

BADMINTON CLUB TOURNAMENT STARTS WEDNESDAY NIGHT

A great deal of interest is being evidenced by badminton enthusiasts in the opening round robin tournament scheduled for tomorrow night at the local club courts in the Angle building.

The tournament is the beginning of a series to be known as the president's cup matches which will be held every second Wednesday through the summer.

Members of the club have been divided into two leagues, the "Blue Sox" and the "Red Sox," and properly handicapped for close play.

The final match of each tournament will see the champions of each league meet in the playoff for a piece on the president's cup.

The players who first succeed in placing their names on the trophy roster will become permanent holders of the silver loving cups which are on display at the Larry Schade Jewellery store.

Members of the local badminton club are also planning an organization meeting for the forming of a state association in the near future.

A delegation of players and fans will be in attendance from all the other clubs in the state.

A number of social events are being planned for their entertainment while here.

The feature of the meet will be a series of inter-club matches which will see the champions of the Pacific coast in play.

Photographs and a descriptive story concerning the model home in Weeks and Orr's furniture store in Medford appeared in the May issue of "Western Furniture Retailing," a magazine distributed throughout the west.

Presenting merchandising articles and trade news of special interest to dealers in home furnishings.

"When A. E. Orr, veteran Medford, Oregon, furniture dealer and managing owner of Weeks & Orr store, got the idea of installing a model home on the second floor of the store last month, he determined to plan it so that others interested in home modernization and refinement could participate.

"Local firms were invited to participate in the construction of the home. They accepted the invitation and the result is one of the finest model homes a small city dealer ever turned out at low cost.

"Needless to say, the Weeks & Orr store experienced a decided increase in sales and home interest as a result of the exhibit. Mr. Orr is to be congratulated on his initiative and foresight," the article stated in part.

A complete change of furniture is now on display at this attractive model home which continues to attract numerous visitors daily. The new furnishings have been placed to excellent advantage in the model home.

Wilson Defendant in Livestock Case

Through an inadvertent error, the name of D. L. Davidson of the Central Point district was given yesterday as the defendant, in a stock-running-at-large complaint. Dave Wilson is the defendant, and Davidson is the complaining witness.

Wilson was scheduled to come before Justice of the Peace William R. Coleman yesterday for sentence, but deferment was requested by his attorney, Gus Newbury. The defendant, it is reported, was contemplating changing his plea to not guilty.

The charge was filed last October and Wilson entered a plea of guilty. The case has been held in abeyance pending an opinion from the attorney general, relative to the Medford stock district, which embodies the territory between Talent and Central Point. The attorney general held the county-wide election in 1930, with a favorable vote for stock at large, did not affect the stock district.

RUMMAGE SALE TO AID BOY SCOUT TRIP EAST

Boy Scout Troop No. 3, sponsored by Roosevelt school P-T. A., will hold a rummage sale Saturday in the store room formerly occupied by Campbell Clothing Co. Any old clothing is desired, particularly old silk stockings, and anyone wishing to furnish material for the sale is asked to call Mrs. R. A. McKay, 325-J, or take it to 1925 Heddy avenue. Proceeds from the sale will defray expenses of sending a member of the troop to the national Boy Scout jamboree to be held in Washington, D. C., the latter part of August.

Home Improvement

might have been something to ponder over a few months ago, but now things are different. The F.I.A. has placed easy money at the disposal of every homeowner—the financial end of the problem is licked.

CALL US—all our plans, information, services—securing workmen, etc., are FREE OF COST OR OBLIGATION.

Crockett Family Coming to Craterian Stage

The entire Crockett family, famous radio entertainers from KNX, Hollywood, who have been so popular over the air for the past two years, appear for a one-day engagement "in person" tomorrow only at the Craterian theater, on the stage for both matinee and evening shows.

"Daddy" and "Maw" Crockett, who inaugurated the idea, and whose "Barn Dance" each Saturday night has captured a weekly radio audience of thousands, head the stage unit which includes the five boys and three girls.

The screen feature on the program will be "Mary Jane's Pa," with the two favorite comedy players, Guy Kibbee and Allie MacMahon in the leading roles.

Accepts Forest Position - Charles Gould has accepted a position with Rouse River national forest and is stationed at the warehouse, assisting Jack Gill.

Rangers at Work - Hugh A. Ritter and Maurice Tedrow, rangers, are making a survey of the Cascade mountain region near Pelican guard station.

Back at Station - Lee Port, ranger, who has been stationed at the Medford forest service offices during the winter, has been stationed at his summer post, Star ranger station on the Applegate.

Assigned to Lava Beds - I. H. Porter, engineering foreman, and Louis E. Barnum, forestry foreman from Camp Oregon Caves, COG, have been temporarily assigned to Lava Beds national monument, Calif., to engage in a preliminary survey.

Lainz Arrives - Francis G. Lainz, assistant landscape architect for the national park service, was a Medford visitor yesterday enroute from his headquarters at San Francisco to Portland, where he is conferring with David H. Canfield, superintendent of Crater Lake national park.

Magie Show Tonight - There will be a program of magic presented by Mr. Whipple, well known valley magician, tonight at 8:00 o'clock at the Sunday school room of the Presbyterian church, sponsored by the young people's society. Funds derived from the small admission charge will be used to send young people to summer conference.

Back From Lake - Sam Jennings, Roland Hubbard, Charles Gould and Clem Childers returned late Sunday from Diamond lake, where they had spent several days. They report that the snow is melting rapidly and that the cabins at the lake are in good condition. They made the trip in a motor sled owned by Sam Jennings, which they said performed satisfactorily.

A clock which offers calendar notations as to day and month and takes care of the leap year problem has been invented by a Swedish engineer.

A hawk with a wingspread of 54 inches was killed with a broom by Mrs. A. J. Rawlings of Jolton, Tenn.

NEW YORK, April 30.—(AP)—Directors of the United States Steel Corporation today ordered a dividend of 50 cents on the preferred stock. Quarterly payments have been made at this rate since January, 1933, when the dividend was reduced from 87 annually.

The corporation reported total earnings of \$12,428,449 for the first quarter of this year after ordinary operating expenses against \$3,761,716 for the last quarter of 1934 and \$378,731 for the March quarter of 1934.

SALT LAKE CITY, April 30.—(AP)—Mrs. Maria Y. Douglass, oldest surviving daughter of Brigham Young, second president of the Latter Day Saints church and leader of the Mormon colonists into Utah, died of a heart attack at her home here today.

FINANCIAL TALK BY M. N. HOGAN IS ROTARY FEATURE

M. N. Hogan gave an interesting financial talk as a feature of today's program at the luncheon of the Medford Rotary club at the Hotel Medford. His talk was opened with a brief description of economic conditions in 1929 when the stock market was at its peak, explaining the errors made by investors at that time.

He then outlined financial conditions as they are today, pointing out the high price structure on bonds, which has been responsible for sweeping bond refunding activities throughout the United States, both by corporations and municipalities.

In explaining recent bond refunding operations, Mr. Hogan cited examples which included such municipalities as Portland, Roseburg, Eugene and Medford, and a few western corporations, including Southern California Edison and Pacific Gas & Electric.

Recent legislative acts have made possible refunding of municipal bond issues in Oregon, resulting in substantial savings to taxpayers, Mr. Hogan said. Public confidence is now in bonds, and cities and corporations have taken advantage of this situation to effect their refunding programs. Hogan's talk was especially interesting to the large gathering of Rotarians and guests.

Bruce Wade, a member of the Marshfield Rotary club, urged members of the Medford club to avail themselves of the hospitality of the Marshfield organization when an inter-city meeting will be held in the Coos Bay metropolis Saturday evening of this week. A committee of the Medford club, headed by W. A. Gates, has prepared the program for the joint meeting.

STEEL DIVIDEND OF 50C ORDERED

NEW YORK, April 30.—(AP)—Directors of the United States Steel Corporation today ordered a dividend of 50 cents on the preferred stock. Quarterly payments have been made at this rate since January, 1933, when the dividend was reduced from 87 annually.

The corporation reported total earnings of \$12,428,449 for the first quarter of this year after ordinary operating expenses against \$3,761,716 for the last quarter of 1934 and \$378,731 for the March quarter of 1934.

SALT LAKE CITY, April 30.—(AP)—Mrs. Maria Y. Douglass, oldest surviving daughter of Brigham Young, second president of the Latter Day Saints church and leader of the Mormon colonists into Utah, died of a heart attack at her home here today.

NEW CAPITOL SITE PROPOSAL SCORED BY CONTROL BOARD

(Continued from Page One)

condemned the proposal as being unsound and impracticable.

Decision With People

"While in the final analysis the decision as to the location of the capital rests with the people, I do not believe there is any serious danger that the people would approve a proposal which would disrupt the system which has been built up, or necessitate the abandonment of the tremendous investment the state has here.

"In considering the problem of rebuilding the capitol the board of control has from the very first been unanimous in its opinion that the new structure should be located in Salem.

"I do not believe that any other thought has ever entered the mind of any member of the board. It has never been mentioned.

"Our whole thought has been to develop a complete proposition for submission to the legislature to locate a new, modern building on the old site or on some other more suitable location in Salem."
