Wall St. Report

NEW YORK, May 16.—(AP)—Share prices surged up to the highest levels in nearly a year today as stock market bulls capered to the music of humming tickers.

Leading issues rose \$1 to more than \$5 a share, and transactions ran well over 2,000,000 shares. Not since last July had Wall Street seen such a volume of trading, or the share price level, as measured by averages, so high.

Motor, steel, copper, oil, chemicals, rails and miscellaneous industries led the broad advance.

Wheat and corn at Chicago rose 1 to 2 cents a bushel, but cotton futures at New York made little progress, closing 10 cents a bale lower to 25 cents higher.

Rails led a substantial advance in the bond market. U. S. government issues were narrowly changed.

BYRD OFFICIALLY DISBANDS CREW

BOSTON, Mass., May 16.—(AP)—Admiral Richard Byrd came home today with his crew of 110 men, 47 dogs, two airplanes and other equipment, and officially disbanded his second Antarctic expedition.

More than 2000 persons gave him a tumultuous welcome as the supply ship Jacob Ruppert and the expedition ship Bear of Oakland were warped into docks at Charlestown navy yard.

Stens along the waterfront blared as the two ships approached the dock and a salute of 13 guns was fired. The sled dogs, chained on upper decks of the Ruppert, joined in a shrill chorus of howls.

Gov. James M. Curley accompanied Mrs. Byrd as she greeted the explorer when he descended the gangplank followed by his crew.
