Sign-posts

IMAGINE YOURSELF on an unfamiliar highway at night in the country. You want to go to Allison. You come to a forked road. No signs! Which way? You turn left and come to a cross-road. No signs. You turn right. You come to a town. It proves to be Liberty. You go back to the fork and turn left. A mile or so farther on you come to another cross-road. A sign pointing right says "Allison three miles."

But for that sign-post you might have traveled miles—spent hours, and come short of your destination.

Imagine yourself in need of hosiery, clothing, breakfast foods or anything else, and this newspaper without advertisements!

Advertisements are sign-posts. They are information. They save you from wandering aimlessly from store to store. They keep you advised of the newest products; of the latest values.

They save you time, and put greater buying power in your dollars. They assure you of quality and service in merchandise, for only honest goods honestly advertised can stand the spotlight of publicity.
