Special Service Sunday Night At First Methodist

A service of unusual interest to churchgoers will be featured Sunday night at the First Methodist church. The service, last one of the church year, and designed especially to be of interest to every member of the family and of particular interest to children and young people, will begin with a candlelight worship service with Donald Huckabee providing special organ music. Following the candlelight service the lights will be turned on and the service will take on a joyful and informal mood as the children's chorus is presented in a rousing medley of songs.

Proceeding the sermonette the adult choir, directed by Prof. Cameron Marshall, will sing "The Prayer of the Penitent," an anthem arrangement of the old favorite Londonery air. "Can You Take It?" is the subject of the 15-minute sermonette. Rose Knotts is filling the pulpit in the absence of the pastor. At the close of the service Professor Marshall will sing "The Old Rugged Cross."

After the benediction the entire congregation is invited into the church parlors for an old-fashioned hymn sing.

Agents dynamited still HAMMONTON, N. J.—(UP)—Federal and state agents accepted an invitation to raid a still near here and expressed their thanks with a charge of dynamite. A sign at the plant read, "Here lies Old Ironsides. Come on, federals, and get it."

Weds. Lieut. Reynolds Blight
 A lovely June wedding which holds the interest of the army circle took place Wednesday afternoon at 4:30 o'clock at St. Mark's Episcopal church, uniting Miss Florence Cooper, daughter of Mr. and Mrs. Chas. W. Cooper of Los Angeles, and Lieut. Reynolds Blight of the Medford district of the Civilian Conservation corps, son of Mr. and Mrs. R. E. Blight of Los Angeles.

The bridal party entered to the Lohengrin Wedding March, played by Mrs. Eva Marsh, and made their wedding vows in the impressive Episcopal wedding service read by the Rev. E. S. Barham, rector of St. Mark's church. Preceding the service organ numbers were "The Prize Song from Meistersinger" and "The Evening Star from Tannhauser."

The bride was charmingly attired in white satin with train and veil, carrying a shower bouquet of white blossoms. Miss Betty Fitzgerald of Berkeley, Cal., who was her maid of honor, wore an afternoon gown of pale yellow. She carried a bouquet of gladioli. Lieut. Blight, a young man of Happy Camp, Cal., was best man.

The 25 guests in attendance included the bride's parents, and members of the army circle.

From Fruit to Jelly and Jam In Twelve Easy Steps

THE above "jelly ring" shows pictorially how any housewife—or her daughter—can make jelly or jam in practically no time at all. It's easy, it's interesting, and the result will be gratifying to the entire family. Here are the 12 easy steps: (1) Wash fresh fruit in colander. (2) For jam, grind fruit through meat chopper. (3) For jelly, press the fruit through a wet flannel cloth with a potato masher. (4) Sterilize jelly glasses. (5) Heat paraffin in a teapot over hot water. (6) Measure fruit or juice and sugar accurately. (7) Add sugar to prepared fruit or fruit juice, mixing thoroughly. (8) Stir while the mixture comes to a tumbling boil. (9) For jelly, add bottled fruit pectin as soon as the mixture boils. For jam, cook fruit and sugar mixture until it reaches a full rolling boil, stir constantly for exact time specified; then remove from fire and stir in bottled fruit pectin. (10) Skim the jelly with metal spoon. (11) Pour the hot jam or hot jelly into sterilized glasses. (12) Paraffin hot jelly and jam at once.

And there you have it—delicious, fragrant jelly or jam to tickle the palates of the whole household.

LUMBER OUTPUT HALF OF NORMAL

SEATTLE, June 28.—(AP)—The West Coast Lumbermen's association announced that lumber production reported by member mills has increased 55 per cent since the season's low May 29, but still is approximately half the average weekly production since January 1.

"More mills are operating each week, and several have opened double shifts since the strike started," it is announced in a weekly business bulletin. "Operating mills, most of which are in Oregon, generally report full-time schedules."

Last week's production, reported by 519 down and operating mills, was 35,563,877 board feet, a gain of about 1,600,000 over the previous week. The season's low mark was set the week ending May 29, with an output of but 22,900,000.

The average weekly production this year has been 71,088,326 feet against an average of 79,548,889 feet for the same period of last year.
