

PRICES ON BUTTER CUT ON PORTLAND PRODUCE MARKET

PORTLAND, May 31.—(AP)—Dairy prices on the produce exchange were cut 1/2 lb. on cubes in addition to a previous cut of similar amount.

The further cut of 1/2 lb. included everything except the very lowest score, which is not being openly sold upon the general market. The latter was unchanged. Butter prices now show a spread of but 1 1/2 lb. from extreme bottom to top.

Trading in the live chicken market was generally steady. No change whatever was made in quotations either for buying or selling. Best call remained for light and medium weight hens.

Retention in the strawberry market has resulted from liberal demand in the supply here with a good outside demand.

Fairly steady top was showing for hot-house tomatoes, despite the larger

As A Last Resort He Tried Williams S. L. K. Formula

Unable To Work for Weeks, Sleep Impossible, Indigestion, Nervousness and Weakness Made Life Miserable; Now Feels Fine

"There is nothing like Williams S.L.K. Formula," says Mr. John Gage garage man at Highland Kansas.

"For years I had nervous headaches and acute attacks of indigestion. I did not dare eat many foods because they bloated me so much that for weeks I would be unable to work. I was told that I had an ulcerated stomach and gall stones.

"A good night's sleep was impossible. I was as miserable as I could be, for the medicines I took did me little or no good. I began taking Williams S.L.K. Formula as a last resort. After a few doses of this medicine I was relieved of my former misery and pain; I improved until I enjoyed good health again. Two years have passed since I took a course of this medicine, and I am still enjoying the best of health."

Williams S.L.K. Formula is based on a doctor's prescription for stomach, liver and kidney disorders, associated with constipation, sour or gassy stomach, distress after eating, sick headache, neuralgia, rheumatic pain, neuritis, biliousness, dyspepsia, heartburn, general weakness and loss of vitality. If you suffer, don't wait. Go to Health's Drug Store today and get your bottle of Williams S.L.K. Formula. The druggist will tell you how good it is.

There was a weaker tone for white potatoes, both new and old. Prices were ebbing on new stock and a slow movement was showing for old growth.

Considerable weakness was showing for lettuce with liberal offerings. Local quality was generally good.

Country killed meats were without change in price or demand.

Peas were weak and lower, sales down to 2 1/2-3c lb.

New onions were stronger for all colors in the south.

Asparagus prices were well held. All root vegetables were steady.

HOG-CORN CONTRACTS OF COUNTY APPROVED

Hog-Corn production contracts for 1935, numbering 66 in Jackson county—32 less than last year—have been approved by the county allotment committee, and were forwarded to Washington, D. C., this week. They were also approved by the state hog-corn reviewing board in Portland.

The county committee is composed of Carl Bach of Eagle Point, M. F. Young of Central Point, and R. H. Seemiller of Sams Valley.

Wheat, cotton, sugar and other commodities fell with equities when the chief executive at his press conference indicated that the implications of the recent decision raised the question whether the agricultural administration and the securities commission were legal and meant the end of the federal alcohol body as now constituted.

NIPPONESE WARN NORTH CHINA TO CURB ANIMOSITY

TOKYO, Friday, May 31.—(UP)—A government spokesman said today that the Japanese army in North China has warned authorities there to suppress anti-Japanese activities or the army will be obliged to act.

The spokesman said he did not consider the warning amounted to an ultimatum since no definite time limit was mentioned.

He said that the Kwantung (Japanese) army in the demilitarized zone south of the Great Wall of China had learned that Chinese officials in Tientsin and Peiping had directed bandit activities in the zone, approved organization of an army and political training bureau after the Tangku truce, and commensated the "Blue-shirts" and other anti-Japanese organizations.

Recent assassination of Chinese editors, who "were employees of the Japanese Kwantung army," was another breach, the spokesman said.

"I do not know what action will be taken in event of Chinese non-compliance," he added, "but the policy of the Kwantung army is to maintain peace and order under the Tangku truce which the assassination of the editors plainly violated."

SAFEGWAY STORES FEATURING SUGAR

The announcement of a "Sugar Sale" at the local Safeway stores in the double-page advertisement today is of interest to housewives because of the nearness of the canning season, according to J. P. Haws and A. G. Anderson, Medford Safeway managers. They are advising customers to buy a supply of sugar for canning as they expect sugar prices to go higher in the very near future.

Canned foods, bulk foods, breakfast foods, soap, picnic supplies, syrup, flour, shortening, coffee, meats and produce items will also be featured for Saturday and Monday.

Mr. Haws says: "We will have large

displays of local vegetables and all fresh fruits and vegetables in season at both stores. We are featuring Rogue valley produce and we believe that local people should use more of the fine quality local vegetables and fruits."

"Dew Drop Inn" On West Main Opening Saturday Morning

The Dew Drop Inn at 213 West Main street will be officially opened for business tomorrow morning under the management of Tom Farlow, prominent rancher from Lake Creek.

A refreshing green and yellow color scheme has been carried out in decorating the walls, furniture and fixtures. Private booths as well as a roomy counter will enable the Dew Drop Inn to accommodate a large number of people.

Home cooked lunches and beer will be featured at the new cafe, and a dining room for private parties will be completed in the near future, according to Mr. Farlow.

BABY STAR USES SET FALSE TEETH

HOLLYWOOD, May 31.—(UP)—Like all children, Shirley Temple is losing her baby teeth, but Shirley, like lots of old folks, has a set of false ones handy for use when she appears before the camera.

The teeth are made of wax, and her mother inserts them where necessary when Shirley goes on the set. Sometimes, though, Mrs. Temple forgets to remove them when lunch time comes.

Then Shirley wades into her soup and the teeth begin to soften. With a cry of alarm, Mrs. Temple rescues the blushing and drops them in a glass of water before they melt.

They keep a full set in the prop room for Freddie Bartholomew over at M. G. M. too, but so far as I can learn, none have yet been fashioned for Baby Leroy.

Stewed Fruits to Blame CETINJE, Yugoslavia.—(UP)—Yusuf Kozhar, who died here recently at the reputed age of 136, attributed his longevity to the fact he lived solely on stewed fruit and milk. Kozhar claimed water never had touched his lips in 55 years.

MAKE JAM WITH FINER FRESH FRUIT FLAVOR!

EASY RECIPE FOR STRAWBERRY JAM

4 cups prepared fruit 2 cups sugar 1/2 bottle Certo

To prepare fruit, grind about 2 quarts fully ripe berries or crush completely one layer at a time, so that each berry is reduced to a pulp.

Measure sugar and prepared fruit into large kettle, mix well, and bring to a full rolling boil over hottest fire.

To reduce foaming, 1/2 teaspoon butter may be added. Stir constantly before and while boiling. Boil hard 3 minutes. Remove from fire and stir in Certo.

Then stir and skin by turns for just 5 minutes to cool slightly, to prevent floating fruit. Pour quickly. Paraffin hot jam at once. Makes about 10 glasses (8 fluid ounces each).

Get berries and Certo from your grocer today—2 quarts of berries make 10 glasses of wonderful jam . . . in less than 15 minutes after the fruit is prepared!

JUST read that recipe above! See how easy it is! Notice that only 2 quarts of berries make 10 glasses of jam.

All Certo recipes are just as easy and just as economical. With Certo, you boil jellies only 1/2 minute; jams only a little longer. None of your juice boils away. That's why you get so much jam or jelly . . . half again more than by the old, "long-boil" way.

That's why, too, that jelly and jam are so much better tasting; short boiling retains all the natural flavor of the ripe, fresh fruit! (No "boiled-down" taste when you use Certo.)

And the whole job takes less than 15 minutes after the fruit is prepared.

So why don't you get berries, sugar and Certo right away! Put up a generous supply of jam and jelly to last the rest of the year. Think how good they will taste next winter in tarts, puddings, jelly rolls and ice cream!

Certo . . . the pure fruit pectin that makes jelly making so easy . .
