

55 GIRL SCOUTS GAIN HONORS AT COURT OF AWARD

ROOSEVELT PRESTIGE DEALT HARD BLOW IS COMMENT OF BRITISH

LONDON, May 28.—(AP)—A terrific blow to the prestige of President Roosevelt was dealt today in press comment on the United States supreme court's NRA decision.

Financial, economic and political leaders puzzled over what would be the effect on American business and labor as well as on the future of the new deal.

"Roosevelt at bay: America rocks from end to end," said the Daily Express.

"Agricultural leaders as a result of the decision are already uttering threats that the farmers may rise in revolt," said a special dispatch from New York to the Laborite Herald.

A part of the press forecast that President Roosevelt would rebuild the NRA structure and salvage whatever of its features he may.

The Times regarded the decision as a set-back for any stabilization moves the president may have had in mind.

NEW DEAL TOPIC ROTARY SPEAKERS

An interesting discussion of the New Deal and outline of present and future effect of the Roosevelt administration's legislation were presented before the members of the Medford Rotary club at the weekly luncheon-meeting of that organization today in the Hotel Medford. W. A. Gates and Ira Schuler were speakers and their "off the record" opinions as to the degree of success of the so-called New Deal were varied and interesting.

The program today was arranged by Dr. W. E. Lantz. A comprehensive outline of relief activities throughout the United States and in this section will be featured at a meeting of the Rotary club soon, according to an announcement today by Program Chairman F. C. Corn.

AGRICULTURE CODE SET-UP OF STATE MAY BE NULLIFIED

study of the extent the state law would be affected by the opinion, but the department of agriculture would enforce the law as passed by the Oregon legislature until such time the state court would declare the law or any part thereof unconstitutional. Until that time the agreements will be in effect and enforced, he said.

Bill Died on Table

The 1935 legislature nearly passed the proposed uniform state NRA code, but it was recalled at the last minute. The house by a heavy majority approved the act, and it was passed by the senate after a bitter fight. The bill then went to the governor. It was learned, however, he did not desire the act and at the same time did not wish to place his veto on it. Through administrative maneuvers the senate recalled the measure from the governor and laid it on the table. Several attempts by proponents to take it off the table and re-pass it failed, however, and the bill was still on the desk when the legislature adjourned.

Commenting upon the NRA opinion Governor Martin said he believed the court had handed down a proper decision. Further, he said, he failed to see the constitutionality of the Frazier-Lemke act and did not vote for the measure when he was a member of congress.

The attorney general refused to be quoted on his reaction to the opinion, but a prominent attorney in the office declared the principle of the constitutionality that the country was "governed by laws, not men" had again been sustained.

11 Codes in Effect

Agricultural Director White said there were 11 codes in Oregon now in effect. The strawberry code was voted down this month, while the walnut growers in the state operated under the federal AAA and not under the state law, he informed. The 11 effective codes are restaurant, ice cream, bakery, prune, bulb, nursery, melon and tomato, black raspberry, red raspberry, cauliflower and butter.

BOB NORRIS LEADS BADMINTON RACE

The battle for possession of the coveted President's cup at the Medford Badminton club will continue with the fourth frame scheduled for Wednesday night. Bob Norris is leading the tourney with 15 points of the 30 required to take the trophy. Justin Smith is runner-up in the men's division with 10 points, and Bud Deuel has five to his credit.

The women's division sees a closer grouping, with Mrs. Ned Vilas and Mary Hayes tied with 10 points each, and Mrs. S. M. Tuttle and Frances Sparrow are runners-up.

A victory in one frame nets 10 points, and five points go to the runner up. The Badminton club holds its tournaments in their club rooms in the old Angle opera house. The tournaments are open to the public, and there is no admission charge.

COP ASSAULTERS MUST GO TO JAIL

SALEM, May 28.—(AP)—The application of Thomas F. Black, Malcolm R. Samuelson and James Hanlon, all of Portland, for a stay of mandate, pending an appeal to the United States supreme court, was denied today by the state supreme court.

The court affirmed the conviction of the three men who were sentenced to one year each in the Multnomah county jail for assaulting a special officer during the waterfront strike in Portland last summer.

Attorneys for the defendants held that the sentence was unreasonable, against the federal constitution and not in conformity with testimony offered at the trial.

CULINARY CRAFT

Imagination is said to "take flight" in the spring, so as it happens, it is the season when "Cakes With Wings" (angel cakes, if you insist) are most popular.

Do you note that we say "cakes"? Truly, we now enjoy the acquaintance of a whole group of angel friends instead of the one-and-only original served since cakes became known. Variations, of course, but very interesting and welcome additions to our collection of favorites.

Not to be considered too imaginative and unthoughtful of the economics of the day, we'll give you the balancing suggestions which use the gold yolks in a manner just as pleasing as the yellow blossoms of spring.

Plain Angel Cake.
1 cup sifted cake flour
1 1/2 cups "fruit" or "berry" sugar
1 1/2 cups egg whites (unbeaten)
2 1/2 tablespoons cold water
1/2 teaspoon salt
1 1/2 teaspoons cream of tartar
1 teaspoon vanilla (or other flavoring)

Place in cold oven. Set at 250 degrees. Bake half hour, raise control to 325 degrees for another half hour.

Large Angel Cake.
2 cups egg whites
2 tablespoons cold water
1/2 teaspoon salt
1 1/2 cups flour
2 teaspoons cream of tartar
2 teaspoons flavoring.

Place heavy waxed paper around top of pan. Bake 1 1/2 hours at 300 degrees.

Chocolate Angel Cake.
Chocolate Angel Cake is not new, but made with the extra egg whites used in the plain angel cake it has a much more delectable flavor. Merely substitute in the plain angel cake recipe 1-3 cup of cocoa for 1-3 cup of the flour. Sift the cocoa, flour and the 1/2 cup of sugar until perfectly blended, then add them to the cake mixture.

DOG TEAM HELPS MAN SEE WORLD

Vagabonding may not be the ideal existence, but when a man 48 years old is thrown out of work, he must do something. So thinks Karl Lindauer, who since losing his shipyard job three and a half years ago has been wandering through the country with a small wagon pulled by six trusty dogs, selling his picture as he goes to finance his trips.

He arrived in Medford yesterday, and is here today also. During his time on the road he has been in Boston and New York in the east, to Florida on the south, to Chicago and its world fair, through Wyoming, Colorado, Arizona, New Mexico and California. Now he is on his way through Oregon, and from here he will take to the coast highway, wending his way northward to Alaska. After that he will begin to think of following the birds to South America.

Even though lonely, the life appeals to Lindauer. His dogs are good companions. Better, even, than some humans. He joined a carnival recently, but the life didn't appeal to him, and now he's back on his own.
