

Local and Personal

In Sacred Heart — Harry Harding, Jr., of Trail is a patient today at the Sacred Heart hospital.

Leaves for Portland — J. L. Both left last night by train for Portland.

Leaves for South — E. Chappuis left last night by train on a business trip to Oakland.

Here on Business — M. J. Bowen of Alhambra, Cal., is among Medford business visitors today.

Take Fishing Trip — Dr. and Mrs. Chas. P. Johnson and children spent Wednesday and Thursday on a fishing trip to Fish Lake.

Coding to Salem — District Attorney George Coddling left last night by train on an official business trip to Salem.

From Portland — I. R. Acheson of Portland, representing the Cutler Manufacturing Co., arrived today on a business visit to this city.

Visit Squaw Lake — Rev. Ralph Peterson and Dr. B. B. Elliott, accompanied by Joan Buchter, Jimmy and Joan Elliott, spent Thursday fishing at Squaw Lake.

Dance Postponed — The dance which was to have been given by the Boy's Ann Grange Saturday night, has been postponed until June 8, announcement today stated.

Report Good Fishing — Monday morning Stanley Gibson, Phelan Benford and Lee Hubler motored to Fish Lake for two days. Trout fishing was splendid and all returned today with a good catch.

Back from Roseburg — Mrs. Hazel Warfield returned this morning by train from Roseburg, where she had been visiting over the holidays with friends. She was accompanied by her little son Jerry.

From Rhoda Island — T. H. Walker of Fairview, R. I., was among Medford visitors yesterday and today, leaving this morning by train. He arrived yesterday by motor with J. W. McCunley of Fort Jones, Cal., who returned to his home yesterday.

Visitor from Wood — Arriving from Wood, Cal., on the Shasta Wednesday were Mrs. Walter Randolph and two daughters, Patsy Jane and Sunny Joe, to visit her parents, Mr. and Mrs. Vance Wolgamott and to attend her sister's graduation exercises. Upon returning home she expects to take her sister Margaret with her for a visit.

Anniversary Dance
OASIS
Saturday Night

Memorial Day Visitors — Mr. and Mrs. Ole Hansen and young daughter Hannah Sue, were visitors in Medford Memorial day. Mr. Hansen operates Ole's service station at Grants Pass.

Dancing Featured — As a special attraction for visitors Saturday night at the Log Cabin Bar, Riverside and East Main, free dancing will be featured, according to Cecil Brown, manager. Music will be furnished by the Black Cat orchestra.

C. E. to Meet — The Christian Science Endeavor society will meet at the First Christian church, Ninth and Oakdale, at 6:45 Sunday evening. The business meeting will be carried on and the report of the nominating committee. Neal Curry will be the devotional leader. The society is extending an invitation to all boys and girls of high school age who wish to come.

Inspiration

Senorita Elena Rivero Corral, daughter of a distinguished Spanish family living in Mexico City, is the inspiration for the attempted flight of Juan Antonio Pombo, 21, from Seville, Spain, to Mexico. (Associated Press Photo.)

LIFE IN FORMOSA UNCERTAIN DUE TO FREQUENT QUAKES

Lovely Island Half the Size of Ireland Divided by Mountain Range—Inhabitants Mostly Farmers

WASHINGTON, D. C. (Sp.)—Formosa, or Taiwan, as the Japanese call it, scene of the world's most recent earthquake disaster, is described in a bulletin from the Washington, D. C. headquarters of the National Geographic society.

"Taiwan is an island nearly half the size of Ireland, situated where the Pacific ocean merges into the China sea," says the bulletin. "It is one of the loveliest islands of the Far East, and was named Ilha Formosa, or Beautiful Island, by early Portuguese explorers.

"It is divided into two strikingly different regions by a mountain range that runs like a backbone down its middle. The mountains which rise to 13,075 feet above sea level in Mt. Nitsaka (Mt. Morrison on some maps) extend in the east to an almost harborless coast, dropping in sheer cliffs to the sea. This rugged coast has always afforded excellent protection to the savages inhabiting the mountain strongholds.

"Life in Taiwan is not as peaceful as it appears on the surface. Although the recent earthquake was the most severe that has shaken the island since 1905, when nearly 1500 lives were lost, earthquakes are all too common on the island, which lies in an 'earthquake zone.' During the 24 years ending in 1932, over 7000 earthquakes have been registered in Taiwan and the neighboring seas.

Headhunters segregated. "Earthquakes are not the only disasters which afflict this beautiful island. Terrific typhoons sweep over it annually, frequently destroying sugar, tea and other crops; while in the rainy season, the short, swift rivers often flood the surrounding country.

"Not the least of Taiwan's troubles have been caused by its aborigines, reputed to be of Malay origin. These fierce men were a scourge to Dutch, Spanish and Chinese settlers, and lastly to the Japanese. In the days of clipper ships, Taiwan, in the path of oriental commerce was a biggest to captains, for mariners, ship-wrecked on the island, were brutally murdered by the natives.

wan from China, the Japanese have gone far toward cleaning up the island, fighting malaria with hospitals, ignorance with public schools, and inadequate transportation with railroads, bridges and ports. Progress was hindered by savage head-hunters who sallied forth from thatched mud-huts in mountain fastnesses to descend unexpectedly on unwary engineers, campbor gatherers, and rice planters. Their skulls made proud additions to the hunters' gruesome collections.

"Japan began a strong campaign to keep the aborigines in check, segregating them by means of electrified wire fences, many miles long. At first the head-hunters thwarted Japanese plans by digging under the fences, or short-circuiting them. As the need for more timberland grew, the fences were advanced, driving the savages inland. Today the practice of head-hunting is rapidly dying out. The aborigines are attending schools, accepting medical attention and learning to cultivate rice, and to raise silkworms and cattle.

"The area that bore the brunt of the earthquake is located north of Tai-chu, a city of 42,000 in the heart of the rice growing district in the western central part of Taiwan."

Mrs. Helen Willis Moody as she sailed from New York on the Manhattan for England and the tennis wars. The former tennis champion is going to Wimbledon to begin a campaign to regain her crown.

They shoot the works with a melodrama and a musical WOW!

Here Sunday

Ben Bernie, cigar, fiddle, salutation and all together with his ubiquitous lads returns to the films to share starring honors with George Raft in "Stolen Harmony," coming Sunday to the Craterian theater.

In the picture, Bernie acts a character much like himself in real life. He is a band leader who takes his lads and lassies on a show tour of the country in a large and commodious bus.

George Raft, an ex-convict who is trying to go straight via a saxophone and dancing turn, is in his company. Money is stolen during the tour and all evidence points to Raft as the guilty party.

But Raft ignores their suspicions because he has fallen in love with his dancing partner, Grace Bradley, and is determined to see it through for her sake.

Raft's big chance comes when the entire troupe is kidnapped by a desperate gang of outlaws. Raft, at the risk of his life, saves the troupe, vindicates himself and wins the girl, bringing the picture to its dramatic close.

The girl is the town banker, mixed up in every crooked deal that could possibly be thought of, from holdups to horse stealing. Cody gets into plenty of mixups before he unmask the villains with "Chico," his fine horse, playing an important part in the action.
