FAVOR CASH BONUS COMPROMISE

By PAUL MALLON

WASHINGTON, April 25.—A steam shovel has been digging in the treasury front yard for several days. Some passersby have suspected Mr. Morgenthau was digging for gold. Occupants of the largest desks inside well knew that the real purpose must be to hush up the treasury's front yard.

There is no question that treasury men are worried because the internationalists are making our silver policy succeed too well. When the treasury took the silver bear by the tail, it was with the understanding that the critter would play peacefully. The world was told that silver prices would be boosted gradually to probably three times the then prevailing level, that possibly two billion ounces would be bought. It did not take the world long to catch on to the fact that it could make money out of Mr. Morgenthau. It was soon evident that this was a one-way game, that prices always went up, but never sold. It is not often that the world runs into a buyer like that.

What has happened in the silver world is well shown by a bulletin issued recently by the federated chambers of commerce or India. It severely criticized the India government for letting any silver go. If Mr. Morgenthau is constantly going to buy at higher prices, the Indians might as well wait for the higher prices. Of course, everyone has figured that out. Speculation has ensued. The world price has been going straight up and up. This has been crowding Mr. Morgenthau into increasing his domestic price. It is not generally known, but the treasury also has been forced virtually to discontinue silver purchases for a while.

Thus, the treasury finds itself pledged to buy a billion more ounces in a market where the sellers are holding out for a promised top price of \$1.29 an ounce. This same silver could have been bought for 35 cents an ounce before Mr. Morgenthau became a silver buyer. Several courses of action have been under discussion privately for a week. Some treasury advisers suggested the issuance of a statement throwing a wet blanket on the silver market. They wanted to drop the bear's tail and seek the nearest tree, but they knew very well that the silver senators and Father Coughlin would pursue them.

Others have recommended another automatic 5 per cent increase in the domestic price whenever the world price exceeds Mr. Morgenthau's price. On the basis of the 71-cent price, this would mean adding three cents plus. It would also mean that the merry game will continue indefinitely.

SIDE GLANCES by TRIBUNE REPORTERS

Newman Billings, chamelon-like, appearing in several new autos in rapid succession.

Don Collier, snuffing and growling in realistic fashion, as he related a swell dog fight story.

John Peter being hotly pursued by an auto salesman, and resenting it.

Joseph Marshall, Sr., exposing his thighs to a few vitamins in a downtown restaurant.

Earl Maurier reverting to childhood days, trundling about on a bicycle.

Mrs. Paul Corwin, averting sunstroke with a four-foot picture hat, blue with a red flower, and very charming, too.

PAPERS WOULD CONTINUE PRESENT RADIO SYSTEM

NEW YORK, April 25.—(AP)—A recommendation that the present arrangements for supplying radio stations with news be continued for another year was adopted without opposition today by the 49th annual meeting of the American Newspaper Publishers' association.

Newspaper Manager Dies
SPOKANE, Wash., April 25.—(AP)—John F. Young, business manager of the Spokesman-Review for more than a quarter of a century, and president of the Pacific Northwest Newspaper association, died suddenly at his home here today. Mr. Young suffered a heart attack during an Easter egg hunt Sunday.

Senate Finance Committee Sanctions Harrison Plan—\$880,000,000 in Cash Would Be Required

BY NATHAN ROBERTSON
Associated Press Staff Writer
WASHINGTON, April 25.—(AP)—The Harrison bonus compromise, liberalized to provide cash instead of bonds, was approved today by the senate finance committee after the two full cash payment proposals had been overwhelmingly rejected.

The compromise, for which administration support is claimed, was voted out by the committee without a record vote after an hour and a half executive session. Previously the committee had voted 12 to 18 to substitute the compromise plan for the Vinson cash payment bill, after the Vinson proposal had been substituted by a 13 to 4 vote for the inflationary Patman bill passed by the house.

The major change in the Harrison bill was an amendment by Senator Connolly (D., Tex.), which was supported by Chairman Harrison, to permit veterans to exchange their adjusted service certificates for cash instead of negotiable bonds as originally proposed. The amendment was adopted without a record vote. Preliminary estimates were that it would require about \$880,000,000 in cash, but the total would depend entirely upon how many veterans wanted to hold their certificates until maturity.

Another amendment adopted by the committee would permit the president in his discretion to pay the cost of the measure out of the recently enacted \$4,880,000,000 work relief fund.

COUGHLIN FOLLOWERS READY TO INAUGURATE DRIVE ON PLUTOCRATS

DETROIT, April 25.—(AP)—The national union for social justice, turned into a political force at a mammoth rally directed by Fr. Charles E. Coughlin last night, faced the middle west and east today, promising to drive the "plutocrats" out of public office. Chicago, New York and Philadelphia are under tentative consideration by Father Coughlin and his associates as the next battle grounds in the drive.

GRAVEYARD POINT TO BE BLOWN OFF

GRANTS PASS, April 25.—(AP)—The historic landmark known as Graveyard Point, just south of Cape Blanco reef—most westerly point of land in the United States—will have its face lifted May 20.

Word from Gilbert E. Gable, president of the Port Orford dock and terminal corporation, identified with the group proposing construction of a railroad from Port Orford to Leland near Grants Pass, announces that between 8000 and 10,000 pounds of powder and dynamite will be exploded at noon that day. The 30,000 tons of earth and rock expected to be displaced will subsequently be used in construction of a breakwater dock extending from Graveyard Point toward Humboldt mountain. Gable said, forming another unit of construction now under way at Port Orford.

Walker, Hopkins Loom As Relief Fund Heads

WASHINGTON, April 25.—(AP)—As the outlines of President Roosevelt's vast work relief setup became clearer today, the capital heard more definitely that Frank C. Walker and Harry L. Hopkins were destined to share the most direct responsibility with the chief executive in directing the task of getting 3,500,000 persons to work. Walker recently was recalled from private business by the president to resume the directorship of the national emergency council. He also will handle applications for allotments from the \$4,000,000,000 job making fund, and is described generally as the president's "personal representative" in that work.

100-Per Cent Hike In Cost of Living Expert's Forecast

NEW YORK, April 25.—(AP)—A rise of more than 100 per cent in the cost of living was forecast today by the American Chemical Society to-day by Dr. Melvin T. Copeland, professor of marketing in the graduate school of business administration, Harvard university. "The chemical industry," he said, "will not be able to dodge those influences which at the present time seem certain to cause the cost of living at least to double during the next ten years or thereabouts, possibly even sooner. "Given time to become effective, the changes that have been made in our currency and credit situation since March 4, 1933, are sufficient to bring about a rise of that magnitude."

SALLEE IS HELD FOR GRAND JURY IN HECTIC QUIZ

Melvin Franklin Sallee, charged with a statutory offense involving a seven-year-old Central Point girl, was ordered held to await the action of the grand jury late yesterday by Justice of the Peace William R. Coleman, following a stormy preliminary hearing. Bonds were set at \$5000. Ugly words were hurled yesterday afternoon between Deputy District Attorney George W. Neilson, and M. O. Wilkins, defense counsel. The bitterness became so hectic that the court ordered both attorneys from the room, "until you can cool off." State policemen and city police called the belligerents. The climax came when Attorney

NAZIS TO CRUSH RELIGIOUS PRESS

BERLIN, April 25.—(AP)—Nazi press leaders took steps today to crush the entire German church press, Catholic as well as Protestant, and all Jewish organs still existing on a religious or racial basis. A new law, signed by Max Amann, president of the Reich press chamber and manager of the Nazi party's publishing organization, is designed to monopolize the religious publications for Nazi ideas and make them legally subject to Nazi dictatorship. The law provides that "church or professional newspapers, as well as papers intended for groups of subscribers with certain interests, henceforth are forbidden." The Nazi party and its organizations are not subject to the new law.

Jack Frost Lets Orchardists Sleep

Rising temperatures last night kept it unnecessary to snuggle in the valley and this morning the sun beat down upon blossoming orchards through air that carried no trace of smoke. The lowest temperature recorded by the weather bureau was 37 degrees, but it was a few degrees colder than that mark in the lower sections of the valley, according to meteorologist Rogers. There was no official prediction of frost for tonight, although continued clear skies were forecast.

HOOD RIVER PEAR POOL CLOSED FOR LAST YEAR

HOOD RIVER, Ore., April 25.—(AP)—The Apple Growers' association here has announced the closing of pools on its entire crop of Comice and Josephine pears for 1934. Average prices of \$1.32 for Comice and \$1.22 for Josephines were reported.

PORTLAND PILOT KILLED IN CRASH

PORTLAND, Ore., April 25.—(AP)—Glenn G. Gregory, 36, of Portland, was killed near here today when the practice plane he was piloting fell from a height of 600 feet and crashed on a farm. Gregory, employee of a Portland tire company, had rented the small plane a few minutes before. He said he wanted to practice landings. Gregory had a student's permit to fly and had received his preliminary instruction in Detroit, Mich. About two years ago he came here from Detroit where he was said to have been on the city police force. His widow and three children survive.

BURGER ACCEPTS ATHLETIC POST IN SCHOOL AT BOISE

Coach of Medford High Schools Since 1930 Going to Larger Field—Successor to Be Named Later

BOISE, April 25.—(AP)—Darwin Burgher, for the past four years athletic director and football coach at Medford high school has been named director of physical education at Boise high school. W. D. Vincent, superintendent of Boise schools, announced late yesterday. Burgher succeeds Morris W. "Dusty" Kline, who tendered his resignation last week. Darwin K. Burgher, coach of Medford high school athletic teams since 1930, who received an offer Monday from W. D. Vincent, superintendent of schools at Boise, Idaho, to become director of athletics and dean of men at Boise high school, wired acceptance yesterday. While here Burgher established one of the most enviable records in high school football in the state, playing 46 games, winning 39, tying 2, and losing only 5. His record in basketball, while not so impressive, is at least outstanding. In that he lost only 27 games while winning 37 starts. In the five years here, his football teams have won the state championship once, in 1933, were runners up in 1932, and in 1934 tied with Washington high of Portland, 6-6 for the championship. Every year he has had a championship team in the southern Oregon conference. Leave in September He will finish the school year here.

NINE CCC CAMPS WILL BE SHIFTED OUT OF DISTRICT

Eighteen camps and Headquarters detachment will remain in the Medford CCC district when the present summer movement is completed, according to Major Clare H. Armstrong, district commander. Nine of the companies which have been in the Medford district during the period just past are now making preparations to move to other districts in the ninth corps area during the summer. The Medford district has been made up of 27 camps and the Headquarters detachment during the past six months. Although news dispatches from Washington, D. C. indicate a number of new companies will be assigned here as a part of the CCC expansion program, no official word of this has been received. The nineteen camps to remain here are those already in the district and do not include new

KIDNAPERS' VICTIM TO ASK CLEMENCY

JEFFERSON CITY, Mo., April 25.—(AP)—The supreme court today denied a rehearing to Walter H. McGee, under sentence to be hanged in Kansas City, May 10, for the kidnaping nearly two years ago of Miss Mary McElroy, 26, daughter of the city manager of Kansas City. One legal pathway still lay ahead for McGee's attorneys—an appeal to the United States supreme court. Miss McElroy was unharmed. Her father, H. F. McElroy, paid \$30,000 ransom for her release.

FREE LOVE HELD RESULT OF LAW

WASHINGTON, April 25.—(AP)—Charges that young couples in the practice phase are leading immoral lives because they fear marriage would imperil their jobs, stirred a row today. At the heart of the controversy was a proposal to repeal the marital status law. This requires that, where husband and wife are employed by Uncle Sam, one of them shall be dismissed when forces are being cut. E. Charles Babcock, president of the American Federation of Federal Employees, told the house civil service committee he knew of nine couples who were living together outside the bonds of matrimony on account of the law.

INFANT DROWNS IN TEN GALLON CROCK

WOODBURN, Ore., April 25.—(AP)—Death was the unseen playmate of Robert Gregory Case, infant, who was drowned in a 10-gallon crock of water at the home of his parents, Mr. and Mrs. Lester Case of Woodburn, Wednesday evening. The youngster was playing on the back porch and dropped a toy into the crock filled with water. In his third party attempt the boy fell head first into the crock. He was found a short time later by his mother.

PIERCE TO BROADCAST AGAINST TRUCK BILL

WASHINGTON, April 25.—(AP)—Oregon's Congressman Pierce announced yesterday he will take to the air via coast to coast radio hook-up tonight in opposition to the Eastman motor transportation bill, pending in congress. If the bill is enacted, Representative Pierce, a Democrat, said, "it will ruin motor truck and water transportation," and would be used as a vehicle to raise rail freight rates. Pierce said he would speak from 11:15 to 11:30 p. m., E. S. T.

YOUTH CONFESSES SLAYING PARENTS

AUSTIN, Texas, April 25.—(AP)—Sheriff Lee Allen said today toward Sheriff Allen confessed to him that he killed his parents, Associate Justice of the Texas supreme court, and Mrs. Pierson, to obtain the former's insurance money and for revenge. The sheriff said the youth did not apply on the insurance and revenge motives, and the admissions were obtained during prolonged questioning after the bodies of the parents were found near Austin. Sheriff Allen added that he had learned young Pierson told a close friend he was going to kill his father for his insurance, but he declined to name the friend. Dr. Joe Wooten, friend of the Pierson family, after talking to the youth, said he was suffering from dementia praecox, and an hallucination that his parents had discriminated against him.

KINGFISH CROWS LOUDER IN THIRD PARTY THREAT

WASHINGTON, April 25.—(AP)—Senator Long (D., La.) brought his third party threat further into the open today with a flat assertion that unless one of the major parties nominates a man of the "Borah caliber" they will be "split wide open." His statement was taken as a new indication that the Louisiana senator will seek to have his say on a national-wide scale when the issues begin forming for the 1936 battle. Although he offered his support to Senator Borah (R., Idaho) or any one of a number of "liberals" whom he named, he voiced very little hope that any of them would be nominated by either of the old parties. "I don't think the scoundrels will do it," was the way Long put it. "And if they don't do it," he said, "I'll have a third party that will split them wide open." SILVER JUMPS UP ON GOVERNMENT'S BUYING PROGRAM

Price Boosts Slated to Continue Until \$1.29 Reached—Government Still Far Short of Requirement

LONDON, April 25.—(AP)—The price of silver today jumped 2 1/8 pence on the London market to 24 1/2 pence an ounce, the highest since October, 1924. The market was excited, speculators clamoring to secure supplies, which are scarce, and dealers holding for better prices. WASHINGTON, April 25.—(AP)—Secretary Morgenthau said today the treasury would continue to buy silver until it reached \$1.29 an ounce, or until treasury stocks equaled one third of the total gold. The treasury head said that last night's action in boosting the federal price for domestic mined metal to 77.57 cents an ounce, as well as previous actions in elevating the price, was simply carrying out a mandate of congress. Morgenthau was referring to the silver purchase act passed last summer, which required that the bullion base should be in the proportions of 75 per cent gold and 25 per cent silver. He pointed out that there was no time limit set for building up the stocks to the required levels. Treasury statistics show the government still is far shy of its required 25 per cent silver base.

TIGER BASEBALLERS DEFEATED, 7 TO 2, IN JACKSONVILLE CLASH

With only three general practice sessions under their belts, and no infield practice whatsoever, the Medford high school baseball team entered the spring war yesterday against Jacksonville high in the history city, only to go down to defeat, 7-2, before their more experienced rivals. The Jacksonville nine, with several experienced players, have already gone through a several game campaign, so the showing of the locals was not the least disappointing. Erickson and Ray Lewis pitched for the Tigers, allowing only nine hits, walking five, and striking out four. Hea, who has also been pitching semi-pro ball for the Medford Merchants, allowed three hits, walked two and struck out 17, while doing the Jacksonville twirling. Ed Simmons clouted out a circuit hit for the Tigers, the only one of the forenoon. Jim Hayles, while doing a fine job of catching, got on base every time at bat. Coach Ed Kirtley and Assistant Coach Hal Sowers have announced that the team is shaping up nicely. The game yesterday was a practice affair, as will be most of the games this year, in preparation for a good season in 1935. Seventeen men were used in the game, everyone who turned out getting a chance to see action.

SOLINSKY TAKES STAND IN DENIAL OF PARK FRAUDS

Former Superintendent Says He Continued Accounting System in Operation When He Took Office

PORTLAND, Ore., April 25.—(AP)—E. C. Solinsky, discharged superintendent of Crater Lake national park, took the witness stand in federal court here today to give testimony that he is not guilty of the charges that he conspired to defraud the government. The United States attorney rested his case with surprising suddenness and the defense put Solinsky on the stand as its first witness. His early testimony indicated the defense would seek to place responsibility for reputed irregularities of park accounts on A. R. Edwin, former chief clerk and disbursing officer, who was indicted with Solinsky and who pleaded guilty to the charges. Edwin turned government evidence. Merely Continued System Solinsky testified he merely continued the accounting system in operation when he assumed the superintendency of the park; that he was an "outside man," versed in forestry, trail building and park maintenance, but knew nothing of accounting methods. George Neuner, associated with George Roberts, Medford attorney, as defense counsel, conducted the direct examination of the defendant. In questioning he laid the groundwork for the possible defense that any actual irregularities were committed by Edwin, who had complete control of the park funds. The government's strongest point against Solinsky included testimony by Edwin that Solinsky ordered falsification of payroll records; that Solinsky personally wrote the signatures of six fictitious workmen carried on the August, 1932, payroll, and that he gave Edwin \$100 late in 1932 with the inference the money was to aid him in keeping still about irregularities in the park. To Defend Irregularities Solinsky is expected to defend certain irregularities at the park by claiming the money obtained from certain payroll padding was actually used in making necessary repairs and improvements at the park, for which no appropriations were available in the regular routine. It was charged that Solinsky carried officials of a snowplow company on the payroll as laborers to pay for

F. R. TO BROADCAST SUNDAY EVENING

WASHINGTON, April 25.—(AP)—President Roosevelt will go on the air Sunday night in a resumption of his freestyle radio talks to the nation to discuss the new work relief program. He will speak, beginning at 10 p. m. Eastern standard time, for half an hour. Although the president's speech will be devoted principally to the program for making jobs, he is expected also to discuss generally his stewardship of office. It will be the first time Mr. Roosevelt has talked to the people since September 30.
