

SALLEE SENTENCE DELAYED BY NEW LEGAL MANEUVER

Passage of sentence upon Melvin Franklin Sallee, Yankee Creek district resident found guilty by a circuit court jury, after short deliberation, of a statutory offense involving a 7-year-old Central Point girl, was today deferred until Friday morning by Judge H. D. Norton.

Action of the court was taken after Sallee, through counsel, M. O. Wilkins, filed motions to arrest judgment, set aside the verdict, and for a new trial.

Irregularities of the court proceedings, and conduct of the district attorney, the state police and county jailer, are charged. Affidavits supporting the defense contentions also filed, signed by Elizabeth Sallee, wife of the defendant; R. L. Wright, a carpenter of this city; Marie Hilkey and Emma Hilkey, and Oral Sallee and Arthur Sallee, brothers of the defendant.

It is further alleged that the mother of the 7-year-old girl made signals to her daughter, indicating what she was to say in reply to questions, and that a dictaphone was used in the county jail against defendant, Sallee.

The defense further claims the discovery of new evidence and alleges that Deputy District Attorney George W. Nelson made "intimidation" remarks to George Obermair of Central Point, a defense witness, within the hearing of the jury during recess. "Intimidation" charges are also made against the state police engaged on the case.

The court granted the state two days in which to file counter affidavits. The motion for delay of sentence also attacks the testimony of Mrs. Violet Anders of Central Point, who when she saw the little girl enter the auto, wrote down the auto numbers on the margin of a page of the Saturday Evening Post.

The court also deferred until Friday morning the passage of sentence on Basil Petroff of Ashland, 45, who entered a plea of guilty to the depredation of a 6-year-old Ashland girl, Petroff, in a statement to Chief of Police Charles P. Talent, admitted the offense.

Two residents of Talent, appearing in behalf of Petroff, said they had known him for two years, and that he bore a good reputation. One said "his character has been above reproach and I feel he has been misjudged."

The sentence of school teacher, 18, state training school escapee, former Roseburg resident, and George A. Rorebia, transient youth, charged with the theft of an auto belonging to Dean Pieper from the streets of this city, was postponed until Friday to permit the state to procure their records from the Sacramento bureau of identification.

A large crowd, including a number from Centre Point, attended the morning's court proceedings.

PLANT LAWN NOW FOR GOOD RESULT CLAIMS SCHEFFEL

If you have neglected planting the early spring lawn that you have been talking about all winter and spring, but somehow couldn't find time to start, don't think that it is now too late. Not at all, according to Fred Scheffel, who besides being the superintendent somewhere finds time to be an amateur lawn planter of repute.

One of the best times of year to plant a lawn is right now. Scheffel declares. And later in the summer, when the weather gets really hot, the grass will grow even better and faster, but then the job of keeping the soil constantly wet is a more serious one.

"In this remarkable climate," said Mr. Scheffel, "a new lawn can be planted at any time during the summer, the hotter the better. Keep the ground wet at all times, with a good sprinkling in the morning, and another in the evening. Don't by any chance allow the ground to dry out. It will take two weeks time your new lawn will be the envy of your neighbors, and in six weeks you'll have grass so long and so green and so luscious that it will be all you can do to cut it with a lawn-mower."

Of course a lawn requires constant attention if it is to be a success. In planting a new lawn, the ground should be thoroughly cultivated to a depth of at least six inches, and all the weeds removed. A raking to remove the larger rocks always helps, and then the whole thing should be rolled smooth. A home made roller can be made of a piece of log, or by pouring cement into a piece of metal pipe through which handles have been placed.

The seed should be on the ground before the rolling process. The rolling will push them far enough under the surface so that they will sprout easily and will keep most of them away from the birds.

Mr. Scheffel recommends the mixed variety of seeds, in which five or six different kinds of grasses are contained.

ACCUSER OF HIGH WOULD DROP CASE PROSECUTOR TOLD

Frank Haab, complaining witness against George A. High, of Ashland, under a four year prison sentence on conviction of setting fire to the Balfour, Guthrie barn near Ashland, in January 1933, yesterday telegraphed the district attorney's office "the case has been settled," and asked a dismissal of the latest charge. High was alleged to have defrauded Haab in the sale of property. George High, according to word received yesterday by the sheriff's office, was en route to this city by auto.

Robert N. (Babe) High, also under a four year prison sentence, on conviction of barn burning, was still detained in the county jail, due to his bondsmen, J. C. Ray withdrawing. Efforts are being made to procure new bondsmen.

District Attorney George A. Coe stated this morning that no dismissal of the Haab charge against George High had been made, and no decision would be reached "until I have looked into the case."

This morning in circuit court, Judge H. D. Norton denied a motion of Attorney George M. Roberts, seeking a continuance until September 1 next, to file an appeal to the state supreme court. The time for filing the appeal expires July 1 next. The state took the position, two extensions had been granted, and ample time had elapsed.

The High brothers have been at Medford on bonds, since their sentencing to four years in state prison last March. They were not granted parole, as stated in Medford reports.

Norton (Red) Martin, who pleaded guilty to assisting the High's in the barn burning was sentenced to two years in state prison, and Joe B. Hol-

HOWARD SCHEFFEL NOW AGENCY ORGANIZER FOR CALIF.-WESTERN LIFE

Frank E. Russell, supervisor of agencies for the California-Western States Life Insurance company, announced yesterday the appointment of Howard W. Scheffel of this city as manager for that company in the southern Oregon area. Mr. Scheffel, whose title will be "agency organizer," will make his headquarters in Medford and handle a territory comprising Jackson, Joseph, Klamath and Lake counties. Ed Shockley, who has represented the California-Western States company in Medford as local representative, will continue in that capacity, Russell announced.

The appointment of Howard Scheffel as manager in southern Oregon comes as a result of five years of outstanding work in the southern Oregon insurance field. Mr. Scheffel has lived in Medford since 1924, when he operated an electric store here. In 1930 he entered the insurance business. During the 11 years of his residence here, Scheffel has become identified with civic, business and fraternal activities in Medford.

GOSSIPERS PEEVED WHEN WOMAN REDUCED 21 LBS.

Never Felt So Good In 20 Years

Gossipers who tell you reducing is harmful or that you don't need to reduce (when your mirror tells you differently) probably wouldn't want to see you the slender woman you can be if you'll take a half teaspoonful of Kruschen Salts in a cup of hot water every morning—tastes fine with juice of half lemon added.

Kruschen can't harm you — it's a health treatment — physicians prescribe it. If one jar (lasts 4 weeks and costs but a trifle) doesn't take 12 lbs. off you—money back.

Mrs. J. C. Boehm of Callaway, Va., writes: "I was 106 lbs. to have good health. I weighed 228 and after taking Kruschen for 3 months I lost 21 lbs. and feel better than I have for 20 years." For sale by Jardon Drug or any drug store.
