

WESTERN WOMEN CHOSEN LEADERS CLUB FEDERATION

DETROIT, June 11.—(AP)—The leadership of 2,000,000 American club women swung from the east to the west today with the elevation to the presidency of the General Federation of Women's Clubs of Mrs. Roberta Campbell Lawson of Tulsa, Okla., a descendant of pioneer families and granddaughter of the last tribal chief of the Delaware Indians. She succeeds Mrs. Grace Morrison Poole of Broken, Miss.

Mrs. Lawson was elected president at the triennial convention last night by a vote of 345 to 338 over Dr. Josephine L. Peirce of Lima, O., and another westerner, Mrs. Sadie Orr Dunbar of Portland, Ore., who was named first vice-president without opposition.

The convention of 3,000 delegates turned today to the report of the resolutions committee with endorsement of American adherence to the world court and the dissemination of birth control information holding the top interest among eight resolutions.

The theme of Mrs. Poole's administration—a study of the United States—will be continued, said the new leader.

MARY HAYES LEADING IN BADMINTON CLUB'S TROPHY TOURNAMENT

With Miss Mary Hayes the only member of the Medford Badminton club with 20 points towards the necessary 30 to take possession of the beautiful President's cup, the last match for the summer will be played tomorrow night. Considerable interest is being manifested in the possibility of Miss Hayes winning again tonight, gaining the necessary 10 points.

Halling of the tournament does not mean that play is over for the summer. The courts will be open the year 'round for club members, it was announced. Officers of the club will be busy during the summer months in an endeavor to secure for this city the Oregon state tournament. Medford is already well known in badminton circles, and with the game increasing rapidly in public interest, it is believed that a tournament here would attract expert players from every point on the Pacific coast.

Yearly the California stars journey to Seattle for the Washington state tourney, and the Washington experts reciprocate by attending the California matches. It is believed feasible to so arrange the Medford tournament as to allow participation of players from both those states, as they are on the road.

TEACHER EXAMS START TOMORROW

Examination of applicants for state teachers' permits will be held in the county court house tomorrow (Wednesday), Thursday and Friday, beginning Wednesday morning at 9 o'clock and continuing until 4 p. m. on Friday. The program is as follows:

Wednesday forenoon—U. S. History, Writing (Penmanship), Geometry, Biology.

Wednesday afternoon—Physiology, Reading, Composition, General History.

Thursday forenoon—Arithmetic, History of Education, Psychology, Geology.

Thursday afternoon—Grammar, Geography, American Literature, Physics.

Friday forenoon—Theory and Practice, Orthography (Spelling), Physical Geography, English Literature.

Friday afternoon—School Law, Algebra, Civil Government, Bookkeeping.

Have you found the SUNNY PACKAGE on your grocer's shelf?

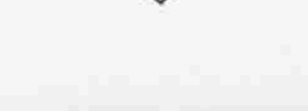

It's a delicious ready-to-eat cereal. Millions of Americans have found Kellogg's ALL-BRAN a safe, effective means of correcting common constipation—the kind caused by lack of "bulk" in the menu.

Laboratory measurements show that ALL-BRAN provides "bulk" to aid elimination. ALL-BRAN also supplies vitamin B and iron.

The "bulk" in this tempting cereal is more effective than that found in fruits and vegetables because it resists digestion better. Within the body, it absorbs moisture, and forms a soft mass. Gently, this cleans out the intestinal waste.

Isn't this natural food better than taking patent medicines? Two tablespoonfuls of ALL-BRAN daily are usually sufficient. Chronic cases with each meal. If this fails to give relief, see your doctor.

Enjoy ALL-BRAN as a cereal, or cook into appetizing recipes.

Society and Clubs

Pupils Leave Wednesday For Portland Violin Recital

Miss Marcia VanDyke of Grantsford will leave Wednesday morning with Miss Dorothy Gore of Medford and Mrs. John R. Knight for Portland, to appear in recital Friday night, June 14, before Mr. Knight's former violin teacher, Frank Eichenlaub, and a group of interested musicians.

Miss VanDyke and Miss Gore were selected for the recital when Mr. Knight received an invitation to present his pupils before Mr. Eichenlaub, who has continued a close friendship with Mr. Knight since returning from abroad, where he was a pupil for five years with Muain and Serick. The invitation is the result of this personal as well as a professional relationship.

The piano accompanist will be Mrs. Beatrice Hidden Eichenlaub, who studied five years in Europe with Xavier Scharsenka.

The numbers Miss VanDyke will present:

- Concerto op. 76, No. 7 De Berlioz
- Allergo
- Flocco
- Leibesfreud
- F. Kreisler
- Cabanetta
- d'Ambrosio
- From the Canebrake
- Sam Gardner
- Miss Gore will play:
- Concerto in E Minor Mendelssohn
- Sierra Morena de Montserio
- Prayer from Te Deum Haendel-Plesch
- Le Cygne
- Saint-Saens

Reviza-Rogers Wedding Is Thursday Event at Reno

Harry Reviza, formerly connected with Standard Oil company at Klamath Falls, who for the past several weeks has been located as area salesman in this city, was married in Reno, Nev., June 6, to Miss Jean Rogers, daughter of Mr. and Mrs. Leslie Rogers of Klamath Falls.

Mr. and Mrs. Reviza arrived from Reno last night and will make their home here. Mr. Reviza, well known in southern Oregon and a frequent visitor at Rogue Valley Golf club while located at Klamath Falls, was formerly of Oakland, Cal.

Walter Bownes Vacation Visitors at Fishing Lodge

Mr. and Mrs. Walter Bowne of Paapeete, Tahiti, and San Francisco, Cal., are spending three weeks or a month at their attractive fishing lodge on Rogue river.

Mrs. Bowne is the former Miss Eileen Reddy of Medford, and Mr. Bowne is also a former local resident with many acquaintances in the valley.

Silver Tea at Sparrow Home to Benefit St. Marks

Mrs. George Flak will be hostess tomorrow at her home on Orchard Home drive to members of the Home Economics club of Jacksonville Grange, who will make plans at this meeting for the county Grange meeting scheduled Friday night at Jacksonville.

Mrs. M. M. Snider, Darnelle To Attend Eugene Commencement

Mrs. M. M. Snider, accompanied by Mrs. Bea Darnelle, will motor to Eugene Saturday to attend the commencement program at the university Sunday and Monday. Miss Snider is a member of the graduating class.

Young People's Club Schedules Business Meet

Young People's club of the Central Point Grange will hold a business meeting tomorrow at 8 p. m., announcement stated today.

Ladies of Church To Meet Wednesday

All ladies of the First Christian church are urged to attend the meeting of the Women's association of the church in the church recreational hall Wednesday afternoon at 2 o'clock.

Will Entertain at Luncheon

Mrs. Frederick H. Johnson of 2322 East Main street will be hostess Wednesday at 1 o'clock luncheon to members of the East Side circle of the Presbyterian church.

RATTLESNAKE MENACE OVERRATED IS THEORY OF TENDERFOOT SCRIBE

SARDINE CRIBEK.—(Spl.)—Rattlesnakes have already begun to make their annual appearance in this canyon and already several have been killed on both forks of the creek.

They are not considered a serious menace, however, as they are not so numerous as talk about them would seem to indicate. The rattlesnake benefits, or suffers, from advertising; it is a much publicized reptile and one diamond back rattlesnake creates more discussion than all the rest of the crawling creatures put together. Then, too, for all its danger, a rattlesnake is easily slain, a sharp crack across the back being enough to cripple it. Nevertheless, rattlers are not to be toyed with, old timers in the canyon point out.

The biggest one reported killed thus far had ten rattles and a button. It was put on the death list by your correspondent, who, until he came to this valley, had been a New York tenderfoot who had never seen a rattlesnake outside of the Bronx zoo. And a reptile in a glass cage is quite different from one on the roadside.

After killing the shovel-headed monster, your correspondent felt all puffed up like the dragon slayers of mythology. In all truthfulness, however, his nerves did not cool off sufficiently to permit him to write about the deadly combat until today, although the slaying occurred several days ago.

Appearance of the rattlers is to what kind of trail a diamond back snake leaves on a dusty road. Will Kirkpatrick says he can tell by a rattler that has crossed the road by the imprint it makes. Its trail is broad and very crooked, resembling a series of half-moons, avers Mr. Kirkpatrick, who in his 83 years has done about everything interesting there is to do, from raising golden Oregon hops to trapping fur-bearing animals, from moving Portland houses intact to digging for gold, an alluring pastime that now engages his diligent attention.

On the other hand, C. B. Holmes, caretaker at the House of Mystery, declares that because of its weight and the rigidity of its backbone a rattlesnake has to travel in a straight line and therefore the trail it leaves is also straight. He knows snakes, he says, because he comes from Arkansas and it is his conviction that when bigger and better rattlers are born they will be born in Arkansas.

The argument has reached an impasse and no satisfactory answer appears unless someone comes along with a trained rattlesnake that will be considerate enough to give a graphic demonstration on Sardine Creek road in the presence of witnesses.

PARK NATURALIST GIVES ROTARIANS INTERESTING TALK

Dr. Carl R. Swartzlow, a member of the faculty of the University of Missouri and naturalist at the Crater Lake National park, gave an interesting address at today's luncheon meeting of the Medford Rotary club at the Hotel Medford. Methods of determining the age of the earth and of such natural wonders as Crater lake were outlined in this instructive talk, the feature of a program prepared under supervision of David Canfield, superintendent of the Crater Lake National park.

An estimated age of 763 years was given for Crater lake by Dr. Swartzlow and this age, which is naturally subject to considerable revision due to variable seasons, was determined by calculating the period of time taken for the accumulation of water in the lake.

Dr. Swartzlow discussed the many interesting means taken by geologists to determine the age of the earth, the most recent and interesting being the study of radio active substances. The break down of these substances is regular and can be definitely computed, so that the age of rocks can be determined to a fairly accurate degree. Rocks with a known age of one billion, eight hundred million years have already been found by geologists, indicating that the age of the earth is greater than this period of time, he said. Other previous methods of calculating the earth age have been worked out through the study of the time taken for the accumulation of various types of rock formations, the rate of deformation, and through a study of the salt content of the ocean. Erosion and constantly varying climatic conditions make these methods subject to wide revision, the park naturalist pointed out.

Wednesday, June 19, is the date set for the Rotary club's ladies' night entertainment which will be held at the Town Club in this city. A stag party of Rotary club members will be held in the near future at the summer lodge of John Peri on Pelican bay, following Mr. Peri's invitation at today's meeting.

FOREST VISITORS STARTING FIRES

People are not talking proper precautions against forest fires, probably not realizing that summer weather has already arrived, according to officials of Rogue River national forest. In a report today from K. P. McReynolds, administrative assistant, it was made known that forest fires so far this season in the local forest—there have been 11—were 100 per cent man-caused.

Smokers were responsible for 18 per cent of the fires, campfires caused 36 per cent, old or held-over slashing fires caused 37 per cent, and miscellaneous causes accounted for the other nine per cent, McReynolds stated.

The fires have all been caused by local residents, according to the forest service, and officials expect to apprehend several persons who are thought responsible.

Campfire permits are not yet required, but the same care should be exercised as in mid-summer, the forest service pointed out, through use of the axe, shovel and bucket.

Warrant Call, School District No. 82. Notice is hereby given that there are funds on hand for the redemption of warrants numbered 82 to 175 inclusive. Interest ceases on June 11th, 1935. Payable at Medford National Bank. CLARE W. SHORES, Clerk.

ROOSEVELT P. T. A. ROOSEVELT CIRCLE SPONSORS SOCIAL

An enjoyable box social has been planned at the Roosevelt school next Thursday evening, June 13, for the purpose of raising funds to send a Boy Scout from that school district to the scout gathering in Washington, D. C., this summer. The entertainment and a full evening of fun will be held in the gymnasium hall with arrangements being made by a capable committee composed of Mrs. O. A. Eden, Mrs. Ralph McKay and Mrs. John Moffatt. The social will begin at 8:30 o'clock and promptly at 11:30 o'clock, the boxes will be auctioned.

The public has been invited to enjoy this evening of entertainment and participate in the worthy benefit. Those who attend have been asked to bring a hot lunch suitable for a late supper and the committee has arranged for coffee to be served. All funds secured through this social will be devoted to the boy scout fund, it was announced. The affair is sponsored by the Roosevelt School and Home Circle.

TOO LATE TO CLASSIFY

WANTED—To take over equity in good light car. Box 3372.

BUICK Sedan, completely overhauled, used very little. See this one at the bargain price of \$175.00. Pierce-Allyn Motor Co., Dodge and Plymouth.

RENT—Modern 5-room house; clean, close in; reasonable. 200 W. Jackson.

Benson Pupils On Stage at Craterian

Pupils of Eve Benson's studio of the dance will be presented in recital tonight between shows at the Craterian theater, promising one of the most varied and interesting programs of the season.

Tap, ballet, eccentric, toe, acrobatic and group numbers are included among the many routines, that will feature both the younger and the older of the talented Benson pupils. Also numbers never before presented here will be a highlight of the presentation.

Misses Martin and Connie Moore will accompany the dancers, assisted by Don Huckabee at the organ.
