Mrs. Owen, the former Josephine Sheldon Edmonds of South Bridge, Mass., had been in poor health for several years. They were married in June, 1888.

BUTTER MARKET GROWING WEAKER

PORTLAND, Ore., June 25.—(AP)—Market for butter reflected the growing weakness suggested not only locally but through the country generally. Losses of 1/2 to 1 cent were scored in the cube trade during the late session of the produce exchange.

Cut of 1 cent in the buying price on butterfat automatically follows the slash in butter. Steadiness continued to be shown in the local egg trade. No price changes were showing either for buying or selling within the local territory.

Even though there was no change in the general cheese market, a cut of 1 cent a pound was shown for Oregon triplets and loaf on the exchange during the late session. No cut was made by Tillamook.

Here Wednesday
Dealing with a death ray which can cause destruction from almost any distance, "Air Hawks" featuring Ralph Bellamy, Wiley Post and Tala Birell, comes to the Craterian theater for tomorrow only.

The story concerns two rival airlines, one headed by Ralph Bellamy, competing for lucrative airmail contracts. Bellamy's rival employs a mad scientist who has perfected an infamously electric beam into the skies to bring down, flaming, the planes of Bellamy's company. The source of the subsequent disasters is unknown to Bellamy, but when the courage of the girl he loves and his own reckless daring merge to battle the hidden enemy, the executioner of the skies goes down before the onslaught in a novel climax.

Tala Birell is seen as the girl who helps Ralph Bellamy avenge the death of his flying buddies. Wiley Post, famous round-the-world flier, is seen in "Air Hawks" as himself. His recent unsuccessful attempt at a new trans-continental speed record is featured in the film, where special scenes were needed for a stratosphere flight. Post portrays one of the pilots in Bellamy's airline.
