SCOUT JAMBOREE DAZES MIND WITH VAST MAGNITUDE

400 Acres Will Be Required for Camp — 1,050,000 Gallons of Water Will Be Supplied Boys Daily

Think of the magnitude of laying out a plot of 400 acres for tent space alone, plus another 100 acres that must be reserved for demonstrations, circuses, reviews, and the like. And yet, that is exactly what is taking place in the nation's Capital right now, where 16,000 stakes are marking out the camp sites for the 30,000 Boy Scouts who are to occupy this vast city of 8,500 sleeping tents from August 21 to August 30.

Scouts from all over the United States, and from foreign countries as well, will encamp in Washington for their National Jamboree, the first event of its kind ever given in this country—the greatest outdoor camping event for boys in the history of America, with every Boy Scout present destined to experience the greatest thrill of his life.

Think of providing facilities that will insure the supply of 1,050,000 gallons of fresh water a day—water to drink, water to bathe in, water to cook with, water to provide against hazards of any kind. Experience has proved that at camp every boy uses about thirty gallons of water daily, and Boy Scouts, perhaps, above all others, believe in personal cleanliness to the limit.

Shower baths? Can you imagine 2,000 Boy Scouts getting doused under shower baths all at one and the same time? But that is the exact number of shower baths which will be provided. Some splash. Just remember, too, that all of this water after being used must be properly disposed of, which virtually doubles the water provisions. Another engineering provision.

Can you picture these 30,000 star-wearing Scouts upon their arrival in Washington, all within a short space of time, but all so accustomed to camping and hiking that they will immediately fit into their various camps as if they were tailor-made right on the spot—no confusion, because their Scout training has taught them how to adjust themselves to the conditions of the moment.

So for ten days these up-and-coming young men of America will be given a chance to see every worthwhile sight in their nation's Capital, including a trip down the Potomac to Mount Vernon, 6,000 Scouts making this trip under proper leadership each day. The Scouts' own honorary president, President Roosevelt, will receive them in grand review.

Another high spot will be the National Camp Fire which promises to be the greatest camp fire this country has ever seen. Imagine 30,000 Boy Scouts witnessing pageantry in which will be shown the outstanding exhibits from each of the twelve regions of the United States on an outdoor stage the like of which has not been seen since the days of Kivalpa. There will be immense campfires at either end, and the great readers in Scouting, of which probably the president will be one, will be presented to that vast and intensely enthusiastic bunch of young Americans, followed, perhaps by a display of fireworks that will out-rival anything since the days of Paine.

And what a picturesque colorful Jamboree it will be, a gathering that not a single Boy Scout who is lucky enough to attend will ever erase from his memory.

LOST YOUR PEP? HELP GET IT BACK

Don't Let Avoidable Stomach, Liver, or Kidney Disorders Rob You of the Joy of Living

Your "pep" is the measure of your physical condition. Upon it depends much of your success and enjoyment of life. Thousands are finding wonderful help in the return of that glorious feeling of health and vigor by use of Williams' S.L.K. Formula. This remarkable prescription was selected by a druggist from literally thousands written by physicians. It was one which he noted was refilled year after year. So remarkable were the results reported by sufferers that he gained permission from the physician to have this formula compounded for the use of the public generally.

Many of these most enthusiastic in their praise of Williams' S.L.K. Formula had been to hospitals and specialists without satisfactory results. C. E. Jeffries, Neosho, Mo., writes: "I spent \$1,100 trying to get relief from my indigestion and stomach trouble but had to live on a liquid diet. After three bottles of Williams' S.L.K. Formula I felt like a new man and could eat anything I wanted." Williams' S.L.K. Formula is recommended widely for stomach, liver and kidney disorders as are associated with dyspepsia, biliousness, gassy stomach, distress after eating, heartburn, sour stomach, constipation, neuralgia, rheumatism, lame back and general weakness. Ask your druggist about this wonderful preparation today. Williams' S.L.K. Formula is sold by Heath's Drug Store and they will refund your money if you are not delighted with the results.

AGREE TO PUSH LABOR LEGISLATION

Three congressional leaders leaving the White House after conferring with the President on NRA plans. It was agreed, according to report, to push labor and social security legislation but not to rush new NRA laws. Left to right: Senators Wagner, LaFollete and Byrnes. (Associated Press Photo)

MARTIN INITIATED BY CAVEMEN WITH UNIQUE CEREMONY

SALEM, June 7. — (AP)—Governor Martin Thursday was initiated into membership of the Oregon Cavemen and following the ceremony performed by the Grants Para boosters in their unique uniforms the executive and secretary of State Earl Snell posed for a picture surrounded by the chief and his men, the queen and the two princesses. The membership card was presented by Chief Big Horn Charles Cooley, accompanied by more than a dozen Cavemen. Cooley invited the governor to visit the Caves, at which time he would be put through the ritual. In accepting the membership the governor said he had always had a warm spot in his heart for Josephine county and its people because of the fine support they gave him at the last election. But, he added seriously, "when the campaign is over the elected official

is the governor of all the people of the state, and not governor of the Democrats, the Republicans, the Zimmermannites or other factions. I believe in the principle that 'he who serves his state best serves his party best.' I appreciate this fine courtesy." Cooley told the governor one reason for presenting the membership was the executive's support toward closing the Rogue river to commercial fishing, a battle which Josephine county has fought for many years.

COLONEL INDICTED IN LOBBY FEE SCANDAL

WASHINGTON, June 7. — (AP)—Colonel Joseph I. McMullen, chief of the patents section of the army judge advocate general's office, was indicted today by a District of Columbia grand jury on charges of accepting fees from a firm lobbying against a tax bill. The officer, who recently was censured by Secretary of War for "scandalous" conduct, was accused specifically of receiving a retainer of \$1,500 on July 6, 1932, from the Cuban-American Manganese corporation for representing it in opposing a proposed excise tax on importation of manganese.

DAILY VACATION BIBLE SCHOOL TO START JUNE 17TH

A daily vacation Bible school will again be conducted this year by Zion Evangelical Lutheran church, Fourth street, near Oakdale, for two weeks beginning Monday, June 17, starting at 9:00 A.M. Exceptionally efficient schools were conducted the past two years and with the trained staff in charge this year they will be still more so. The faculty is well staffed, exceptionally so. Each is a trained and experienced teacher in religious education. Those in charge are: Martin Geo. Kabele, superintendent, Mrs. W. S. Gilmore, Irene M. Brewold, and the pastor, Dr. Geo. P. Kabele. This is Martin Kabele's second year as superintendent of the vacation school. He has one more year at the Chicago Lutheran Seminary, when he will have completed three years there. In addition he has completed a four-year college course with the degree of A.B. Having attended vacation Bible schools as a boy, he not only views teaching as a teacher but from the standpoint of the pupil. His interest in religious education led him to specialize in that field and he has written an 18,000-word thesis on "Teaching Methods in Religious Education" for the degree of B.D.

Mrs. W. S. Gilmore's qualifications are known to be many. Her past achievements in daily vacation Bible school work speak with glowing praise. Besides superintending the Presbyterian Sunday School for five years, and union and other daily vacation Bible schools in the city, and at Phoenix, she has made a special study of this kind of work for many years. She will assist in the planning, management and teaching.

Mrs. Irene M. Brewold, whose winsome and happy manner wins for her the hearts of all the children she contacts, is another assistant and teacher. As valedictorian of the Medford high school class of 1931, graduate of Ashland Normal with two years of public school teaching experience, besides years of religious teaching in Sunday school and vacation Bible schools, she is most competent to fit the position she is to fill. The pastor, before coming to Medford four years ago, conducted large model D. V. B. schools annually in the large church connected with Midland (Lutheran) College and Western Theological Seminary of which he was pastor. He will give the school his personal supervision and assist as a teacher.

Zion is rightfully proud of its daily

FARM CREDIT BOND CALL ANTICIPATED

WASHINGTON, June 7. — (AP)—The Farm Credit administration today considered calling on July 1 a total of about \$254,000,000 of 4 1/2 per cent Federal Land Bank bonds of various issues.

In view of the cheaper money policies advocated by the administration, it was held to be almost a certainty that the bonds would be refunded into a lower interest-bearing obligation, possibly as low as 3 1/8 or 3 1/4 per cent. The callable bonds consist of \$68,000,000 due in 1943; \$102,000,000 due in 1935, and \$84,000,000 due in 1935. The call probably will be issued no later than June 15.

STORK GENEROUS WITH NORTH CAROLINA PAIR

MAYODAN, N. C., June 7. — (AP)—The stork has been doing double duty lately at the home of Mr. and Mrs. Alonzo Atwood. Ten months ago he left twin boys. A few days ago he came back with twin girls.

BERRIES MAY BE CANNED WITHOUT SHRINKING, RISING

CORVALLIS, (Sp.) — Strawberry canning time is at hand again in Oregon, and as many homemakers make plans to "put up" berries for the coming year one of the questions most often asked is how to keep them from shrinking and rising to the top of the jar.

The answer to this, says Miss Lucy Case, extension specialist in nutrition at Oregon State college, is to place the hulled, washed berries in a preserving kettle or other container alternating a layer of berries with a layer of sugar, and let them stand overnight or about 12 hours. She recommends one-third to one-half cup of sugar for each box of berries. By this process the berries are plumped, losing part of their juice and absorbing part of the sugar.

Next morning the homemaker may can the berries by any of several methods, the three most commonly used being the hot water bath, the pressure cooker, and the open kettle. By the hot water method the berries are brought to a boil in their own juice and packed hot into hot, sterilized jars, to within one-half inch of the top. The jars are sealed immediately and lowered into boiling water which should come one inch over the top of the jars. The jars should rest on a rack one-half inch from the bottom of the boiler. Remove the jars after they have boiled 10 minutes. Retighten the seal

of screw top jars, and cool away from a draft.

In using the pressure cooker the berries are brought to a boil and packed hot into the jars as just described, and then sealed and placed in the pressure cooker, in which the water should be one-half inch over the rack and boiling. Process at five pounds pressure for five minutes.

By the open kettle method the berries are boiled five to 10 minutes in the kettle and packed to the top of jars which have previously been

sterilized by boiling, and sealed. When using this method, everything that comes in contact with the fruit should previously have been boiled 10 minutes, including jars, cup, lids and rubber.

Strawberries of firm texture, such as the Esterburg 101, Corvallis and Noreena varieties are best for canning, Miss Case says.

"Top Place" SAY THESE BOOSTERS

● RIVETER—"You've come to the right place, mister. This gang of riveters is 100% for Old Mr. Boston Dry Gin. It's smooth, tastes swell, and is a peach of a straight drink after a hard shift up where the wind whistles. They call us the Old Mr. Boston gang—a great compliment, mister."

● OFFICE WORKER—"I enjoy a quiet cocktail after a tiring day at the office. The few I make, I make RIGHT—with Old Mr. Boston Dry Gin at the base. It blends beautifully. When guests drop in, they get the same grand cocktails made with the same grand gin. I feel they appreciate the best."

● Fine ingredients, 100% distilled. Filtered the costly way—through milk filters. Crystal clear. Handy measuring cap. All THAT means Old Mr. Boston Dry Gin.

OLD MR. BOSTON Distilled DRY GIN

"as smooth as old brandy"
