# ACTIVIANS DANCE TONIGHT TO OPEN SPRING FESTIVITY

Tonight will see the formal opening of the spring social season in Medford with the May Day dance to be held at the Oriental Gardens. Plans for the big dance were completed last night at the regular weekly meeting of the Active club, sponsors of the affair, and indications are for a gala crowd.

Archie Legg and his famous recording orchestra, always a favorite with Medford dance enthusiasts, has been retained. Ticket sales have been advancing briskly and many early-theater parties will end up at the dance. Outside activities, such as the auto show, planned in conjunction with the dance, have been canceled because of inclement weather, but the remainder of the plans are going through as scheduled.

Members of the general committee, headed by Jack Butler, and including John Niedermeyer, Harold Larsen, Earl Simms and Dr. Dwight Finley have reported that the hall will be attractively decorated, and the orchestra platform will be decked in appropriate spring flowers.

The committee for the evening will be composed of Carl Johnson, secretary of the Active club, Chet Hubbard, Glen Fabricik, Kenneth Anderson, Jimmy Moore, Bill Heath and Harry Eldon.

All of the proceeds from the affair will be devoted to sending a Medford Boy Scout to the National Jamboree in Washington, D. C., in August, in keeping with the Active motto of being first in civic service.

The May Day Festa, inaugurated this year, will be an annual affair and interest already manifested shows that the occasion will take its place as one of the outstanding social events of each year in this community.

## COMFY BEDS FOR MEMBERS OF CCC

Men in Medford CCC district are going to sleep warm and comfortable this year, even in the camps that are situated in the highest and most wind-swept mountains. Deliveries are being made this week of mattresses, new blankets, sheets and pillow cases for every man in the district, and broad sheets indicate that the new "kivers" are going over great.

It will take nine boxcars to bring the equipment into the district and nine truckloads to distribute it among the camps. The new sheets and pillow cases, which will be laundered regularly, will replace scratchy regulation army blankets, and the mattresses will replace straw-filled ticks.
