

GENERAL STRIKE MAY BE CALLED IN RETALIATION

(Continued from Page One)

Manned by skeleton crews, six Tacoma sawmills resumed work on a limited basis. Huge truckloads of sawdust, guarded by National Guardsmen, roared over the Eleventh street bridge which was established as a "no man's land" by the troops.

None Injured
Several hundred pickets were driven across the bridge by the state police and guardsmen early in the day. Tear bombs were discharged as far in the business district as the federal building and the pickets were broken up into small groups throughout that section of the city.

None was injured in the clash between authorities and the pickets. Several were arrested by the state police who refused to move. The situation was quiet after the pickets were driven from the bridge, but William Cole, chief of the highway patrol, said he was informed between two and three hundred outside agitators were on their way to Tacoma and would arrive either tonight or tomorrow.

Shipping halted
Meanwhile, shipping was virtually at a standstill as longshoremen refused to load ships as long as National Guardsmen are on their way to work were cleared by state police when they gazed the Eleventh street bridge, spokesmen for the dock workers asserted. The bridge crosses one section of the waterfront.

A check showed a total of 516 men went back to work in Tacoma mills. A thousand were reported employed at Bellingham.

Unrest increased both in Longview and Everett despite announcements of employers that they did not plan to reopen their plants.

Seattle and Aberdeen mill operators marked time. Sawmill and timber workers at Aberdeen announced they had voted 970 to 57 last night to remain on strike until "just demands and union recognition" are granted.

OLYMPIA, Wash., June 24.—(AP)—California and Washington National Guardsmen stood ready today to prevent rioting and insure that lumber mill workers could return to work in Tacoma, Wash., and Eureka, Calif. "K" clubs in the northwest strike.

Gov. Clarence D. Martin of Washington, last night instructed Maurice Thompson, the adjutant general of Washington, to send troops to Tacoma, after Mayor George Smitley informed the governor that the local authorities and the state police were unable to cope with the situation.

He transmitted the order to Camp Murray, summer encampment of Washington, Oregon, Idaho, and Montana Guardsmen, between here and Tacoma, after he and Gen. Chas. H. Martin, governor of Oregon, had reviewed the troops and conferred on the strike situation. It was estimated 300 guardsmen were ordered to Tacoma.

The Oregon governor left immediately for home, after promising "cooperation." It was reported at the capital here.

Meantime, Eureka's National Guard infantry company of 60 men, were mobilized at their armory, and guard units at Chico, Santa Rosa and Sacramento, were "on call" after Friday's riot, costing one life and the injury of ten persons by police fire. Agitators were reported moving on Eureka.

SALEM, June 24.—(AP)—Governor Charles H. Martin remained in Olympia several hours today to continue conferences with Governor Clarence D. Martin of Washington on the lumber strike situation and to observe the result of orders for National Guardsmen to go to Tacoma, issued late last night.

The two Governors Martin conversed about the strike during the review of the 41st division of the National Guard from Oregon, Washington and Idaho at Fort Lewis yesterday, and met again at Olympia last night and this morning. It was reported both executives were in accord in a move to protect workers desiring to return to lumber mills.

Corbett Returns
While Oregon's governor was at Olympia and Fort Lewis the past few days, Harry L. Corbett, president of the senate, was chief executive. However, Martin kept in close touch with the strike situation in Portland by phone. He was due back in Portland early this afternoon but was not expected back at the capitol until tonight.

Upon his return here it was intimated the governor will have a statement to make. He was to look over the situation in Portland despite the altered plans of mill owners to delay a forced reopening, set for today.

Oregon's Martin at a dinner for Oregon visitors to the National Guard review last night reiterated his determination to eliminate intimidation of workers and to maintain law and order. He addressed a group of several hundred people at Camp Murray, including many distinguished guests.

Hints Troop Use
"You people here today have seen a grand spectacle," he said, referring to the review in which nearly 7,000 National Guardsmen marched, including 2,600 men from Oregon. "You have seen what Oregon has in the locker, and if necessary we will use this force to maintain law and order. It will only be a last resort, but you can see what this last resort can accomplish."

To Re-Open Mill
VANCOUVER, Wash., June 24.—(AP)—Plans for reopening the Vancouver Plywood and Veneer company mill here tomorrow were going forward today as millwrights and mechanics went to work getting equipment in order. The mill, employing normally 600 men, has been closed for several weeks by the lumber strike.

CIVIL WAR VETS LAST ENCAMPMENT

The dwindling membership of the Oregon department of the G. A. R. met in Portland for its last encampment. Tobacco chewing J. M. Griffith, 102 (right), reviewing the parade with D. W. Butler (left) and John H. Bliss. (Associated Press Photo)

PATTERN MAKING NEAR COMPLETION

The series of meetings on the construction and completion of guide patterns that were scheduled by Mrs. Mabel C. Mack, county home demonstration agent, in the home extension units of the county for the month of June will be completed this week. These demonstrations are given by Mrs. Imogene Smith and Mrs. Iltia Myers. The meetings have been well attended and many guide patterns have been completed. The fall clothing program will continue with the use of the guide patterns in pattern drafting and clothing construction, but will not repeat the work on guide pattern construction. Therefore, Mrs. Mack urges that all home-makers interested in making a guide pattern attend the meetings now being held. Meetings are held from 9:00 a. m. to 5:00 p. m. The schedule for this week is:

- June 25, Trail unit at the home of Mrs. E. E. Ash.
- June 26, Howard unit at the Howard school.
- June 27, Rogue River unit at Community hall.
- June 28, Applegate unit at Applegate school.

'LUCKY 13' MINE SUIT NEARS COURT

The suit of George M. Roberts and other shareholders of the 'Lucky 13' mine against W. E. (Jed) Hittson, for an accounting of gold, and other relief, will be heard before Judge Carl E. Wimberly of Douglas county, Hittson through counsel has filed an affidavit of prejudice against Circuit Judge H. D. Norton. Judge Wimberly is scheduled to hold court in this city the week of July 8. It is anticipated that the case will be set for hearing at that time.

Hittson is said in the complaint to have taken from the 'Lucky 13' claims upwards of \$50,000 in gold last winter. The plaintiffs claim an interest in the claims and that Hittson acted without authority of other shareholders in the shipping of the gold to the San Francisco mine.

The mine is located just over the Oregon state line in Siskiyou county, California. Other phases of the litigation are pending in the Siskiyou county superior court, and is scheduled to be heard next September.

ANTI-NARCOTICS LECTURE SLATED

Appearing under the auspices of the ministerial union, Earl A. Rowell, noted authority on the evils of narcotics, will lecture at the Eagle hall here July 10. Mr. Rowell has devoted over thirty years to the battle against "dope," and is now centering his efforts particularly on an educational program among children.

A small admission charge will be made for the lecture and the proceeds will be used in additional educational work among high school children here, the announcement today stated.

Interesting and instructive slides are used to illustrate the lecture.

HIGH TRANSCRIPT READY FOR FILING

Transcript of the evidence in the appeal of George A. High, and Robert N. (Babe) High, of Ashland under four year sentences in state prison, for conviction of burning the Balfour-Guthrie barn near Ashland for \$18,000 insurance will be filed today, it was announced by their attorneys. Final date for filing the supreme court appeal is July 1 next.

MINING RELIEF ACT IN EFFECT JULY 1

The mining act passed by congress and signed by the president, providing for suspension of annual assessment work on mining claims, "held" by location in the United States," becomes effective at noon July 1.

The act is of interest to scores of miners in Jackson county and southern Oregon.

Four clauses in the act particularly interesting to miners are:

- (1) Those persons or firms who were liable for the payment of federal income tax for the calendar year 1934, must do assessment work this year on mining claims in which they hold an interest.
- (2) A notice to hold claims under benefit of this moratorium must be filed by noon, July 1, 1935; said notice also to contain a statement of income tax non-liability.
- (3) Such suspension does not apply to more than six lode claims held by an association; nor to more than 120 acres in placer claims by an individual or 240 acres by an association.
- (4) 12:00 o'clock M. July 1st means 12 o'clock Meridian (noon) not midnight.

EXTENSION UNITS OUTLINE PROGRAM

Mrs. Mabel C. Mack, county home demonstration agent, will meet with home extension units of Jackson county in June and July for the purpose of planning the community program for the year 1935-36 and installation of new officers of the units and completion of individual co-operators reports.

It is very important that all members of the home extension units attend these meetings, Mrs. Mack stated, in order to assist in planning the program for the coming year and to complete their reports of project work carried on during 1934-35. The schedule for this week includes the following meetings:

- June 25, Bellview Ext. unit at the clubhouse.
- June 27, Sams Valley Ext. unit at the Sams Valley school.
- June 27, Oak Grove Ext. unit at the Oak Grove school.
- The Sams Valley unit will meet at 11:00 a. m., and all others will meet at 1:30 p. m.

TOMATO SUIT DECIDED IN FAVOR OF BARNES

In the civil suit of Madeline D. Barnes and wife, against the Hagley Canning company, for collection of money, assertedly due for delivery of tomatoes to the cannery, a circuit court jury last week returned a verdict in favor of the Barnes. The award was for \$136.43. The plaintiff sought \$145.75. Charles Boussan of this city was foreman of the jury.

The cannery contended in defense, they had delivered the tomato plants to a third party who transferred the crop to Barnes, and that the third party had been paid for them.

The tomatoes were delivered to the cannery last summer, the complaint stated.

OFFICER BLODGETT TO GRANTS PASS STATION

State Police Officer J. C. Blodgett, who has been on duty in this district since last September, has been transferred to Grants Pass, where he will be connected with the game law department of the state police, replacing Officer Malcolm, who has been ordered to Burns for duty in this station.

Replacing Blodgett in this district will be Julius C. Johnson, who comes here from McMinnville. Johnson's family will arrive in this city today or tomorrow, and the Blodgett family has already moved to Grants Pass.

ROOSEVELT WANTS WEALTH TAX BILL PRESENT SESSION

(Continued from Page One)

The "nuisance" tax resolution would lead to indefinite delay, leaders here urged against such action. Most of the new levies expire June 30 and the leaders want them renewed before that time.

Speaking for a sizeable group in both parties, La Follette said he would offer amendments to raise an estimated \$500,000,000 to \$1,000,000,000 of revenue "unless we can get a definite assurance that a separate bill is going to be passed."

La Follette was "encouraged" over the outlook, especially since Borah, Idaho Republican and often a critic of the new deal, came out for the president's recommendations for an inheritance tax, and higher levies on large individual and corporation incomes.

In a formal statement last night, Borah described the proposals as "not only sound economically, but sound in morals."

He did not see them as a "snake-the-rich" or "share-the-wealth" idea, but rather as a "share-the-burden-of-government program."

BIG TURKEY CROP IN MEDFORD AREA

There will be a large crop of turkeys in Jackson county this season, according to County Agent Robert G. Fowler, who says there is a large hatch in this section, as well as in the entire Pacific coast area. The local turkey hatch is well distributed over the entire county, according to Fowler. The young turkeys are now scratching for themselves in the newly thrashed grain fields. Conditions this spring were good for the young turkeys to survive.

The raspberry crop of the valley is ripening, and picking will start this week. There will be a large crop in all sections of the county. Canning of cherries will start to-

morrow at the Rogue River Canning company. The crop this year is light, the county agent says.

CCC WORKER DIES IN TRUCK SMASHUP

WALLACE, Idaho, June 24.—(AP)—

With one exception, eight civilian conservation corps workers badly hurt when a truck carrying them to a camp left the highway and plunged down a mountainside near here yesterday, were reported to be recovering in a hospital here today.

Creath Cupp, 19, of Huntington, West Virginia, was killed outright, and 11 youths suffered cuts, bruises and shock. Four escaped injury.

Ernest Sprague, 18, of Charleston, West Virginia, was in the most critical condition this morning. His skull was fractured, and he was badly bruised and cut. He had not regained consciousness today, and surgeons said his condition was critical.

The injured youths were from Indiana, West Virginia and Ohio.

PORTLAND TO SEE SOLDIERS PARADE

PORTLAND, June 24.—(AP)—

Toughened by a fortnight of intensive maneuvers at Fort Lewis, where the 41st division was put through its paces in the greatest concentration of National Guard units since 1917, the Oregon National Guard, 3100 strong, will parade through Portland streets tomorrow.

Starting at 2 p. m., residents of the city will see in parade the entire guard organization, an efficient fighting force built up under the national defense act of 1930 to protect the state and the nation from disorder threatening government.

The troops will reach Portland about noon. The trip from Fort Lewis will be made into the motor convoy of 100 cars, which will be in the line of march.

PERFECT PERFORMANCE ON MAY AIR SCHEDULE

Flying every one of the 235,977 miles scheduled for them on the coast, planes of United Air Lines op-

erating between Medford, British Columbia and San Diego achieved a perfect performance record in May. It was reported today by L. G. Devaney, field manager of the company here. This showing included both day and overnight flights, Devaney said.

TOOTHACHE MAY HALT FLYING BROTHERS IN ENDURANCE ATTEMPT

PORTLAND, June 24.—(AP)—

Ground observers worried over a toothache suffered by one of the flying Keys today and wondered if it would force a landing of the plane "Ole Miss" just three days short of a world's endurance flying record.

Al Key, who with his brother, Fred Key, is seeking to set a new mark, messaged shortly before midnight that the pain was so severe that he wanted to jump out of the plane, even without a parachute.

His plea to tie a rope around a dentist and lower him into the Ole Miss was laughed at yesterday, but it wasn't taken as a joke today. Key has lanced his jaw in an effort to relieve the pain.

The Keys went aloft on June 4, 20 days ago, and must remain in the air until 13 minutes and 30 seconds past 2:00 p. m. Thursday to set a new record.

The present record of 583 hours, 42 minutes and 30 seconds was set July 4, 1930, by John and Kenneth Hunter at Chicago.

PORTRAIT ON CARD SOLD FOR \$30,600

LONDON, June 24.—(AP)—

The "portrait of Mrs. Pemberton," which Hans Holbein painted on the back of a playing card during the reign of Henry VIII, realizes 5900 guineas—about \$30,600—today when it was sold in the course of an auction of J. P. Morgan's collection of miniatures.

Lord Dueren bought the tiny miniature, bringing the total value of the sales, up to that moment, to 16,688 guineas—about \$85,500.

La Grande Expands
LA GRANDE, Ore., June 24.—(AP)—

La Grande will have a junior high school next fall, Superintendent of Schools A. L. Grallapp said today.

60 UPSTAIRS, MARY, AND VISIT WITH GRANDPA A LITTLE. HE GETS LONELY ALL BY HIMSELF.

OH, DEAR, IT'S STUFFY IN GRANDPA'S ROOM—AND GRANDPA'S NOT VERY CAREFUL ABOUT....

NEXT DAY
NO, BOBBY, WHEN YOU GET OLD YOU'RE NOT WANTED. FOLKS DON'T LIKE YOU AND....

AW GEE, GRAMPA, WE DO LIKE YOU! IT'S JUST YOUR "B.O." WE DON'T LIKE, SAY, LEMME GIVE YOU MY CAKE OF LIFEBOUY AND....

I'll tell you what makes my skin so soft and smooth, Grandpa

So Grandpa became a Lifebuoy user—and what a difference for everybody

"B.O.'GONE — he's welcome now!"
YOU STAY HOME TONIGHT? NO, SIR! YOU'RE COMING AND YOU'LL BE THE LIFE OF THE PARTY

It's a secret millions of Lifebuoy users know. Complexions thrive on gentle, deep-cleaning Lifebuoy lather. Dullness gives way to clear, healthy radiance. Tests on the skins of hundreds of women show Lifebuoy is more than 20 per cent milder than many so-called "beauty soaps".... We all perspire. We all may offend. Play safe with "B. O." (body odor). Bathe often with rich lathering Lifebuoy. It purifies and *deodorizes* pores. Its own clean scent rinses away.
