

### HULSE WILL FACE GRAND JURY FOR THREAT WITH GUN

Perry Hulse, 34, a miner in the Sterling creek district in the county jail, held under \$2,000 bonds awaiting action of the grand jury on a charge of attempting to commit a felony. According to state police, Hulse threatened the life of a state police officer last Sunday, April 21, when the officer was waiting at the car of Perry Beard, Hulse's son-in-law, to check on suspected deer hunters.

The officer, while on patrol near the head waters of Sterling creek, saw a parked car, without a license started an investigation. He pulled off the road, prepared to await the owner's return. Hulse and Beard, who were apparently near by at the time, returned shortly after. When Hulse saw the trooper he flew into a violent rage, covering the officer with his rifle, it is alleged, heaping him with verbal abuse, and threatening to take his life. The state trooper urged calmness and was able to depart after 15 minutes, unharmed.

A secret warrant for the arrest of both men was issued Monday morning, and Friday the two were apprehended by state police and sheriff's officers at their cabins near the Sterling mine. No trouble was experienced in taking Hulse, he telling the officers "I was expecting you."

Saturday morning Hulse waived preliminary hearing, and bond was set in justice court. Beard was arraigned on a charge of operating a motor vehicle without a license, and received a suspended sentence, with instructions to report to the district attorney every 30 days.

### ST. MARKS ALTAR SILVER RECOVERED

The silver altar service, stolen from the St. Mark's Episcopal church last Sunday night, has been recovered, it was announced last night by the city police. The paten, or water dish, was found Monday morning on the lawn of the court house, the finder not knowing what it was until the report was given in this paper. The wine chalice was found yesterday in the tall grass of the vacant lot across from the Standard Oil service station at Main and Sixth.

As yet the police have not apprehended the thief, but are still actively working on the case, it was learned.

### LAST SUMMONS TO MRS. ROSE N. SAGE, NATIVE DAUGHTER

Following an illness of many months, which had confined her to her home for the past several weeks, Mrs. Rose Nelson Sage, wife of Charles Welden Sage of the Table Rock district, died at her home at an early hour Saturday morning.

The daughter of Mr. and Mrs. S. M. Nelson, early settlers in the Rogue River valley, she was born August 12, 1869, at Table Rock, and had made her home in Jackson county continuously except for three years spent at Poplar, Mont., following her marriage July 11, 1919.

She attended the Table Rock schools and high school at Medford and later taught school in several districts of the county, making friends in all sections of the valley, through her participation in community and church activities. Always an earnest worker in religious matters, she continued to take an active part in the church work of her community almost until her death.

She was the mother of five children: Edith Marian, Ruth Margaret, Robert Welden, Norma Rose and Daniel Dudley Sage, all at home. She also leaves nine brothers and sisters: Markon, Harry, Robert, Burnett and John Keaton, all of Table Rock; Mrs. Mae Richardson of Central Point; Mrs. Margaret Wilson of Sams Valley and Mrs. Mary Dodge, Mrs. Katherine Huntress and Mrs. Eva Hamilton, of Medford.

Funeral services will be held at the Conger funeral parlors in this city this (Sunday) afternoon at 3:00 o'clock, with Rev. D. D. Randall, with whom Mrs. Sage had been associated for several years in Sunday school work, delivering the sermon. Music will be by the choir of the Central Point Federated church, and the following neighbors in the Table Rock district will act as pallbearers: A. L. Heabrooke, H. W. Davison, Ernest C. Hamilton, Frank Myers, Frank Hensley and Ralph Wilson.

Interment will be in the Central Point I. O. O. F. cemetery.

**WILL ESTABLISH MEDFORD DEALERS FOR LUCKY LAGER**

"Lucky Lager," a brand of beer that has established sweeping popularity throughout California, will soon be available for thirsty southern Oregonians, according to an announcement yesterday by officials of the Pacific Fruit company. Hay D. Bechtolt, sales representative from San Francisco, and S. G. Willett, sales representative from Portland for the General Brewing corporation, are in Medford assisting in the establishment of retail dealers in the Medford area. People of this city who have heard of this well known brand, which has been available to their California neighbors, are eagerly anticipating the pleasure of enjoying "Lucky Lager" here.

One of the west's finest breweries, completed last year in San Francisco at an approximate cost of two million dollars, is the production center for "Lucky Lager" on the Pacific coast. This plant is considered one of the most modern and sanitary in the United States, replete with the newest brewing facilities, and a fully equipped laboratory. The plant operates on a three-shift basis and so great has been the demand for its product that a second unit will be constructed, according to Mr. Bechtolt and Mr. Willett. One of the features of the General Brewing corporation plant is a high-speed bottling machine, capable of a two-bottle-a-second capacity.

Julius Kerber, formerly associated with the Schlitz organization, is brewmaster for the General Brewing corporation, and a carefully selected blend of Cascade mountain and domestic hops are used in the brewing of "Lucky Lager."

Available to the public in agitated bottles, "Lucky Lager" is distributed throughout Oregon by the Pacific Fruit company of Portland.

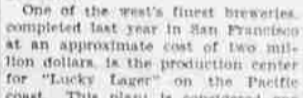

### SUMMER RULES CITY WATER USERS

Elsewhere in this paper appears a notice to water users as set out by the Medford Water Commission.

The water commission are asking each and every water user to observe these vital rules and to report any violation thereof, and issued the following statement:

These rules are fundamental as they affect the water system. Should everyone use an open hose in sprinkling, the water pressure would drop to such an extent that some sections of town would be practically without water during peak load periods of the day. The rule applying to waste is self-explanatory and its selfish violation is a reflection on the habits of the violator. The regulation pertaining to the turn-off during fires is adopted to provide greater pressure in the water mains during a conflagration.

### MAYOR ENDORSES 'BUDDY POPPIES'

To Citizens:  
It is a pleasure and a privilege to me as Mayor of Medford, to extend a cordial endorsement of the annual "Buddy Poppy" sale of the Veterans of Foreign Wars, to be conducted on May 24th and 25th. The organization is to be congratulated on the deep concern it is manifesting both in the manufacture and the sale of these memorial emblems for their war buddies and for the widows and orphans of the gallant soldiers who made the supreme sacrifice. I trust there will be a growing interest in this annual appeal, which gives to each one of us the opportunity of showing that we have not forgotten the sacrifices of America's soldier sons.

Every American citizen should welcome this opportunity to help the boys who did so much "over there." Each "buddy poppy" which we wear on Memorial day symbolizes the loyalty and sacrifice of our nation's heroes and is a tribute to the memory of those who sleep in permanent garrison on the battlefields of France and to the living courage of those whose disabilities have incapacitated them for self support.

I particularly commend the allotment of part of the proceeds of the sale to Veterans of Foreign Wars National Home for widows and orphans of ex-service men. This is a most worthy undertaking, and I am sure it will be heartily supported by all those of our citizens who have an appreciation and understanding of the services rendered to our nation by those who served in the late war.

GEO. W. PORTER,  
Mayor of Medford
