# LUMBER WORKERS TO BE PROTECTED IN RETURN TO JOBS

OLYMPIA, June 7.—(AP)—The full power and influence of his office in protecting lumber and logging camp workers anxious to exercise their right to return to work under agreements with their employers was guaranteed today by Governor Clarence D. Martin.

Announced by a formal complaint from employees of the Malone plant of the Munsby Lumber and Shingle company, Governor Martin ordered the state patrol to co-operate fully with local authorities in arresting communists, professional agitators or others who threaten, coerce or intimidate workers who joined the general lumber strike, but who have adjusted differences with employers and now are ready to go back to their jobs.

The governor explained that when the strike started his policy was to the effect that no "lasting benefits" would accrue from forced or arbitrary agreements between employers and employees.

He said he believed it would be more beneficial in the long run if employees and employers would get together and make friendly agreements.

"It was felt," he said, "such agreements would result in better understanding and co-operation and a more permanent industrial stability. The state department of labor and industries, headed by E. Pat Kelly, was directed to serve as mediator in any effort to reach friendly agreements," the governor said.

The department succeeded in "getting together the employers and employees of several mills."

# Famous Novel Will Be Feature Sunday Craterian Theatre

The American schoolmaster of Civil War reconstruction days is featured in the production of "The Hoosier Schoolmaster" taken from Edward Eggleston's famous novel, and coming Sunday in its picture version to the Craterian theatre.

Telling the stirring and heart-rending story of Ralph, who goes west with other veterans to claim lands which the government has given as partial recompense for their military service, it shows them teaching their destination only to find that political chicanery has placed ownership of all the desirable lands into the hands of a greedy trio. Hawkins, Jake and Doc Small. Ralph gets the job as school teacher. Boarded in Jake's house, it is evident that Ralph is falling in love with bond girl Hannah, as Jake's daughter is falling in love with him.

When he achieves a bloodless victory over the town bully, the trio discover he is aiding the squatter-camped veterans to put in a legitimate claim for their lands.

Then a spelling bee, which finds Ralph and Hannah as the survivors, brings things to the climax wherein the land-mad trio, seeing in Ralph a menace to their holdings, determine to put him out of business. But with the ex-soldiers rallying to their companion's assistance, the townfolk get the worst of it in a pitched battle.

The picture runs a dramatic, romantic and off-times comedy course, with a dash of thrill action thrown in for good measure.

Norman Foster, Charlotte Henry, Otis Harlan, William V. Mong, Russell Simpson and several other well-known characters have the leading roles.
