SENATE PASSES SOCIAL SECURITY

News Behind The News
 By PAUL MALLON
 (Copyright, 1935, by Paul Mallon)
 WASHINGTON, June 19.—The important thing behind President Roosevelt's current reorganization of NRA is not the superficial dismantling proposed, but the men he has chosen to do it.

Those who will conduct the autopsy and rattle the skeleton of the blue eagle are distinctly more conservative than any group which had anything to do with the bird when it lived. They are not exactly reactionaries, but neither are they Richbergs or Johnsons.

It is apparent to all NRA insiders that anything to be worked out of the existing situation in the way of future business co-operative action will be more moderately conceived than the last attempt.

You can see that by calling the roll of the members on the dismantling board. Of course, everyone knows that Chairman O'Neill is a New York banker. He is rated in NRA as a good man, level headed. He has been in charge of personnel and will decide who is to be fired. You know what that means.

His chief aide is Prentiss Conroy, a Connecticut manufacturer, and said to be of a Republican family. Leon Marshall, in charge of the review division, was a signer of the famous Brookings report which took the NRA apart in detail. Also he spoke caustically about NRA before the U. S. Chamber of Commerce. Major George Berry, labor representative, is a right wing laborite, not to be compared with Sidney Hillman or John Lewis.

These are the men who will run whatever show there is, and you may be sure they will see to it that the new supreme court law.

The supplementary advisory committee is recognized backstage as mere liberal window dressing. All on it have other more important interests which undoubtedly will keep them from doing much advising. There are three strong liberals (Messrs. Phil Murray, Walton Hamilton and William Green), plus Charles Edison, Mrs. Emily Newell Blair and Howell Cheney, silk manufacturer.

The real significance of President Roosevelt's selections is more apparent.

SIDE GLANCES
 by TRIBUNE REPORTERS

Mrs. W. F. Quisenberry whooping daughter Jenn's ten dollar pup in the shops for taking a hunk out of her silk hose.

R. R. Ebbel stripped for action to golf pants, short socks and sweater, giving his lawn an early morning message.

Judge Colvig, 90, emulating the "Thinker," by sitting on a box and watching the weeds sprout in his self-built garden.

A girl removing the bodies of a couple of million deceased bugs from a taxi with a polishing cloth this morning.

Two bums climbing off a freight train, entering the S. P. station and cashing greenbacks so as to get the correct change to open the safe deposit lockers to stow their "luggage."

"Hooses" Hoffard going domestic on his public, out pattering about in the flower garden.

A charming old couple, bewildered and frightened, being caught in a downtown traffic jam while "137-walking."

AMENDMENT FOR BONUS PAYMENT IS VOTED DOWN

Pension for Aged and Protection for Unemployed Given 76 to 6 Vote — Goes to House Conference

WASHINGTON, June 19.—(AP)—The administration's social security bill was passed today by the senate.

The final vote on the legislation proposing a huge new governmental structure to protect the people in their old age and when they are unemployed was 76 to 6.

It now goes to conference with the house to reach a compromise on amendments voted by the senate.

Two important modifications were made, the senate exempted private pension systems and eliminated sale of annuities by the treasury.

The senate rejected an amendment which would have given President Roosevelt discretionary authority to pay the soldiers' bonus in any way he chose.

The only negative votes were cast by Senators Hale (R. Me.), Hastings (R. Del.), Metcalf (R. R. L.), Moore (D. N. J.), Townsend (R. Del.), and Austin (R. Va.).

Both Virginia senators—Glaze and Byrd—were paired against the bill. Senators Gore (D. Okla.) and Tydings (D. Md.) voted "Present."

KARPIS GANGSTER SHOT BY OFFICERS

WILLOW SPRINGS, Mo., June 19.—(AP)—Officers this afternoon said a gunman shot to death here as he fled from a sheriff and highway patrolmen early today had been tentatively identified as Harry Campbell, one-time associate of Alvin Karpis.

The bandit suspect was shot to death shortly after Sheriff C. D. McKinley and Highway Patrolman Graham encountered him here. The officers were seeking the slain man and a woman companion as suspects in a holding of a night club at Poplar Bluffs, Mo., last night.

Campbell, with Karpis, escaped from a police trap in Atlantic City, N. J., January 20, 1935, shooting their way out with machine guns. Four days later Campbell, Karpis and 230 others were indicted for the kidnaping of Edward G. Bremer, St. Paul banker.

SPANISH WAR VET PENSION RESTORED

WASHINGTON, June 19.—(AP)—The senate pensions committee today unanimously approved a bill to restore pensions of the Spanish-American war, the Boxer rebellion and the Philippine insurrection to the pension status prevailing before passage of the economy act.

Senator McGill (D. Kas.) said he believed the bill, passed by the house last week, had an excellent chance of passage by the senate. Restoration of the old schedule would add approximately \$45,000,000 annually to the pensioners and their dependents.

Award Dam Contract.
 WASHINGTON, June 19.—(AP)—The war department announced today award of a contract for furnishing and installing two 43,000 K. W. generators for the Bonneville power and navigation project in Oregon to the General Electric Co., Schenectady, N. Y., for \$1,144,880.

Country Gentleman to Tell of Rogue Farming

Jackson county has been promised a 2000-word article in an early issue of the Country Gentleman, it was announced by the publicity committee of the Jackson County Chamber of Commerce this morning.

The promise is the result of a request sent by the chamber to the rural magazine asking if such a story on agriculture in this section would be given consideration. The story is now being prepared by the chamber and it is believed that as a result of its publication Jackson county will receive a vast amount of publicity.

As a result of the continuous publicity campaign which the Chamber of Commerce staged during the past year, Jackson county has received considerable publicity. No opportunity has been overlooked to publicize special events and the resources of this section in magazines and newspapers throughout the country. In respect of what the major program of a chamber of commerce may be, publicity always is and always will

"TIGER WOMAN" LEAVES PRISON

After spending 12 years in prison for hammering to death Alberta Meadows in Los Angeles over her husband, Clara Phillips, noted "tiger woman" walked through the gates of California's prison for women at Tehachapi on parole. Mrs. Phillips is shown leaving with her sister, Etta Jackson, behind her and Warden Josephine Jackson (left). (Associated Press Photo)

RIOTING CONVICTS HERDED FROM PIT AT KANSAS PRISON

By R. GORDON BROWN
 Associated Press Staff Writer
 (Copyright, 1935, by the Associated Press)

LANSING, Kas., June 19.—(AP)—Warden Lacey Simpson subdued 348 rioting convicts early today in the light darkness of the Kansas state prison coal mine and ended a destructive 21-hour mutiny.

Soon the first lift load of mutineers, sheepish, bedraggled, came to the surface and they marched past a line of heavily armed prison, county and state highway officers to their cell block 60 feet away.

In 35 minutes the evacuation of the 230-foot mine level, where the riot occurred, was complete.

Only half a dozen guards remained below to check the damage wrought in the convicts' rage.

No One Injured

Termination of the day and night-long mutiny was accomplished without injury to either guards or convicts, and even the 19 frightened mules kept below to haul coal cars were reported unhurt.

"We had a hell of a time breaking (Continued on Page Seven)

SOUTHERN CALIFORNIA SHAKEN BY TEMBLOR

LOS ANGELES, June 19.—(AP)—A wide area of southern California trembled with an earthquake at 3:17 o'clock this morning, but no damage was reported.

The center of the disturbance, sufficient to awaken residents in Los Angeles and many communities, appeared to be in the Elsinore fault, 70 miles east of Los Angeles.

It was one of four shocks recorded after midnight in California on instruments of the Carnegie Institution seismological laboratory at Pasadena.

Philadelphians at Chicago, postponed: rain.

BOOST IN TAXES ASKED BY F. R. IN SPECIAL MESSAGE

Surprise Note to Congress Advocates An Increased Levy On Larger Incomes, Inheritance and Gifts

WASHINGTON, June 19.—(AP)—President Roosevelt late today recommended to congress "a definite increase" in taxes on big incomes.

Nothing was said in his surprise message about increasing taxes on moderate incomes. He also advocated inheritance and gift taxes, the proceeds to be applied to reduction of the public debt.

Another proposal was a new corporation income tax based on ability to pay, reduction of the present unitary 13 1/2 per cent tax to 10 1/2 per cent for small corporations and raising rates to 16 1/2 per cent for the larger.

Would Close Loophole.

In addition to the present estate taxes he proposed the levying of an inheritance, succession and legacy tax "in respect to all very large amounts received by anyone legatee or beneficiary; and to prevent, so far as possible, evasions of this tax. I recommend further the imposition of gift taxes suited to this end."

Mr. Roosevelt also declared for a "definite increase in the taxes now levied upon very great individual net incomes" as a means of coping (Continued on Page Five.)

WESTERN UNION SUED FOR THREE MILLIONS ON CHAIN TELEGRAMS

TRENTON, N. J., June 19.—(AP)—The Western Union Telegraph Company was sued today in supreme court for \$3,600,000 on the ground it violated gambling laws by sending "chain" telegrams.

The suit was brought by William F. Zwirner of Merchantville as a "common informer" under the gambling laws of 1877.

Under this law the "informer" receives one half the penalties and the county the other half.

Zwirner alleged that the telegraph company on June 7 accepted 200 "chain" telegrams at Camden and that approximately 200 more were accepted each day between June 8 and June 15.

"For each of the above mentioned lotteries," the plaintiff said, "the defendant (The Western Union) became liable for the sum of \$2,600 in the total of \$3,600,000."

Despite the response, however, no announcement had been forthcoming concerning definite plans to reopen.

The strike situation remained quiet in the Portland area today, with peaceful picketing being maintained at several points. The three single mills which resumed work yesterday were still operating, as was the B. P. Jones furniture plant which opened Monday.

Only new developments during the past 24 hours included Circuit Judge James W. Crawford's denial of an appeal for a change of venue for 237 pickets to be tried in the Gresham justice court and the announcement of the district attorney that the first of the hearings would be held Friday.

The hearing on the union's plea for a permanent injunction to prohibit officers from interfering with picketing activities is scheduled to get underway in circuit court tomorrow. The plea for a temporary injunction was denied Monday.

MITCHELL ADMITS HAS NO EVIDENCE SHIP LINE BRIBES

Ousted Aide of Commerce Secretary Suggests Grand Jury Probe of Government Ship Subsidy Operations

WASHINGTON, June 19.—(AP)—Ewing Y. Mitchell, ousted assistant secretary of commerce, told the senate commerce committee today he had no evidence of "direct bribes" in government ship subsidies, but suggested a grand jury investigation to determine if criminal acts were involved in granting millions of dollars to private operators.

After charging a long list of "appearances of favoritism" by former and present administrators in connection with the subsidy program, he said he would be satisfied if Joseph B. Keenan—assistant attorney general to whom his charges have been referred—held there was "nothing to prosecute."

He told Senator Vandenberg (R., Mich.) that he believed Keenan was a "very efficient man and if we leave it to him he will get sufficient results."

"That would satisfy me too," Vandenberg said.

Keenan was sitting quietly close by.

Cites Levithan Case

The exchange followed a repetition by Mitchell of his allegation, already made public by him in a letter to President Roosevelt, that the administration had given \$1,720,000 to the United States Lines under a contract for retirement of the liner Levithan.

As Mitchell left the stand after (Continued on Page Four)

PORTLAND MILLS SEEK WORKERS TO RESUME CUTTING

PORTLAND, Ore., June 19.—(AP)—Nine hundred replies to advertisements for men to work had been received today by nine lumber operators who apparently are making plans to resume operations. The number approximates one-half of the total normally employed in the plants involved. Not all of the applicants were former employees, the operators said.

Despite the response, however, no announcement had been forthcoming concerning definite plans to reopen.

The strike situation remained quiet in the Portland area today, with peaceful picketing being maintained at several points. The three single mills which resumed work yesterday were still operating, as was the B. P. Jones furniture plant which opened Monday.

Only new developments during the past 24 hours included Circuit Judge James W. Crawford's denial of an appeal for a change of venue for 237 pickets to be tried in the Gresham justice court and the announcement of the district attorney that the first of the hearings would be held Friday.

The hearing on the union's plea for a permanent injunction to prohibit officers from interfering with picketing activities is scheduled to get underway in circuit court tomorrow. The plea for a temporary injunction was denied Monday.

The general strike picture in Washington was considerably more hopeful today, with nine Tacoma mills scheduled to reopen Friday, employing 2000 men. It was understood a general wage increase of 10 per cent had been accepted by the union.

Barnyard Opera By 4-H Clubbers Has Cast Of 200

AMES, Iowa, June 19.—(AP)—One thousand 4-H club members gathered today for the final dress rehearsal of the cornbelt premiere of "Barnyard Opera" in a setting as homelike as a calico dress. Baile's opera, "The Bohemian Girl," with a cast of 200 Iowa farm residents, was selected after a year's work in music appreciation by 4-H club girls and adult rural education groups.

In contrast with the elaborate setting of metropolitan opera, the stage for the barnyard production was a wooden platform. The scenery was a framework covered with chicken wire and interlaced with green boughs and leaves.

Members of the cast fashioned their colorful costumes from old sacks, tin cans, worn-out shirts, chicken leg-bands and other materials found on a farm.

WEYERHAEUSER IS STAR WITNESS AT GRAND JURY QUIZ

TACOMA, Wash., June 19.—(AP)—Headed by a "star witness," J. P. Weyerhaeuser, Jr., timber magnate and father of 8-year-old George, kidnaping victim, G-men and other witnesses appeared today before the federal grand jury as the government rushed prosecution in the \$200,000 snatch case.

The father of the curly-headed youngster was only before the 19 grand jurors for five minutes just before they recessed for lunch at noon. The jury's deliberations are shrouded in secrecy.

Weyerhaeuser, the third witness to appear, had been kept in seclusion in the office of United States District Attorney J. Charles Dennis until he was called. With two burly G-men as guards, he was hurried into the grand jury room after the corridors had been cleared of spectators, photographers and newspaper men.

Just a few minutes before, as the previous witness, Willis Burdett, a Seattle taxicab driver, who bore some likeness to Harmon Wiley, a principal (Continued on Page Five.)

HOPKINS, ICKES RIFT WIDENING

WASHINGTON, June 19.—(AP) Indications of a widening rift between Harry L. Hopkins, the work progress administrator, and Secretary Ickes, administrator of public works were seen by capital observers today in the appointment by Hopkins of a man Ickes had discharged in 1933.

The appointee is Harry S. Berry of Nashville, state works progress administrator for Tennessee, who was dismissed as PWA engineer for Tennessee after Ickes had asserted he had made undesirable interpretations of PWA plans.

Hopkins is the key man in the new work relief program. Ickes, although a member of the important allotment board for distribution of the \$4,000,000,000 fund, is regarded generally as having been given a less important place in the new work relief set-up.

SALEM BOY DROWNS IN POOL AT PLAYGROUND

SALEM, Ore., June 19.—(AP)—Rex Howard, 7, son of Mr. and Mrs. Ray W. Howard of Salem, was drowned here late yesterday in the Olinger field playground swimming pool.

The lad's body was discovered in seven feet of water by an unidentified girl who bumped into it when she dived into the pool. It was undetermined how long the body had remained under water.

WILL ROGERS SAYS:

REFUNDING BONDS SOLD BY CITY TO REDUCE INTEREST

3 Blocks Totaling \$139,170 Bring Satisfactory Prices — Hockley Scanning Sewage Plant Bids

Bids were let at a regular meeting of the city council last night on three blocs of bonds totaling \$139,170.98, at prices which city officials termed highly satisfactory and in line with the best available in any city of the state outside of Portland.

The first bloc, totaling \$15,425 of refunding water main bonds, was awarded Universal Bond and Mortgage company of Portland. Their bid was a premium of \$100.23, with interest rates of 3 1/2 per cent on \$7500 of the bonds, which mature from 1937 to 1941, and 3 1/2 per cent on the remainder, which mature from 1942 to 1947.

The second bloc, consisting of \$106,281.98 in refunding Banerott bonds, and the third bloc, consisting of \$18,000 in consolidated improvement fund No. 2 bonds, were both awarded Baker, Forsythe and Co., Portland. Their price was \$100.27 at an interest rate of 3 1/2 per cent.

Other Bidders Present

Besides the successful bidders, Hess, Tripp and Buchert, Camps and Co., and E. M. Adams submitted bids, all being represented at the council meeting. The other bids ran from 3 1/2 per cent at a price of \$100.17 to 3 1/2 per cent at a price of \$100.27.

Mayor George Porter expressed entire satisfaction with the bidding and talk among the bidders indicated that the city had been given an excellent price. The bonds being refunded will average close to 8 1/2 per cent interest. (Continued from Page Eight)

CORBIN EDGELL HURT IN CRASH

Corbin Edgell, prominent fruit rancher of Medford, is in the Community hospital suffering from a fractured knee cap, a cut over one eye and bruises sustained in an automobile accident on the Pacific highway near the south city limits at about 8:45 yesterday evening.

Edgell, with two hitch-hikers he had picked up, was driving south on the highway and attempted to pass a CCC truck, also driving south. The truck turned into a driveway on the left side of the highway, and the Edgell car, a Dodge roadster, swerved to miss it. The front of the roadster struck the left front end of the truck and smashed into a tree, badly wrecking the roadster.

The two hitch-hikers were also taken to the hospital, but were reported suffering only minor bruises. According to hospital attaches, Edgell is resting as comfortably as possible.

TWO SHOT TO DEATH IN STRIKE RIOTING

UNION, S. C., June 19.—(AP)—Two men were shot to death today in rioting at the Monarch plant of the Monarch Mills company where a part of the force of 800 employees went on strike last night.

Those killed were W. B. Franklin, a magistrate's constable, and A. L. Stuts, an employee of the mill.

The outbreak came as working shifts changed.

Cardboard Deals Whittle And Spit Clubs Hard Blow

PEMBROKE, Ga., June 19.—(AP)—Those unofficial commentators on world affairs, the whittlers who used to hang around the rural stores, are vanishing because of a dearth of things to whittle.

Stocksleepers blame the corrupted box.

A few years ago when most goods came packed in hard and soft woods which lent themselves to pocket knives, conversation and opinion flowed freely from groups that congregated on the benches and steps of general stores and whittled up packing cases.

Now the groups are almost all gone.

"It's the use of cardboard for packing," a stockeeper said today. "There's no fun whittling cardboard."

The Welfare Exchange will close tomorrow after a successful winter's work. It was announced today by those in charge, who said they appreciate very much the interest the public has shown in the work that has been carried on.

\$224,472,000 Deficit Appropriation Sought

WASHINGTON, June 19.—(AP)—A \$224,472,000 deficiency appropriation bill, which would take from President Roosevelt the right to transfer funds within a department, and deny claims that the Philippines were damaged by dollar devaluation, was submitted to the house today by its appropriations committee.

Tennessee Valley Authority, \$34,875,192; Veterans' hospital improvements, \$20,000,000; Boulder canyon project, \$14,500,000; navy, \$14,874,000; plus \$6,110,000 for armor and armaments; foreign service buildings, \$1,000,000; public buildings, \$64,000,000; buildings, etc., at West Point and military posts, \$9,850,000; rivers and harbors, \$10,000,000.

Other items in the bill included: Locks, power house, spillway and fishways at Bonneville dam, \$6,244,000.

Generally, this last appropriation bill of the session was divided into three categories—general appropriations, public works and judgments and claims.

Public works drew by far the largest amount, totaling \$173,509,000 and including:

Tennessee Valley Authority, \$34,875,192; Veterans' hospital improvements, \$20,000,000; Boulder canyon project, \$14,500,000; navy, \$14,874,000; plus \$6,110,000 for armor and armaments; foreign service buildings, \$1,000,000; public buildings, \$64,000,000; buildings, etc., at West Point and military posts, \$9,850,000; rivers and harbors, \$10,000,000.

Other items in the bill included: Locks, power house, spillway and fishways at Bonneville dam, \$6,244,000.
