Richard F. Flood, Jr., and Al Rasmussen, piloting a unit of the official Elks' fleet, which is speeding across the country from all angles, will arrive in Medford about 6 o'clock Friday evening bearing messages of good will and an invitation to Medford Elks to attend the grand lodge convention at Columbus, Ohio, the focal point of the annual good will tour.

The party will meet at Main and Riverside streets by the Elks' band, and a parade will form, progressing through the streets of the Elks' temple. A banquet, with W. A. Gates acting as master of ceremonies, and with Messrs. Flood and Rasmussen furnishing the program, will be served in the basement dining hall at 6:30. Two hundred tickets have been sold already, according to the committee in charge, and one of the biggest crowds in local Elksdom is anticipated.

The men behind the wheels of the two Chevrolet fleet cars are nationally known entertainers, who promise some unusual entertainment features. Both have won large followings in their work of promoting good will along the route, and their visit is being greatly anticipated by members of the Medford lodge.

TOT HIT BY TRUCK; SLIGHTLY INJURED

Buddy Hamilton, 2 1/2-year-old tot whose parents are employed by the Standard Oil company and driven by the high delivery truck belonging to the latter, was struck and slightly injured Tuesday afternoon on the street near the Bear creek bridge to the carnival grounds.

He darted directly in front of the high delivery truck belonging to the Standard Oil company and driven by Harry Ramirez. It was too late for Ramirez to miss the boy entirely, so he swung his car over and it passed over the lad, none of the wheels touching him. Buddy apparently raised his head as the car passed over him, for he received a slight cut on the forehead. He was rushed to the Community hospital, where the attending physician reported today that he was doing nicely. He will leave the hospital in a short time.

AERIAL MEMORIAL PLANS COMPLETE

Plans have been completed, according to Tom Culbertson, airport manager, and with a "break in the weather, the Barber-McKinney Memorial airshow at the municipal airport should prove one of the most fitting programs ever planned for the observance of Memorial day.

The memorial is in honor of Lieut. Newell Barber, ace from Medford, who was shot down in the World war, and "Ike" McKinney, well-known flier who was killed in Peterboro, N. J. after gaining wide recognition here and in other parts of the country.

Roses will be sprinkled over the cemetery at high noon, in honor of these two fliers.

After a respectful intermission, the program will then be resumed with many stunts, culminating in a featured "bullet" drop by Jerry "Diavolo" Smith, one of the most experienced parachute jumpers in the game. A "bombing" contest, minus the explosives, will be another feature.

Card of Thanks. We wish to express our heartfelt gratitude to all our many kind friends for their deep sympathy and kindness in our recent great sorrow. -Mr. and Mrs. S. H. Praley and Family.

MICKEY MOUSE

Of interest to all Medforders, and of especial interest to theatergoers, is the announcement of Walt Disney's first Mickey Mouse cartoon in Technicolor, "The Band Concert," opening tomorrow at the Craterian theater on the same program with "Pinto Colvig, 'local boy' who made good" with the Disney studio, suggested the making of "The Band Concert," drawing upon his experiences and fun with the old Medford band for the various ideas incorporated in the cartoon.

Pinto even goes so far as to claim that some of the effects gained in "The Band Concert" will put the old band to shame when they see it on the screen. Then, when Disney decided to make it the first Mickey Mouse in color, and the Liberty Magazine gave it a "four star" rating, Pinto's happiness with his "brain-child" became just about complete. It will be shown on all shows with "Black Fury," starting tomorrow at the Craterian theater.

"Black Fury" which is said to give Paul Muni, one of the greatest parts of his career, is the picture which has been creating such wide-spread comment throughout the nation. A colorful drama of the coal fields, it has Karen Morley and William Garagan heading the supporting cast of thousands.
