"ALL-BRAN FORMS MAJOR PORTION OF MY BREAKFAST"

Delicious Cereal Relieved His Constipation*

Read Mr. Huyghe's voluntary letter: "After suffering for years, I happened to notice in the grocery a box of ALL-BRAN. I determined to give it a fair trial.

"Today it forms the major portion of my breakfast. I cannot say enough for its effect, as I am a man 58 years of age, at the time in life when one needs just what ALL-BRAN does for you."—Mr. Robt. A. Huyghe, 810 Union St., New Orleans, La.

*Constipation due to insufficient "bulk" in meals.

Research shows that Kellogg's ALL-BRAN furnishes "bulk" to exercise the intestines. ALL-BRAN also supplies vitamin B and iron.

Two tablespoonfuls daily are usually sufficient. With each meal, in serious cases. If not relieved this way, see your doctor.

The "bulk" in ALL-BRAN resists digestion better than the "bulk" in leafy vegetables. How much better to use this gentle food in place of patent medicines.

At all grocers in the red-and-green package. Made by Kellogg in Battle Creek.

FOUR TRAPPED IN BOSTON MANSION; 7 OTHERS INJURED

(Continued from Page One)
brick house collapsed as firemen were attempting to push through the flames and smoke to aid the screaming victims.

Before the first pieces of apparatus arrived the entire house was in flames.

The screaming women, who hung from third and fourth floor windows, fell onto the silk, horribly burned, before firemen could reach them.

The fire occurred in the absence of the socially prominent artist and his second wife, the former Virginia Wilson, of Cincinnati, daughter of Robert Wilson, tobacco-trade multi-millionaire.

Steepets Trapped

Starting from an undetermined cause, apparently at the bottom of a dumbwaiter shaft in the four-story brick residence in the back bay district, the fire mushroomed up through the house, trapping the sleeping household on the two upper floors.

John Lavalle, 10, and his sisters Mary and Ellen, were trapped by the upward-rushing flames in their second-floor bedrooms. John leaped and landed on a soft bit of lawn, virtually unhurt, but his two sisters, suffering from severe burns by the rapidly spreading flames, were further injured when they leaped.

Mary Dolan and Kathleen Costello crept outside their fourth floor windows and clung there desperately while the fire scorched them and choked them with billowing smoke. Bystanders screamed to the pair to keep their hold but they were forced to drop.

Other Found Dead

Firemen who fought their way into the house found Lavalle's aged mother dead in her flaming bed. The daughter, Alice, apparently died before she had a chance to seek safety. Her body was found beneath debris of the fourth floor.

The artist's mother was a sister of the socially prominent Mrs. Curtis Guild, widow of a former governor of Massachusetts.

Lavalle is a graduate of Harvard and is widely known in America and Europe as a portrait painter. He married Virginia Wilson in 1932, after the death of his first wife, mother of his four children.

CURRENT FINANCE SITUATION TOPIC OF KIWANIS TALK

M. N. Hogan of Hogan Investment Co. gave an interesting talk at the regular luncheon meeting of Medford Kiwanis club yesterday at Hotel Medford, on the distribution of wealth and rebounding being carried out through bond issues.

"This country has entered a new stage of things," Mr. Hogan said. "There is more money lying idle in the banks now than ever before in the country's history. There are many idle men and much idle money at present and when this money is released, as it soon will be, things will hum again. We are entering an era when serious thought should be given to investments of all kinds."

Mr. Hogan reviewed the rise of stock prices until 1929, contrasting them with the low prices on bonds. Today, he said, there are eleven million bonds in the state of Oregon eligible for refinancing, and said that one billion dollars' worth of bonds will be released this year.

It was announced that the Kiwanis Rotary golf tournament, of which Bob Hammond is in charge, will be held soon and that a definite date will be announced.

The California Oregon Power company services the homes of Klamath Falls with well water. Mahoney proposes to bring in mountain water from Spring Creek on the Klamath Indian reservation. Although the rights to this stream have been taken for irrigation purposes, Original engineer's reports declared the amount inadequate.

The power company has announced its willingness to sell its plant "for the right price." If the bonds succeed it is expected the city will undertake condemnation action against Copco.
