Murrel Finley And Wealthy Sportsman Ring Wedding Bells

Murrel Finley, celebrated beauty, film actress and former Elizabeth Taylor girl, and Dinwoody Groves, wealthy young polo player of Kansas City, Mo., were married Monday, May 20 in Kansas City, according to her mother, Mrs. Wm. Swartz, 40 Berkeley Way, this city.

They were married in the Groves family mansion, the home in which Mr. Groves was born and in which his own parents were married, and will make their home there, Mrs. Swartz stated.

It was Miss Finley's second marriage. She was divorced from Eddie Connelager, film cameraman, in February 1, 1933.

She met Groves on one of her trips between New York and Los Angeles, a trip she made quite often in connection with her work with the cover artist for the *Comopolitan* and *Pictorial Review* magazines. Miss Finley selected all the costumes used in illustrating the stories in those two publications.

She was once named the "Golden Girl of California," and was selected by Henry Clay, famous artist, as one of the most beautiful girls in the world. Dean Cornwell employed her as a model when he was required to decorate the walls of the Los Angeles public library, and she has posed for paintings used on the covers of many nationally known magazines.

She is a sister of Mrs. Paul Heddy of Hollywood, formerly of this city.
