pair held to await action of the next grand jury. They were arrested with a number of articles stolen from local stores in their possession, the authorities claim.

DAILY TRIAL ON BURGLARY OPENS

Selection of a jury in the trial of Julian Daily, charged with burglary not in a dwelling, was underway today in circuit court. Daily is specifically charged with the burglary of DeVoe's confectionery in May, 1934. City police surprised prowlers in the store, and in the flight that followed nine shots were fired between one of the burglars and City Policeman William Peck.

Daily allegedly a member of a gang that committed a series of burglaries in this city about two years ago, is expected to present an alibi that he was not in this city at the time.

It is anticipated that the state will offer confessions linking Daily to the DeVoe burglary.

Members of the gang, rounded up last October, after burglary of Mann's department store, are either fugitives, on parole, or serving prison terms.

Daily is represented by Attorney Otto Frohnmayer, the state by Deputy District Attorney George Neilson.

TEN DOG OWNERS GIVEN WARRANTS

Warrants were served on ten people throughout Jackson county today for not paying state dog tax. This is the first step in an immediate program to enforce the state law, it was declared.

There are 139 dog owners of record in the City of Medford and 543 throughout the county who have failed to secure their license to date, enforcement officials say.

At regular intervals a certain number of these dog owners will be brought into court, was the warning.

Agents are still in the field compiling the census.

Columbus' Star Book Found.
SEVILLE, Spain.—(UP)—Professor H. Zinner of the Bamberg, Germany, observatory, has announced the discovery of the astronomical tables used by Christopher Columbus on the voyage which led to the discovery of America. The tables were those of Johann Muller, a Koenigsberg scientist, and were entitled "Regiomontanus."

TEN BOYS TO ATTEND C.M.T.C. THIS SEASON FROM JACKSON CO.

VANCOUVER BARRACKS, Wash.—(Sp.)—Benefiting from a recent order which has more than doubled the tentative quota, Jackson county now will be entitled to send 10 students to the tenth annual Citizen's Military Training camp at his post starting July 25th. It was announced today.

The quota was set first at 218, but this has just been raised to 480; and Brigadier-General James K. Parsons, camp commander, has directed that the increase be distributed proportionately to the counties.

The camp, as formerly, will run for four weeks, and will be without cost to the trainees, including transportation to and from home.

The students live in an orderly tent camp, follow a program in which work and play are blended with heavy emphasis upon athletic and recreation, and enjoy a menu especially arranged for quantity and quality. The camp is open to boys 17 years old or over, and both former students and beginners are to be accepted.

General Parsons asks that prospective applicants communicate as soon as possible with the camp authorities, addressing communication to C. M. T. C. Headquarters, Vancouver Barracks, Washington, or call upon their county chairmen if more convenient. The enrollment chairman in Jackson county is Carl Y. Tengwald, Medford.

General Parsons asks that prospective applicants communicate as soon as possible with the camp authorities, addressing communication to C. M. T. C. Headquarters, Vancouver Barracks, Washington, or call upon their county chairmen if more convenient. The enrollment chairman in Jackson county is Carl Y. Tengwald, Medford.

Need Building-Up?

WHEN you feel run down, need to put on healthy flesh, when your blood is thin or stomach gives trouble, with gas or dyspepsia, try Dr. Pierce's Golden Medical Discovery. Read what Mrs. H. W. Meade of Portland, Ore., said: "Years ago when I was at home, I was thin,emic and lacked strength. My doctor gave me Dr. Pierce's Golden Medical Discovery and it built me up so that I felt stronger and better in every way. I regained my normal weight also." New size, tablets 50 cts., liquid \$1.00. Large size, table or liquid, \$1.50.

Boy Scout Notes

Troop No. 5, Medford, by Armin Lewis: Troop No. 5 held regular meeting in Washington school, April 10, at 7:30 p. m. The colors were presented and roll taken. Members of the troop committee were present and made plans for raising money in send a Troop No. 5 scout to the National Jamboree.

During study period Scouts worked hard and Winston Boothby passed second-class compass tests. A few games were played. The colors were posted, oath repeated, meeting dismissed.

Troop No. 8, Medford, by Larry Schade, Jr.: Troop No. 8 met April 9, with 23 scouts present. The colors were presented and pledge given. Many tests were studied and some passed by scouts to V. B. Marshall and Stanley Jones. The boys were called upon to volunteer to help the Washington P. T. A. build booths for the carnival held April 12. Harold Sleight was chosen scout leader at this meeting. Several songs were sung and then the scouts made a circle and sang the "Scout's Evening Song." It is planned to hold an overnight hike soon if weather permits.

Troop No. 16, Medford, by Irvin Doty: Troop No. 16 met at Howard school last Monday night for their weekly meeting. There were 27 scouts present, and eight visitors. Scouts of this troop are planning a vaudeville to be presented April 26. Funds raised will be used to help send a scout from troop 16 to the National Jamboree. Plans for the vaudeville were discussed after the opening exercises.

Big Applegate

BIG APPELATE, April 15.—(Sp.)—Vic Goodnight of Medford, state engineer, and Mrs. Goodnight motored to the Applegate Sunday, where they were guests of Mr. and Mrs. Jess Taylor.

Mrs. Sid Hansen entertained a group of young friends with a card party at her Big Applegate home Saturday night. Three tables of which were in play with Mrs. Chas. Mee and Edwin Taylor winning high score. Mr. and Mrs. Tom Mee received low score.

Mrs. Albert Young and sons, Jimmy and Jerry, of Butte Falls, are spending several weeks here, guests of Mr. and Mrs. Wm. Harlow. Earl Handmaker, cook at the Star CCC spike camp, is enjoying 34 days leave during which he expects to visit his parents in Portland. Chas. Myers is fulfilling the duties of cook during Mr. Handmaker's absence. Mrs. Alice Hedburg and Lincoln Gray were dinner guests Sunday at the home of Mr. and Mrs. Ervin Lewis. Mrs. Chas. Buck and son, Clarence, motored to Holcomb Springs Sunday. Henry Schneider returned Tuesday to the Star CCC spike camp after spending the week-end at his home in Portland. He was accompanied north by Lawrence Fields, who is on two weeks' leave. Lance Offenbacher was unable to work for a few days this week, having sustained a minor cut on his foot while cutting poles Monday.

POLES BREAK WINDOWS OF GERMAN RESIDENTS

BERLIN, April 15.—(UP)—Reports from Gdynia, Poland, said today there was tenacious following violent anti-German demonstrations yesterday by the Poles in nearby Wejherowo, a city of 13,000 in Pomorze.

It was reported a mob threw cobblestones through the windows of all German homes and business houses. The riots were said to have started Saturday and to have reached their climax Sunday night when a yelling throng invaded the streets and threatened the German population, whose members barricaded themselves in their homes.

For those that wear buy NOLLE & HOEST Ethelwyn B. Hoffmann

8,271 men and women visited the Chesterfield factories during the past year...

A man who visited a Chesterfield factory recently, said: "Now that I have seen Chesterfields made, I understand better than ever why people say Chesterfields are milder and have a better taste."

If you too could visit our factories you could see the clean, airy surroundings; the employees in their spotless uniforms, and the modern cigarette making machinery.

You could notice how carefully each Chesterfield cigarette is inspected and see also how Chesterfields are practically untouched by human hands.

Whenever you happen to be in Richmond, Va., Durham, N. C., or San Francisco, California, we invite you to stop at the Liggett & Myers plants and see how Chesterfields are made.

WHAT A DIFFERENCE A FEW DOLLARS MAKE..

This Big New De Soto is packed with Extra Value!

WHO WOULD EVER imagine that a De Soto so smart and luxurious...so big and powerful...would cost but a few dollars more than the lowest-priced cars!

It has a 93-horsepower engine that holds world speed records galore...and a Coast-to-Coast economy record. It has scientific weight distribution. You can race over rough roads while back-seat passengers ride in comfort.

And no other car offers you so many features at such a low price. Features that definitely lower your fuel bills and upkeep costs.

See why four times as many people are picking De Soto this year. Drive and compare this big new Airstream. Ask a De Soto dealer.

Ninety-Three Horsepower Engine • Perfected Hydraulic Brakes • Safety Steel Body • Weight Re-Distribution • Floating Power Engine Mountings • Synco-Silent Transmission • Individual (knee-type) Front Wheel Springs • New Tapered-Leaf Rear Springs •

Now only \$695 AND UP F.O.B. FACTORY DETROIT

The four-door touring sedan shown above, with trunk... \$825 f.o.b. factory, Detroit.
