Pomona Grange

(By Gertrude Haak)

Jackson County Pomona Grange held a fine meeting on April 27, when it convened for the regular quarterly meeting at Rogue River, entertained by the Live Oak Grange.

The hall was redolent with the fragrance of old-time lilacs, everyone's favorite, and in this setting the good natured Grangers disposed of a maximum amount of business, much of which was for the good of the order, but some being of general interest.

A Jackson county agricultural exhibit at the Manufacturers' Land Products show to be held in connection with the Pacific International Livestock exposition in Portland in October was sponsored and will be in charge of the agricultural and marketing committee: C. C. Hoover, Henry Conger, Arnold Bohnert, Geo. Edwin Dunn and Perry L. Walt.

A resolution from Lake Creek deploring the partial boycott of meat for the state institutions by the state board of control was adopted.

Producers have lost heavily during the years of depression through having been compelled to sell meat below cost of production, more than one stockman having been ruined by the low price of cattle, etc. Now that the prices advancing and the stockmen are hoping to regain some of their heavy losses, this partial boycott seems to them as unfair.

Grange "Go to Church Sunday" was sponsored for some time in June, to be held in Ashland park.

The Pomona will sponsor a county-wide Grange picnic this summer.

Mrs. K. Ethel Lathrop was appointed degree captain. All officers of the Pomona are urged to attend a meeting for degree practice at Central Point Grange hall at 8 p. m. May 15. They are also requested to bring others to act as substitutes in case of need.

L. H. Gallatin was endorsed as advertising captain for Jackson County Grange Bulletin advertising.

During the beautiful memorial service tributes were placed on the altar to the memory of Mrs. Martha Seegmiller and L. M. Sweet, both of Sams Valley Grange. Tributes were placed by Mrs. Margaret Wilson.

Warren Patterson gave a good report of the Grange gas co-op, the same being in a healthy condition, and a profit declared in spite of the first heavy cost of installation. This gas co-op has saved the farmers of the valley many dollars in the operating expense of their farms.

The following program was presented by Mrs. Gisle Maust, lecturer:

Several songs led by Mrs. Eudora Bonnert, with Mrs. Willard Ward at the piano.

Two piano solos by Mrs. Edna Stalling.

Vocal solo by Mrs. Empey, accompanied by Miss Helen Burreson.

Skit by Live Oak Grange, "Springtime in the Rockies."

Two solos by Ralph Allaman.

Dr. Wm. F. Rorpy gave a talk on "Highway Safety."

Solo by Mrs. Grant, accompanied by Mrs. Stalling.

A blackface skit and encore by Mr. and Mrs. Frank Greenwood.

Duet by Mrs. Grant and Mrs. Kiersey.

Next meeting will be held at Jacksonville May 11 at 8 p. m. A good attendance is urged at this meeting, as this is the time when resolutions for State Grange are taken up. The Pomona agricultural committee will have charge of the lecture program.

JAP LIGHT BULBS BANNED BY COURT

LOS ANGELES, May 7.—(AP)—Sale in this country of Japanese-made electric light bulbs which infringe American patents today stood banned under a decision made by Federal Judge Paul J. McCormick.

Judge McCormick granted the General Electric company an injunction against T. Anraku, the Tokyo Lamp Co., the International Lamp Co., and the Pacific Importing Co.

L. S. Lyon, attorney who handled the patent suit, said the injunction will halt the sale in this country of about 100,000,000 Japanese - made bulbs annually.

In addition to the asserted violation of patents, Judge McCormick held that the Japanese bulbs are of short life and use more electrical current than American bulbs.

Snow Will Delay Opening Hood Road

HOOD RIVER, May 7.—(AP)—Early tourists with whom the Mount Hood Loop highway has become a popular drive, will be disappointed this year, for the scenic route will not be open until late in June. A survey has revealed that over a considerable part of the route snow is hard-packed to a depth of 10 feet. Removal work probably will not start before early June.

FORD TRAVELING TRANSPORTATION EXHIBIT COMING

Ford's 1935 traveling commercial transportation exhibit, now on a tour of the entire territory under the Ford Motor Company Richmond branch—Northern California, Southern Oregon and Western Nevada—is to arrive here Friday for a one-day showing from 10 a. m. to 9 p. m., according to C. E. Gates, local Ford dealer.

"In this merchandising 'road show' there are a dozen units, including light delivery equipment, heavy duty trucks and a large school bus," says Mr. Gates. "The products of the Ford Motor company in the display include a 157-inch closed cab stake body truck, carrying a comprehensive Ford parts display; a closed cab pickup, 112-inch panel delivery, 112-inch sedan delivery, and a 131½-inch panel job.

"Manufacturers of transportation equipment of various types are represented in this huge industrial caravan and are cooperating with the Ford Motor Company in staging demonstrations in some 52 cities and towns throughout the vast Richmond branch area," the local dealer pointed out today. "There is a Fabco 6-wheeler behind a 157" Ford Truck; the Universal Equipment Company has a Warford 4-wheel drive unit in the caravan; the school bus is a product of Pachetts & Carstensen; Gar Wood Industries places two units in the exhibit—a Ford truck with 2-yard dump body, and another V-8 with an open express body."

Expert operators are representing the different manufacturers, and factory trained representatives of the Ford Motor Company are in charge of the Ford units. Commercial sales representatives of the Ford Richmond plant are accompanying the Commercial caravan and cooperating with the Ford dealers in the various towns and cities in the itinerary.

"The purpose of this caravan is to assist Ford dealers by bringing a complete display of commercial and heavy duty equipment right into the dealer's own territory and demonstrating the various units for the benefit of his customers and prospective customers, said Mr. Gates. "The school bus will be used to transport the public to from the exhibit here, and the heavy duty equipment will be demonstrated on projects now under way in the different localities where the caravan is scheduled to stop."
