

SEALS AND SERAPHS STEAL SPOTLIGHT IN HARD-FOUGHT BATTLE

By the Associated Press

San Francisco and Los Angeles are stealing the spotlight of the coast baseball season in their close-fought duel for second place.

Turning the tables after their double defeat by the Seals Sunday, the Angels came back yesterday to defeat the O'Doulmen, 4 to 3.

Oakland widened its lead in the standings another notch by playing errorless ball behind the six-hit pitching of Jim Tobin and downing Sacramento Senators, 9 to 3.

A merry time was had by almost all who faced the pitchers in a slugging bee between Seattle and Portland. The Indians got 16 hits to 15 for the Beavers, and won by 12 to 11. Victory came in the ninth, when Bill Lawrence's double and Dick Gyselman's single accounted for the final run. Mike Hunt, Seattle outfielder, got his sixth and seventh homers of the year.

The Missions lost their twentieth game of the year when they went down before the Hollywood Stars, 7 to 4.

PRITCHETT WAITS ARM CONDITIONING

Manager "Hooper" Haffard of the Medford Rogues announced today that his man Pritchett, ex-Coast leaguer from the San Francisco Seals and now a Medford business man, is not through with pitching by any means. Unfortunately, a report in yesterday's Mail Tribune was misunderstood by some, who believed the article indicated that the 31 year old chucker was "washed up."

Such is far from the case, Haffard stated, Pritchett asked to be relieved of his mound duties until he can work in his bombing arm, he having done no chucking for two years. He has been working out steadily every night, and when his arm is back in shape will probably again take the mound against the Klamath Red Sox, "Chief" McLean will have the burden of the chucking until the two can be paired to give the Rogues one of the most dangerous bombing staffs in the league.

A new outfielder will have to be found, Haffard stated, to take the place of Hal Sowers, heavy hitter, who has accepted a position with the Coquille club. The Medford squad will work out at the high school field tonight without him.

LIONS AND ROGUES SIGN FOR SERIES

Manager Bud Conlin of the Jacksonville Lions today announced that he last night emerged from a three hour conference with "Hooper" Haffard of the Medford Rogues, with a contract for a three game series between the two teams, one a 60-60 basis.

Previously the arrangement was to be for a one game decision only. The first of the three will be played on Decoration day, May 20, at the high school ball park. If the ball park is completed by that time, if not, the game will be played in Jacksonville.

The second game will be played at the high school field on July 28. If another game is necessary to settle the dispute, a time will be set after the July game.

Oregon Hoping to "Spear" Records

EUGENE, Ore. (AP)—Col. William "Bill" Hayward, University of Oregon's veteran track coach, who remembers when the world's record javelin throw was only 144 feet, has a pair of spear throwers who send the shining shaft well over 200 feet.

But there is a question whether Bobby Parke, a senior this year, will defend his N. C. A. A. title, in which he set a record of 220 feet, 11 1/2 inches last June. Back injuries he received in football last fall kept his arm at his side in early training this spring.

Whether Parke competes or not Oregon will have a classy spear slinger in Warren Demaris who two years ago sent the shaft 209 feet. He was a sophomore then and is back for his second year of competition. Although only a 155-pounder, he hopes to get more distance.

"Best in World for His Size"

Col. Hayward, honored from many years of developing collegiate and Olympic stars under a beating sun, looks for Parke to lengthen his javelin considerably before the next Olympic tryouts.

"For his size he is the best javelin thrower in the world," Hayward said. "He is only five feet, 10 and weighs 175. He throws almost entirely with his back muscles, so his back holds the answer to his future success."

Parke keeps at his road work and is hoping warm weather will loosen his back muscles.

Col. Hayward has had entrants in most of the Olympic games since 1912, and is grooming several besides Parke for the 1936 games.

BOBBY PARKE

Remember Ralph Hill? His 1932 ace was Ralph Hill, the great and uncomplaining distance runner who might have set a new 5000 meter record but for his much discussed stretch duel with Finland's Lauri Lehtinen, in which the Finn kept Hill from passing him. Both were credited with a new Olympic mark.

Bud Shoemaker, who as a sophomore last year ran the 100 in 9.5, and Sam McGaughey and Bob Wagner, two-milers and 5000 meter men, are other the colonel says possibly may develop into Olympic contenders in 1936.

"But you don't find a Ralph Hill very often," he said.

WALLULIS GETS TASTE OF OWN KO MEDICINE

SEATTLE, Wash., May 8.—(AP)—Frank Wallulis, 203-pound slugger of Roslyn, Wash., a former football player at Washington State college, got a taste of his own medicine when "Pickles" Heints of the U. S. S. Texas knocked him cold in the third of a scheduled eight-round boxing bout here last night. Heints weighed 183.

In the other half of the double main event, Amie Israel, Seattle featherweight, administered his third successive beating to Baby Palmont, Hollywood, in eight rounds. Israel weighed 128 1/2, Palmont 128.

DRIVE OF WHITE SOX NO LAUGHING MATTER FOR REST OF LEAGUE

By the Associated Press

The extraordinary early-season drive of the Chicago White Sox had ceased to be a laughing matter to the rest of the American league today.

Topsy-turvy standings are the rule of major league races every spring but the White Sox evidently aren't fooling. Jimmy Dykes' re-built club, with a crop of rookies who outshine those of any league rival, threaten to be troublesome, to put it mildly, all year.

The pale-horse's 4-3 victory over the New York Yankees yesterday served not only to bolster Chicago's hold on first place but marked their ninth successive triumph in their own park.

The champion Detroit Tigers stopped the Philadelphia Athletics 5-3, for their fifth victory in a row to remain a game and a half behind the fifth place Washington Senators who dropped the St. Louis Browns, 7-3.

Washington pointed out 13 hits in giving the Browns their eighth consecutive defeat with Buddy Myer and John Stone each collecting four.

Rain wiped out the other American league game and the entire National league schedule.

SKATING MARATHON TO GO THROUGH MEDFORD ENROUTE TO SAN DIEGO

Billed as the "Greatest Sporting Event in World's History," a party of skaters 150 strong will leave Vancouver, B. C. on May 24 racing to the California Pacific International Exposition at San Diego only 12 miles from the Mexican border. First prize to be \$3,000 and a \$20,000 movie contract.

The speed merchants will whiz through this city on June 8, tongues hanging out and straining for the finish line only 864 miles to the south.

Ten prizes will be awarded, providing ten people finish, ranging from the \$3,000 down to \$, 5, 7, 8, 9 and 10th prize of \$100 each. The exposition is sponsoring the affair, and Joe Hare is manager. Two hundred autos will travel in the accompanying caravan, handling advertising and carrying the baggage of the participants.

Rubber tired skates will be generally used, although steel tires are permissible if the skater wishes to use them. Living accommodations while on the road will be provided.

An entrance fee of \$25 will be charged, \$10 to accompany application, and \$15 to be paid at race time. Training for the event will begin in Vancouver on May 10, continuing until May 18. Each applicant must have a doctor's certificate of health.

HEALY PLANNING TO ROUGH CASEY

Jim Healy, San Francisco grappler, who has recently turned badman, will have a chance tomorrow night at the armory to even the score against Casey Columbo, smooth-wrestling grappler from Hollywood, who won two out of three falls in their first encounter last week.

Healy is counting on rough stuff.

to beat the big ex-weight lifter, as he figures Columbo knows too much about the game scientifically to try to compete with him from that angle.

In the other half of the program fans will be treated by a mix-up between two highly-touted newcomers who will probably stage the most colorful battle of the season. Benny "Baron" Ginsberg of New York City is the party of the first part, and big, mean Ernie Bickerton of Canada will be his foe.

SAN FRANCISCO, May 8.—(AP)—Helen Wills Moody, former queen of the tennis world, who retired with a back injury two years ago, will be in regular tournament play within a year if all goes well with her present schedule of "playing for fun."

She has made no definite plans. Mrs. Moody said today when asked if she planned to enter the California state championship at Berkeley, June 8, "but I am very pleased with the progress I have made."

"I have been playing but one set a day for fun and have suffered no ill effects."

The former champion indicated if nothing untoward happens, she will be back on the courts within a year.

NEW CHINOOK RUN AT SAVAGE RAPIDS

According to word received this morning by telephone from Rainbow Gibson, proprietor of Weasak inn, another big run of Chinook salmon is on the way up Rogue river with the vanguard reaching the Savage Rapids fishing spot this morning. The run had been reported Monday at Hilton's hop yard, about seven miles below Grants Pass. Several fish were landed Tuesday at Elmann's, near Grants Pass, and Gibson expected great sport at Savage Rapids for the next several days.
