

Another Thriving Industry for Oregon

No avenue of promotion has been overlooked by the Oregon Manufacturers' association in bringing about progress for Oregon industry. The accompanying photograph shows Geo. L. Baker, manager of the association, personally carrying the message of co-operation to the employees of the Porter-Scarpellin Macaroni company of Portland.

In this one company alone, a beautiful illustration may be presented, in that the co-operation of the people of Oregon, in buying the Oregon products manufactured by the Porter-Scarpellin company have increased their business over 50 per cent employment likewise took an upward step in proportion—thus bringing both business and more employment to Oregon.

The logic of the "Let's Sell Oregon to Ourselves" is one that is readily grasped. It is one that touches the financial conditions of every person in the state. It builds for the present for every man and woman and for the future of every child.

WIMER NINE HAS CHAMPION HOPE

CAMP WIMER, May 10.—(Sp.)—The Wimer Tigers look promising as contenders for the coming Medford district baseball championship struggle. This week of preparation for the game to be played at Wimer Saturday afternoon, May 11, at 2 p.m., is being aimed primarily at building up some hitting strength. It was poor hitting rather than bad fielding which brought about Wimer's 8 to 5 defeat at the hands of the Evans Creekers last Saturday. Robinson of Evans Creek had lots of steam and the Tigers failed to connect.

Lansing Hatelle and Jim Stubblefield are dependable pitchers who will get better as the season rolls along. Bowers has a good arm and looks like a sure bet behind the bat. Line-up for the Saturday game looks like Newman at the initial sack, Captain Saunders at second, Marion Anderson at third, and Bill Bartles at short. Bless, Drum and Marvin Phelps look like the choice for outfield. Collins, also an outfielder, is pounding the ball hard and may easily get into the line-up. Tichenor with a little more practice may also find a place in the permanent line-up.

Wimer meets Evans Creek in a return game, May 18.

PRESBYTERIANS WILL OBSERVE MOTHER'S DAY

The First Presbyterian church will observe Mother's day with special services both at the Sunday school session and at the morning worship hour. Dr. B. R. Elliott, superintendent of the Sunday school, announces that there will be a half-hour program of music and readings at 9:45, to which parents of the boys and girls of the Sunday school are particularly invited.

The church choir, with Mrs. Edith A. Garrett, director, is planning special music for the church service and there will also be a Mother's day sermon, the title of which is "In Thee Also."

Huge Loaf of Bread Baked
WILLIMANTIC, Conn.—(UP)—Millet Badoo, champion eater at Moopus, is especially fond of bread. So, when he was taken to a hospital for an operation, friends persuaded a baker to bake a special loaf. When delivered to the surprised convalescent, it was six feet, three inches long.

WASHINGTON, May 10.—(AP)—A measure to license the taking of water from the government-owned main at Cascade locks is on the senate calendar for future consideration. The bill was introduced by Senator Frederick Steiwer (R., Ore.) late yesterday.

LAKEVIEW SCHOOL GRANT INCREASED TO \$67,000

WASHINGTON, May 10.—(AP) Secretary Ickes late yesterday announced the non-federal PWA allotment, loan and grant of \$67,000 for a high school building and for repairing of the central school at Lakeview had been increased to \$67,000.

Stray Dogs Expensive
MANCHESTER, Conn.—(UP)—Stray dogs furnish an expensive problem to the Board of Selectmen each year. During one month the board paid out \$110 for 121 rabbits killed by unlicensed canines, for the extermination of 22 dogs, their burial and the services of inspectors.

Burns' Patent Cuboids

Remove the Cause of All Foot Troubles

Big improvement over arch supports and bandages. Make more room in your shoes. Give better use of the toes. Make the shoes fit like nature intended. No metal, light weight. Cuboids relax the cords and nerves and give you full benefit and rest from your sleep.

Burns patent cuboid arches press on the muscles that force the blood through the arteries, builds vitality, makes the heart work easier, you can feel the warm blood flow through your feet in a few minutes, then your bunions, corns, callosities and varicose veins gradually disappear, along with your cold, clammy, sweaty feet and also your tired, cramped, pains and aches in your feet, legs and back. Your feet are your foundation. Don't neglect your feet.

W. C. BURNS, the inventor

and Cuboid specialist, will be with us here in person the remainder of this week and Monday of next week, and show you free of charge just how this will give you permanent relief in your case. It matters not what is the trouble or what appliances or remedies you have tried. Cuboids have proven successful where everything else has failed. We want everybody to know about this wonderful invention. Be Sure to Come In This Week as Next Monday, May 13th, Will Be the Last Day!

Cuboids will be sold at the low price of \$2.50 and \$3.50 per pair, during this factory advertising campaign.

WARDS PAINTS

TESTED QUALITY!—LASTS LONGER—COSTS LESS!

Super Spar All Purpose Varnish

1²³ Qt.

Come in... hear how this varnish was tested with 17 of the finest nationally known varnishes—for drying time, resistance to wear, soap, boiling water, and alcohol, came through unharmed! And unsurpassed by any in quality and value! It's Ward priced!

Sensational Tests!

A wood panel was given 3 coats of Wards Super Spar Varnish, then tested:

1. Resistance to Wear. A test equivalent to 4 years hard wear was needed to wear through.
2. Resistance to Soap. Panel was immersed for 24 hours in a strong soap and lye solution. Equal to 500 washings, strong soap. Unharmed!
3. Resistance to Boiling Water. The same part of the panel was then kept in boiling water for 10 hours. Gloss still unharmed!
4. Resistance to Alcohol. Next 180 proof alcohol was poured on the same panel, and lighted! Even this fire test did not harm the finish!

You cannot buy a better varnish, regardless of price.

Dry Fast Enamel! No Finer Made!

For resistance to wear, for hiding power, covering capacity, drying time (4 hours)... for ease of washing there's no better fast drying enamel! Save!
