

COUNTY BRIEFS

Beagle

BEAGLE, June 21.—(Sp.)—Mr. and Mrs. Solie of the Meadows, and daughter, Mrs. Chas. DeArmond, visited Mr. and Mrs. Melvin Martin, above Medford, last week.

Mrs. Harper has moved to Eagle Point, to be near where her son Melvin has work. Mr. and Mrs. Hershell Harper of Sams Valley will move into the Harper home.

Mrs. Ruth Pence and son Junior of Klamath Falls visited at the home of Mrs. Pence's mother, Mrs. Blanche Sweet, last week.

Among those who attended the lecture by Mrs. Willetta at the Sams Valley Grange last Saturday were Mr. and Mrs. Floyd Satec and daughter Derva Jeanne.

Ina Pearl Lucas, who has been visiting at the O. S. Blanchard home in Willow Springs the past two weeks, returned home Sunday. Mrs. Wink, who she attended vacation Bible school.

Bert Minnick and Richard Rush attended the Montana picnic at Ashland Sunday.

Sunday evening visitors at the Sanderson home were Mr. and Mrs. M. P. Young and family of Willow Springs and Ada Waldemir and Milton Sanderson from near Medford.

A large crowd of friends and relatives of Mr. and Mrs. John Nelson (newlyweds) gathered at the Adler corner Sunday evening and surprised and chartered them at their home.

Mrs. Hill left Sunday for Portland with her daughter, who has been visiting here for several days, to make a visit in that city with relatives and friends. This trip was made by auto.

Bill and Jack Edler, Fritz Edler and daughters Moe and Joan, Ely Adams, Mr. and Mrs. B. Bischoff and family of this place and Mrs. Flora Frey of Lake Creek picnicked on the banks of Lake Creek Sunday.

Annual school election was held Monday evening, and Floyd Satec was elected director and L. P. Swanson, clerk.

All of the boys of the neighborhood are working in the several orchards, thinning fruit.

Mr. Brown had the misfortune to have a ladder fall and strike his lower arm, breaking both bones, Saturday evening.

Days and Blighams drove their cattle through here the first of the week on their way to summer range. Dell Morrison is also rounding up his cattle, getting ready to drive back.

Mrs. Willette (Grandma) of Eagle Point has been visiting at the J. L. Frink home for a few days.

Mr. and Mrs. Robert Sims were visitors at the James Martin home Tuesday.

Mrs. Sanderson received word Sunday that her aunt, Mrs. Bernard, passed away in Cornelius, Ore., Saturday. She was laid to rest in the Central Point cemetery.

Trail

TRAIL, June 21.—(Sp.)—Mr. and Mrs. H. R. Hutchinson of Seattle and Miss Olive Hutchinson of Hood River, Ore., arrived here June 13, for a visit at the S. W. Hutchinson home. Mr. and Mrs. Hutchinson will remain for a few weeks and Miss Olive will spend the summer with her grandparents.

Mr. and Mrs. Gus Disworth and daughter Evelyn, Mrs. Lillie Nichols and Jack Vaughn were dinner guests at the Ralph Watson home, June 16.

Lee Merriman is working at the forest service station on Trail creek.

Mrs. Christine Dawson and little daughter Shirley have returned to their home at Chiloquin after visiting a few weeks with Mr. and Mrs. R. Dawson.

Mr. and Mrs. Ralph Watson expect to go to the Hamaker ranger station to go to the Hamaker ranger station the last of the week to spend the summer.

Albert Hughes, who has been very ill in a sanitarium in Portland, is much better at this time.

Mrs. Lial Tucker, who is on the sick list, is a little better at this time.

At the annual school election held at the schoolhouse, June 17, Mr. Hughes was elected for another term as director and Mr. LaDue as clerk for the next school year. Consolidating with the Hatcher school was voted down; however, the Hatcher school, on the same day, voted to consolidate with the Shady Cove school.

S. W. and H. R. Hutchinson and Pink Thomason of Central Point are spending a few days at Diamond lake, fishing.

Mrs. Helen Hughes, Wanda Howe and Wayne Ash were dinner guests at Mrs. Francis Ash, June 16.

Miss Olive Hutchinson visited Miss Wanda Howe Sunday afternoon.

Mrs. Ralph Watson and son Carroll and Boyd Tucker made a business trip to Union Creek June 17.

THE GRANGE

Plans for the Pomona Grange picnic next Sunday are well under way. A basket dinner will be served in the Lithia park, Ashland, at 1:00 o'clock. Each granger attending is asked to bring enough lunch for themselves and for a few extra. The lunch will consist of hot dishes, (meat, or vegetable) sandwiches, salads, cake and cream and coffee cream. Coffee and sugar will be furnished by the Pomona grange. Each person is to bring their own table service. Home economics chairmen of various granges are to see that this menu reaches all their members.

At 2:00 o'clock a church service will be held at the band stand. Rev. D. E. Millard will take as his sermon topic "Glorious Going On." Special music will be another feature of this part of the program.

The church service hour will enable all to attend their own services in their respective churches, and then have time to reach this special service of the Pomona Grange. The meeting is open to all as well as Pomona members.

Lake Creek Grange
Lake Creek Grange is looking forward to its next regular session, June 28, when a report of the State Grange convention, recently held at McMinnville, will be given by Lecturer Julia Sidley. Miss Sidley was elected alternate delegate at a special meeting called June 7.

Last meeting was especially enjoyable from a social standpoint, although considerable business was also transacted.

In the absence of the lecturer, no prearranged program was given, but the crowd was pleasantly entertained by old-time music by Frank Simpson and Miss Moore. Delicious refreshments were served by the H. E. C.

Grange members are hoping for the speedy recovery of Mrs. Alma Meyer, who recently underwent an appendicitis operation.

Life-Saver

PITTSFIELD, Mass. (UP)—Assistant ERA Administrator Frank N. Mattoon will long be remembered for the number of lives he saved. He wouldn't allow workmen, preparing to dynamite nearby, to blast until 450 chicken and 150 pheasant eggs had hatched.

MEET the WIFE

MRS. HERVEY ALLEN

Annette Andrews Allen's romance began when she was a student at Vassar, and Hervey Allen was an instructor there. . . he wrote poems to Annette, and shortly they were married. . . Mrs. Allen is on the quiet side, a first class hostess, an omnivorous reader, and a writer of book reviews. . . These last first appeared in a Bermuda newspaper when the Allens were there writing "Anthony Adverse." . . "Allens" is correct, for although Hervey Allen did the composing, Mrs. Allen typed the script four times, no less. . . The author still cannot use a typewriter. . . The Allens were married eight years ago. . . Their two children, Marcia and Mary Ann, are with them at the Allen place in Oxford, on Maryland's eastern shore. . . Mrs. Allen's father is a lawyer. . . she was born in Syracuse. . . in spite of her literary surroundings, she likes the out of doors, especially motoring and tennis. . . she is almost 20 years younger than her husband.

MUMMIFIED MINER IN MAMMOTH CAVE IS CLUE TO PAST

Scientists Believe Man Was Pinned in Cavern Five Centuries Ago — Crude Tools Also Discovered

By HILLARD STOKES (Associated Press Staff Writer)
MAMMOTH CAVE, Ky., June 21.—(P)—From the mummified body of a lone miner, crushed long ago in a rock fall, scientists hoped today to gather clues as to the habits, learning and food of the people who inhabited America before Columbus came.

Crude tools indicate, from hasty study, that a man whose body was found recently, according to Robert P. Holland, acting representative of the national park service in charge of the park, far back in Mammoth Cave, died there some 300 years ago. Why he crawled into the cavern and what he dug for remain to be discovered.

Hurry to Scene
Alonso W. Pond, national park service archaeologist, and Louis Shellbach, assistant chief of the N. P. S. Museum, said that if research realizes the possibilities suggested by the find, it might prove a valuable clue to early life in this country. By rail and air they hurried here when advised of the find. They are not ready to give opinions yet, but from their unofficial observations, this story may be reconstructed:

Before Columbus discovered America, the prehistoric miner put away his tools of stone and flint, and crawled four miles in Mammoth Cave's blackness, with rocks for a torch. Under a five-foot rock he lay and dug, as hundreds of his race had, with what rocks came to hand.

Pinned by Rock
His blows loosed the rock. He sensed its fall, drew up his legs to leap. He was not quick enough. The rock crunched down, stopped him in midleap, jerked his elbow from its socket, snapped off his forearm, dislocated his shoulder.

He was pinned for centuries. The cave's nitrogen and steady temperature dried him where he died, so that today he is still in midleap and looks apt to complete it at any moment.

Pond and Shellbach pointed to thousands of niches in the limestone, made with crude handpicks. Rotten sandstone had dug out far back under the limestone. Pond said these argued that many Indians dug as the miner did.

FIRE SPOTTERS NEED GOOD EYES

PORTLAND, June 21.—(AP)—Special vision tests devised by the Pacific Northwest forestry experiment station will be given candidates for forest fire patrol duty this summer. Announcement that only those who have "eyes for smoke" will be accepted for duty was made here yesterday by C. J. Buck, regional forester.

"Lookouts must be able to recognize the first thin haze of smoke which precedes a conflagration," Buck stated.

To determine the distance from which applicants can see a white disc three-eighths of an inch in diameter against a dull background, the test will be conducted in bright sunlight out-of-doors. The good and excellent ratings are given those who can see the points 450 and 600 feet respectively.

Other requirements include alertness and ability to use maps, fire finders and other equipment.

NORTHWESTERN WHEAT PURCHASE AUTHORIZED

WASHINGTON, June 21.—(AP)—Senator Steiwer, (R., Ore.), said today he had been informed President Roosevelt had signed an order transferring federal emergency relief funds to the agricultural adjustment administration for the purpose of purchasing 3,000,000 bushels of surplus wheat in the Pacific northwest for use in the drought area as feed for livestock.

Short Pants

ST. LOUIS (UP)—A tennis player's breath is likely to come in short pants, but the problem confronting the park department is how short should milady's shorts be. Officials have gone "long faced" about the subject. Their best answer thus far has been a blush.

"TROUBLED WITH CONSTIPATION" FOR PAST 25 YEARS

Then ALL-BRAN Brought Welcome Relief

Read this voluntary letter from Mr. Lecour: "I have been troubled with constipation" for the past 25 years. I tried practically every cathartic without results.

"Recently, I determined to give Kellogg's ALL-BRAN a fair trial. Kellogg's ALL-BRAN has not only helped me, but I believe it is an actual relief for chronic constipation."—Mr. Henry E. Lecour, 4 Vaughan Ave., Worcester, Mass.

"Due to insufficient 'bulk' in meals, Kellogg's ALL-BRAN provides 'bulk' to aid elimination. It also furnishes vitamin B and iron.

The 'bulk' in All-Bran is gentle. Often more effective than 'bulk' in fruits and vegetables, as it does not break down within the body.

Isn't this natural food pleasant than patent medicines? Just eat two tablespoonfuls daily. If not relieved, see your doctor.

Get the red-and-green package at your grocer's. Made by Kellogg in Battle Creek.

Picnic Basket Recipes Given

Every picnicker knows that what makes the picnic either enjoyable or miserable is the food which comes out of the picnic basket—plus good luck with the weather. We can't control the weather, but the food is something else again.

Here are recipes for picnic food which will fill the hungry crowd to happy repelition—some surprise rolls with deviled ham hidden in each one—a savory meat loaf, ready to slice into sandwiches or to serve whole at lunch time—some chocolate cake to satisfy the sweet tooth of the merry-makers.

Deviled Ham Rolls
2 cups sifted flour
2 teaspoons double-acting baking powder
1/2 teaspoon salt
4 tablespoons butter or other shortening
3/4 cup milk (about)
1 cup deviled ham

Sift flour once, measure, add baking powder and salt, and sift again. Cut in shortening. Add milk gradually, stirring until soft dough is formed. Turn out on slightly floured board and knead 30 seconds, or enough to shape. Roll 1/2 inch thick and cut in 2-inch squares. Place about 1 teaspoon deviled ham in the center of each square. Fold dough over ham, pinch edges together, and shape into roll; then seal ends. Place seam-side down on ungreased baking sheet; bake in hot oven (400 degrees F.) 12 to 15 minutes. Makes 36 rolls.

Savory Meat Loaf
2 thin 2-inch slices salt pork, diced
2 pounds round beef, ground
1/2 cup quick-cooking tapioca
2 1/2 teaspoons salt
1/4 teaspoon pepper
2 cups strained canned tomatoes (juice and pulp)

Fry out salt pork, add onion, and cook until golden brown. Add pork, onion, and drippings to other ingredients and mix thoroughly. Bake in loaf pan in hot oven (450 degrees F.) 15 minutes; then decrease heat to moderate (350 degrees F.) and bake 30 minutes longer, or until done. Serve hot or cold. Garnish with parsley. Serves 10.

Chocolate Cup Cakes
1 1/2 cups sifted cake flour
1 1/2 teaspoons double-acting baking powder
1/2 teaspoon salt
1-3 cup butter or other shortening
1 cup sugar
2 eggs, well beaten
2 squares unsweetened chocolate, melted
1/2 cup milk
1 teaspoon vanilla

Off the Derby
ST. LOUIS (UP)—Tom Kearney, veteran betting commissioner, says "No more future books on the Kentucky Derby for me." He said he lost about \$5,000 on bets he accepted during the winter after the derby entrants were posted.

APPLAGATE RANGERS HAVE WIRELESS SET FOR FIRE FIGHTING

BIG APPLAGATE, June 21.—(Sp.)—A new facility in the battle against forest fires is being added at the Star Ranger station here in the form of a wireless set for transmission of messages from fire fighters located in areas inaccessible to telephone lines.

A wireless telephone has been installed at the station office, and another phone will be placed in the fire truck. The station call will be P-F-85. The wireless also will be used for communication with Mt. Isabel lookout built in the Forest Creek section late last fall, which has no outside connections with telephone lines.

Two students in forestry from Oregon State college came here recently to assume summer employment with the forest service. Alton Chase of Portland will act as truck driver and general worker about the ranger station, and Hamilton Johnson, senior student, has been placed temporarily at Wagner Gap guard station. Robert Lindsay of Eagle Point again is in charge of Antleron Butte lookout. He is accompanied by his wife and two daughters. Melvin Rowden and Ervin Lewis, local residents, have received their posts as fire guards at Sturgis Fork and Perks' pasture. Ora Phillips is employed as packer at the present.

Watered Fur
WAUKOMIS, Okla. (UP)—Members of the town council have voted salaries for themselves—payable in salary. From the city's "liquid" assets each member will receive free 1,500 gallons a month from the municipal plant.

WATERED FUR
ROCHESTER, N. Y. (UP)—Monroe county penitentiary officials have found three pardons in the institution's files which were signed by Presidents Lincoln and Johnson. One of the pardons signed by President Lincoln called for the release of a prisoner on April 15, 1865, the day the martyred president died.

HARVARD DEGREE GIVEN EINSTEIN

CAMBRIDGE, Mass., June 21.—(AP) Harvard university Thursday bestowed honorary degrees upon Albert Einstein, famous scientist, and Thomas Mann, German novelist, both living in exile from Nazi Germany. Also honored were Secretary of Agriculture Henry A. Wallace and nine others, leaders in statecraft, education and science.

The honoring of Einstein and Mann, both of whom took up residence outside their native Germany after Naziism swept that country, followed Harvard's rejection last year of a scholarship offered by Ernest F. S.

Hanfstaengl, prominent Nazi and Harvard graduate, aide of Chancellor Adolf Hitler.

California Taxes Up
SACRAMENTO, Cal. (UP)—California's barometer of better business conditions is the state sales tax of two and one-half per cent. During nearly two years of operation, there has been a constant increase in receipts until today it yields approximately \$13,000,000 a quarter. The tax represents payment of \$2.40 per quarter for each man, woman and child in the state, state tax experts estimated.

Belgium's important international trade in horses has been severely curtailed. Germany purchased 4850 Belgian horses in the last year as compared with an average of 20,000 annually before the world war.
