INTANGIBLE C-C RESULTS CARRY DEFINITE VALUE

friends for the organization and have been beneficial to the county.

The chamber's part in the spiritual and cultural life of the city is another example of its efforts to promote the better things of life and thereby creating a happier and cleaner community.

There are many other organizations in the county which are non-business in character, yet they have an important part in the life of Jackson county. Many of these organizations have been assisted materially by the chamber and can carry out their respective activities with more confidence, realizing that the chamber will add its moral support at all times.

A chamber of commerce must have the united support of every organization and individual in the community it serves in order to be successful and in bringing this about it strengthens its position to obtain those tangible things it needs by having first accomplished those intangible things which created a united community.

A business man who lacks personality has no friends, and takes no part in any activities in his community cannot expect to prosper. He has neglected those little intangible things which mean a great deal in promoting business. This is more pronounced in chamber of commerce work, and for that reason the Jackson County Chamber of Commerce lends every effort to any movement which would make for a stronger unity in the county which, although intangible in character, nevertheless is important to the conduct of the organization.

FOUR HOLLYWOOD RUINED ROMANCES TAKEN TO COURT

the walls of their love nest, and tried to run her over an embankment in his car.

"French contempt" for Ruth Corbin, American actress, cost the Vicomte Jacques de Vries his wife in Judge Carl A. Stutzman's court.

"He, being a Frenchman, felt women should be under complete domination of husbands," Miss Corbin told the judge. "He tried to exercise control over me, and when I demurred, he said I was vulgar and stupid."

Miss Corbin said she supported him with borrowed money from her sister, Virginia Lee Corbin—also an actress—and from "friends and charitable agencies."

She added the vicomte had said he would receive "a large sum of money" from his French ancestors, but it failed to materialize.

Money also proved the undoing of the brief bliss of Lona Andre, "panther woman" of the films. She told Judge Thomas C. Gould she married Edward Norris, film writer, a week ago Saturday at Tia Juana, Mexico, after he boasted of the "golden lair" he would provide for her.

The "gelt" turned out to be gilt, she said, so she walked out of the cage the following Tuesday. She asked annulment.

Patsy Bellamy, who is suing Billy Gordon, casting director, for divorce, failed to show up to maintain her claim of cruelty. Her attorney said she was out on location, and asked the case to be put over to June 29.

Patsy claimed Bill was cruel to her, chasing her down the highway with his automobile.

UNION LABOR OPENS WAR ON COMMUNISTS

NEW YORK, June 20.—(AP)—Unions affiliated with the American Federation of Labor had a warning today from William Green, Federation president, that they faced loss of their quarters if they open their membership to communists.

Green's warning, characterized as a "declaration of war" on communists, was made in a statement issued through Matthew Woll, A. F. of L., vice-president.

CUT BUTTER PRICE AS SUPPLY GROWS

PORTLAND, June 20.—(AP)—Cutting of butter prices on the produce exchange for the late session was not a surprise for the reason that leaders of the trade have felt for some time that prevailing figures were a trifle too high and out of line with supply and demand.

Produce exchange differential between extras and standards was being maintained at 1½c lb. despite the normal showing of ½ to 1c. This appeared due to the scarcity of top quality while there was an abundance of other scores. Price cuts in effect were 1c lb. for extras and standards and ½c for others.

Butterfat showed its normal cut along with butter.

Market for eggs was showing a generally steady tone and without price change for the day within the local territory. Prices appeared rather erratic at Seattle.

Wall St. Report

NEW YORK, June 20.—(AP)—Another selling wave unsettled the stock market today but, after an early sharp decline, support appeared for various sections of the list.

The reaction was attributed partly to technical influences and to bearish interpretations placed on the president's share-the-wealth program. The close was somewhat heavy. Transfers approximated 970,000 shares.

were mobilized for the hurried 32-mile trip from Olympia here.

Twenty-four deputy marshals and justice department agents were stationed in and near the federal building.

The courtroom, seating only 100 persons, began to fill up long before time for the arraignment, 2 p.m., Pacific standard time.

The Waleys' co-defendant, William Mahan, indicated under the name William Dainard, still is a fugitive, his trail obliterated since last seen in Montana. Mahan's bail was set at $100,000, and bench warrants were issued for him.

WOULD MAKE OREGON FIRST AID CONSCIOUS

SALEM, Ore., June 20.—(AP)—The tour to make Oregon first-aid conscious was started today by the statewide committee, the first stop being made at Salem. The tour is being made in the Portland George L. Baker first-aid car now operated by the Portland fire department.

Governor Martin, who had appointed Earl Snell, secretary of state, on the committee representing the board of control, posed with other members of the committee for pictures here. Others here were Commissioner Earl Riley of Portland, Jack Luihn, chairman of the committee, and Fred Roberts, in charge of the car.

about today. What has converted him?

"I'm afraid, in view of the fact that he has confessed to such conversions so many times—but I pray the God above me that this man will go straight this time, regardless of what has caused him to do so.

"I will back him with every might and main in this purpose. It can all be accomplished within 72 hours. I have already presented the plans to congress. If he wants others to do the same thing, we can get them up in 24 hours."

Long asserted that he would "not call the White House" to offer congratulations, saying that "ten times before I have thanked him for this kind of gesture. This time I'll have to see results."

But Long then declared: "If Mr. Roosevelt keeps his word this time, he will turn his distrous and destructive administration, the worst this nation ever had, into one of benefit."

FIND COED GUILTY INTENT TO KILL

TAHLEQUAH, Okla., June 20.—(UP)—Lois Thompson, student of Northeastern State Teachers college, tonight was found guilty of assault with intent to kill in connection with the campus shooting of Daniel Shaw, Chinese. The jury gave her 30 days in jail.

Miss Thompson accepted the verdict stoically. She thanked her attorneys who said they had not decided whether they would appeal the case.

Judge O. H. P. Bremer will formally pronounce the sentence on next Monday.

Miss Thompson testified that she fired at Shaw, who once had asked her for a "date," because she believed her life was in danger. She said she had received 14 notes demanding money and making threats of death. She said Shaw told her he had come to carry out promises made in the last note she received.

The state contended that the notes were written by Miss Thompson's sister Lelia, and that the asserted extortion attempt was a hoax.

OREGON PIONEERS CONCLAVE CLIMAX FOR 'OLD TIMERS'

PORTLAND, Ore., June 20.—(AP)—The annual meeting of the Oregon Pioneers' association here today marked the final session of the two-day series of "old-timers" events for which Portland has been host.

The number attending the pioneers' meeting was small in comparison to former years, but even so it was considerably larger than the attendance at yesterday's sessions of the Grand Army of the Republic, the Indian War Veterans of the Northwest and the Sons and Daughters of Oregon Pioneers.

Principal events of the day were to include the crowning of Mrs. M. C. Howard, who crossed the plains in 1850, as "mother queen," and the address to be given by B. F. Irvine.

The colorful annual "campfire" meeting is scheduled for tonight, with all groups attending the week's conventions invited to attend.

Mrs. Mary Drain Albro was chosen president of the Sons and Daughters of Oregon Pioneers last night, succeeding John C. Veatch.

The G. A. R. members voted to retain the same officers, including H. V. Gates of Hillsboro, commander; J. W. Ridge, Portland, senior commander; George Knierim, Portland, junior commander; George A. Prentiss, Portland, chaplain; J. W. Jones, Portland, medical director. Members of the council of administration are J. W. Jones, Henry Hopkins of Newberg, D. W. Butler of Portland and Calvin Cooper of McMinnville.

Z. T. Bryant of Lebanon and Philip McLain of Portland were named delegates to the national encampment at Grand Rapids, Mich., Sept. 8-14.

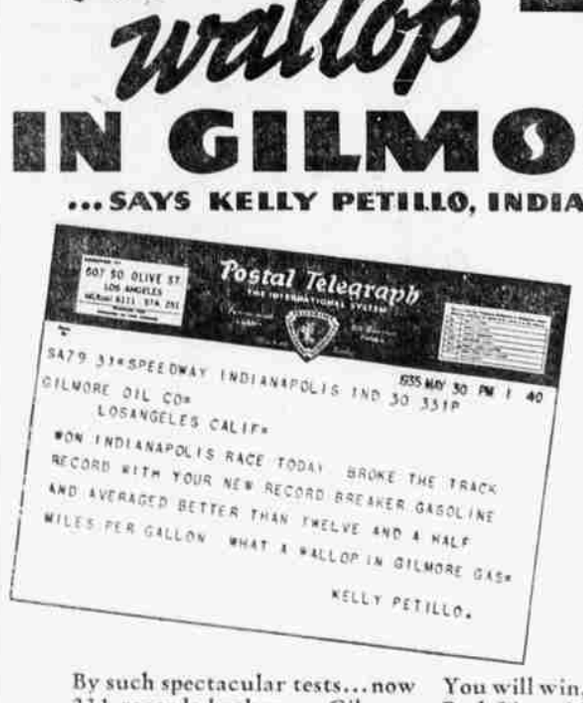
"What a wallop IN GILMORE!"

...SAYS KELLY PETILLO, INDIANAPOLIS WINNER



...."I averaged better than 12½ miles per gallon...broke track record."

231 FOR THE RECORD BREAKER

No other Gasoline ever won so many Victories

YES...Gilmore has that championship "wallop"...a record breaking combination of speed and economy! Kelly Petillo put his faith in Gilmore at Indianapolis...it helped him win the fastest race in history. 505 miles in 282 minutes and 22 seconds. But *think of the amazing gasoline mileage he made, too!—Slightly over 12½ miles per gallon at that lightning speed.*

On April 12, this year, at Muroc Dry Lake, California, a stock Hudson sedan, using Gilmore Red Lion gasoline and Lion Head motor oil, was driven faster for 1000 miles than any stock car in the world had ever gone before!

Here's Record-Breaking mileage with new Gilmore Red Lion gasoline and with Lion Head motor oil in the crankcase. American Automobile Association technical observers certified to these records:

- —De Soto Airflow, 23.02 miles per gallon, Portland to Eugene and return.
- —Pontiac Six, 21.1 miles per gallon, Bakersfield to Fresno and return.
- —Oldsmobile Six, 21.24 miles per gallon, Los Angeles to Calexico and return.
- —Dodge Six, 23.42 miles per gallon, Stockton to Fresno and return.

By such spectacular tests...now 231 records broken...Gilmore constantly develops and betters its products! Kelly Petillo put Gilmore against other widely known gasolines at Indianapolis ...and shattered all records!

You will win, too, if you use Gilmore Red Lion. More speed and power than you'll use in modern traffic... except when safety depends on *instant response from your throttle.* Then you'll thank Red Lion...the gasoline of champions!..Just try it!
